Friday Xmas Ale Pub Crawl

Dear St. Arnold's Army:

Ho! Ho! Ho!

This Friday, November 10 will be our 6th annual Christmas Ale Pub Crawl! And for the survivors, you will be mugged. That is, you will receive a free St. Arnold mug. To qualify, all you have to do is make it to four of the stops. This is always a fun event, but we also have a list of suggestions for all participants for maximum enjoyment. But first, where will it be? Well, it cannot be preannounced to specific bars, but here is the general info:

We will be in the Greater Rice Village Area.

We will begin at 6:00 pm. We will gather immediately before the crawl at the parking lot on the south side of Bissonnet just east of Kirby, next to the Chevron Station. The parking lot has a sign that says Wayland Properties (or something very close to that). We will look for a bar near there to start. Hopefully the Bentley will be parked obviously everywhere we go.

At 7:00, we will proceed eastward on Bissonnet. At 8:00, we will proceed south on Morningside, turning right on Quemby. At 9:00, we will proceed south on Kirby a block or so. At 10:00, we will proceed further south down Kirby, then left on Rice. At 11:00, we will proceed east on University, then take a right on Morningside. For this finale, we'll do a couple of bars at once on Morningside.

The Hotline numbers to try to hook up with us during the crawl are: 713-202-4557 and 281-686-5090. Use this if hopelessly lost.

Now, for the tips for maximum enjoyment:

1. PRECOATING: Try to eat something before commencing the crawl. 2. PACING: Too many Christmas Ales at the first stop is a critical strategic mistake. This is known as "Sprinting Too Early" which is not advisable in this, a distance event. Can have negative repercussions later. 3. MANNERS: Be patient with bar staff. Remember, 100 or so people just descended upon some poor, unsuspecting crew. They will be working as fast as they can, but they won't have 10 people serving us as there will probably not be another mass of jubilant humanity arriving upon our departure. This is also sometimes referred to as the "Bum Rush", but in our case, it is the "Saintly Rush". 4. BUDDY SYSTEM: Make sure that you are always in contact with a couple of people you know. One of you is bound to notice that the pack is starting to move on to the next stop. This prevents the disoriented feeling of looking around an empty bar and realizing that the only three people still in there are guzzling some inferior malted beverage and may be related to the missing link. 5. MAKE NEW FRIENDS: As everyone on this crawl will be intelligent and good looking, this is an excellent place to meet new people. Also, you will note that some people become better looking as the crawl wears on. If this occurs, be sure to consult your Buddy System partner. 6. DESIGNATED DRIVER: Yes, we encourage this strongly. You never know when you might decide to run for president. And even the designated drivers on the crawl qualify for the mug. While pregnant wives are perfect for this role, it is known to be poor judgment for a husband to claim that this is the best part of her being pregnant. See "Mood Swings." 7. ENJOY ST. ARNOLD'S BEERS: It is in poor taste to be seen quaffing anything else. Ever. See "Curse of Saint Arnold."

We look forward to seeing y'all out there. Feel free to dress like Santa, St. Arnold or Rudolph. Actually, not like Rudolph. Deer season just opened.

Cheers,

Brock, David, Frank (both), James, Jamie, Jesse, Pete aka the Brew Crew!

PS: Want to sell St. Arnold's or know someone that does? Our distributor, Glazers, is hiring for a couple of positions in their beer department. I'm not sure what they all are, but they are probably looking for a salesman, keg delivery driver and service tech/line cleaner. Anyone who is interested should call Leroy Krischke at 713-578-1610 or Mike Allison at 713-795-4454.

Respond today to this FREE Trial Offer!

Dear Colleague:

Energy Argus has just launched two new bi-monthly publications that focus on the European and Asian energy markets - Argus Power Europe and Argus Asia Gas & Power.

AND - we'd like to offer you a FREE no-obligation trial to both!

Why Argus Power Europe and Argus Asia Gas & Power?

Because you need to know what's going on in the international markets. These markets are deregulating and expanding, causing opportunities overseas - and threatening to steal away your own domestic opportunities as well. Now more than ever, you need to be in the know and stay ahead of your competition and to take advantage of these new business opportunities.

Argus Power Europe covers these essential issues:

Consolidation - who's buying what, and why; New developments - who's building what and when -and what equipment they need; Price trends and analysis; Analysis of the differences in the European markets - from the Nordic market's complex structure and the dominant UK and German markets to the EU expansion's impact on new markets in the Czech Republic, Hungary and Poland. Much, much more!

Argus Asia Gas & Power covers the electricity and natural gas markets in Asia - from upstream to downstream.

It's power coverage focuses on restructuring, financing, competition and demand (both residential and commercial). It's gas coverage focuses on supply to and from the Asia region - including proposals to ship for the first time liquefied natural gas from Asia and Australia to the US West Coast, a development that may have a serious impact on the US's involvement in the region's gas industry. Our news coverage also details new developments - who's building what and when -and what equipment they need;

SIGN UP TODAY!

To start your FREE, no-obligation trial to one or both newsletters, just reply to this email and let us know which one(s) you'd like to receive! rlippock@energyargus.com <<mailto:rlippock@energyargus.com>> .

Xmas List & Something Tonight

Sender	brewery@saintarnold.com
Recipients	['beerlovers@saintarnold.com']
File	bass-e/discussion_threads/1195.

Dear Santa Claus:

We were good boys and girls last year, so please don't bring us a lump of coal again. If you feel the need to bring us something black, the Saint Arnold Winter Stout will be available before Christmas. If you take them out of the six pack, they will fit into our stockings, but please let us know so we can reinforce the hooks our stockings hang on. Here are some other things on our Christmas list. Some are events that we would like all of our friends to attend.

What I want for Christmas:

1. A case of Christmas Ale, but please buy it quickly because the distributor only has a week of inventory left right now. That won't last until Christmas. I understand that there may be a deal on it at a large warehouse store, but I'm not allowed to tell you where. Do you remember the name of the protagonist of "Green Eggs and Ham"?
2. All my friends to come to our Toys for Tots Bratwurst Promotion Friday, December 8 at the Midtown Station, 2306 Brazos, 713-522-1041. It is from 6pm-9pm. Bring an unwrapped toy. The Marines will be there (they administer the program) to collect the toys for the underprivileged. Everyone should make a point of doing something charitable during the holiday season. It will make you enjoy it even more.
3. A new St. Arnold Wants You t-shirt. All my friends already have one.
4. All my friends to come to the 6th Annual Celtic Christmas at the Garden in the Heights, Sunday, December 17 from 12:00 noon - 11:00 pm. If you bring this email with you, you get a \$2 discount off the door price. Regular prices: \$12.00 at the door, \$8.00 advance, children 12 and under are admitted free. Entertainment: Seven Nations, The Flying Fish Sailors, Godfreys Rangers, Celtic Rebellion Dancers, The Battle of the Oak King & the Holly King.
5. A new St. Arnold fishing hat. You know, the floppy canvas type with an embroidered St. Arnold logo on it. It's the height of fashion.
6. A president-elect.
7. A six-pack of Amber Ale every week of the year.
8. A (choose one) nubile young lady or strapping young buck to rub scented massage oil into my shoulders.
9. A warm St. Arnold sweatshirt to wear on these cold, December nights in case you don't bring me number 8.
10. A Merry Christmas, Happy Hanukkah, or Jolly Kwaanza and a Happy New Year.

Love,

Saint Arnold's Army

Saint Arnold Brewing Company 2522 Fairway Park Dr. Houston, TX 77092 713-686-9494 phone 713-686-9474 fax

Enron and Andersen Consulting are proud to sponsor the 2nd Annual Aggie-Longhorn Flag Football Challenge on Saturday, November 18. The purpose of this event is to raise money for both schools, and to enjoy the competitive spirit of the third oldest rivalry in college football. This year's game marks the 107th meeting between Texas A&M University and The University of Texas, and, with a little luck, the Big 12 South Title will be on the line!

Enron and Andersen Consulting are sponsoring the event, but we need your help as participants and fundraisers. Contributions raised will benefit the general scholarship fund for each school.

The details: Date: Saturday, November 18th

Time: 10:00 a.m. - approximately 4 p.m. (Warm up is at 9:30 am)

Location: Stratford High School Practice Fields (just off Dairy Ashford, south of I-10)

Food and Drinks: Schulze's BBQ (FREE - courtesy of Enron)

Eligibility: Full-time employees and/or their spouses (Players must have graduated from Texas A&M or The University of Texas)

Team Jerseys: Provided by Enron and Andersen Consulting

Format: 7 players with at least 1 female player on the field at all times

Team Size: Recommend 8-10 players per team (no more than 10 per team) Contact the team captains to sign-up. (Sign-up now to ensure your place on a team)

Prizes: Winning team receives 16 tickets to the A&M/UT game in Austin on Friday, November 24 Winning team also owns the "Horns Down/Horns Up" trophy until next year!

Fundraising Goal The committee has set a goal of raising \$16,000 for each school. This will require a contribution of \$2,000 per team, plus an equal amount from corporate matching funds.

Last year's event featured a last-minute comeback as the Enron Aggies Team defeated the Enron Longhorns Team 1 for the championship and took home the tickets and the trophy. This year, expect the Longhorns (and Andersen Consulting) to come in with revenge on their minds!

Thanks to the gracious gift from the UT Alumni, who redirected their donations to the A&M Foundation, we were able to permanently endow scholarships dedicated to the memory of the 12 Aggies who died in last year's

Bonfire collapse. We believe this event is a great tradition for both companies, and we are pleased to be able to raise important funds for both institutions.

If you are interested in participating or otherwise being involved, you must contact one of the team captains below by the close of business on Friday, November 3 (phone or email). Team rosters will be filled on a first-come, first-served basis.

Aggies Longhorns Brad Mauritzen x33272 Webb Jennings x31944 Russ Porter x58410 Michael Simmons x37942

Hey, Eric. How are things in Houston? I can't believe everything that's going on at Enron right now. Who ever would have thought Enron would be appealing to Dynegy to buy them? I'm sure things are pretty crazy right now. Are you planning to stay on if this goes through? Not too much new to report here. Classes are going well, but they're keeping me busy as usual. It's starting to get really cold here, so I'm going to miss the Houston winter. I just got an email from Ashley that he and Lani got engaged a couple of days ago. I doubt you see them too often, but I thought you'd be interested. Hope things are going well for you.

Brian. Things are pretty hectic right now. There is a lot of uncertainty about the future. Dynegy acquired Enron (it is so odd to say that) for its trading business and EES so I think my position is safe for the time being. Up until the acquisition was formalized it was pretty depressing at work, but things have started to pick up again. I am glad to hear that classes are going well - keep the seat next to you warm because I may be forced up there pretty soon. Of course, now that Enron's name has been dragged through the mud it will probably be a little more difficult to go to a good B-school. Good luck on finals and keep in touch.

Your Pal,

Eric

Eric,

Good to hear from you. Hope you had a good Christmas and New Year's vacation. I just got back to Boston last night. I was in KY until the 30th then went skiing in Colorado (Copper and Winter Park) with some friends from here. The snow wasn't great at Copper, but Winter Park was great and snowed the entire time we were there. It's nice to be back at school, but I'm not looking forward to studying again. Crossword puzzles and mutual fund research sound glorious right now. Finals weren't too bad at all. Normal classes are pretty intense, so there isn't much you can do in the way of preparation except relax and get plenty of sleep.

Glad to hear that you still have a job. I've been keeping up with Enron in the papers. What's the latest on the trading division sale? I knew that Citigroup had made a bid, but is anyone else expected to come in? Summer internship interviews are coming up, so I'm sure I'll have plenty to talk about with Enron on my resume. How are all of our friends making out? I got an email from Plauche that he had been laid off. What about Lenhart, Boucher, Chad, and everyone else?

My dentist is Brian Kilgore, whom I liked very much. He's out on I-10 and the Beltway. He referred me to Thomas Weiler for the wisdom teeth surgery. I think he's covered under the Enron dental plan, too.

Enjoy the downtime while you have it. Say hello to your family for me.

To find out more email: rlippock@energyargus.com <<mailto:rlippock@energyargus.com>>

or telephone: 202-775-0240 ext 304 Refinery Turnarounds: The Latest on Refinery Maintenance!

Dear Colleague:

Petroleum Argus has in-depth information for you on refinery maintenance!

Petroleum Argus' Refinery Turnarounds service offers the latest information on scheduled and unscheduled maintenance, detailing the unit size and duration of the turnaround - for both domestic and international plants. We also analyze the impact of shutdowns on crude and product prices.

How do we get this information?

Petroleum Argus has scores of reporters all over the globe - so we get the inside track on these turnarounds well before they are announced. We talk not only to the plant managers, but also to traders and oil company inside sources.

Petroleum Argus publishes a variety of petroleum industry publications - from the industry standards Weekly Petroleum Argus and Argus Global Markets to Argus LatAm Energy, Argus Crude and Argus Asphalt Report - giving us a thorough understanding of the industry and reliable contacts cultivated from having over 30 years of petroleum industry experience.

You need this information!

If you are a trader: You need to know what affect these turnarounds will have on market prices. One turnaround can have a major impact on the market - we give you advanced warning so you can protect yourself. If you produce crude or market products: These turnarounds directly affect your margins - you need to know when they occur in order to accurately assess your best supply and demand strategies. If you service the industry: This information is vital, giving you the inside track to equipment and service opportunities well before the competition learns of them. If you analyze market trends or forecast prices: You must have accurate maintenance data if your forecasts and analysis are to be accurate.

"HOW THE GOREINCH STOLE THE ELECTION"

Can we count them with our nose? Can we count them with our toes?

Should we count them with a band? Should we count them all by hand? If I

do not like the count, I will simply throw them out! I will not let this vote count stand I do not like them, AL GORE
I am!

Can we change these numbers here? Can we change them, calm my fears?

What do you mean, Dubya has won? This is not fair, this is not fun
Lets

count them upside down this time Lets count until the state is mine!

I will not let this VOTE count stand! I do not like it, AL GORE
I am!

I'm really ticked, I'm in a snit! You have not heard the last of it!

I'll count the ballots one by one And hold each one up to the sun!
I'll

count, recount, and count some more! You'll grow to hate this little chore

But I will not, cannot let this vote count stand! I do not like it, Al

rear! Tipper, Hillary, and Bubba too, all telling me that I should sue!

We find the Electoral College vile! RECOUNT the votes until I smile!

We do not want this vote to stand! We do not like it, AL GORE I am!

How shall we count this ballot box? Let's count it standing in our socks! Shall we count this one in a tree? And who shall count it, you or me? We cannot, cannot count enough! We must not stop, we must be tough!

I do not want this vote to stand! I do not like it AL GORE I am! I've counted till my fingers bleed! And still can't fulfill my counting need! I'll count the tiles on the floor! I'll count, and count, and count some more! And I will not say that I am done! Until the counting says I've won! I will not let this vote count stand! I do not like it, AL GORE I am!

What's that? What? What are you trying to say? You think the current count should stay? You do not like my counting scheme? It makes you tense, gives you bad dreams? Foolish people, you're wrong you'll see!

You're only care should be for me! I WILL NOT LET THIS VOTE COUNT STAND! I DO NOT LIKE IT. AND AL GORE I AM!

Hey Brian,

The auction process concludes today and we should no who the winning bid is tomorrow. It looks like it will be either UBS or Citigroup. As far as our friends go: Bryan Hull got laid off and is looking for a job - he actually got offered to move back to risk but decided not to take the job b/c he thought he had something else in the bag - it turned out that he didn't; Matt

Lenhart - is still here and is in the same boat as I am; Tim Boucher - is still here and is handling the liquidation of EES' retail book - he may or may not continue on with EES depending on whether or not another company is willing to take a chance on EES - apparently there are some pkg deals in the works - he is also interviewing with other companies; Chad got laid off and is touring Europe for a month; Gillette got laid off and moved to India to teach English to young Indians (how crazy is she?); and Shanna still has a job at Enron in tax (the gov't always gets there \$\$) she is also looking for another job.

I think that just about covers everything. I am sure that you have talked to Lenny and know his situation. How is Hector holding up? I never hear anything from him - tell him I said hello.

BTW, Jason (my bro) get married in February.

Keep in touch- Eric

An estimated 25,000 people stood in a driving rainstorm in temperatures of= =20 35 degrees at 2:42 a.m. on Nov. 18, 2000. They represented Aggies everywhe= re=20 in remembering the 12 Aggies who died and the 27 who were injured during t= he=20 40 minute candlelight memorial ceremony that marked the first anniversary = of=20 last year=01,s tragic Bonfire collapse.=20

In the center of the Polo Field stood a two-tiered white platform surround= ed=20 by rows of maroon chairs. The first level was lined with "pots," the=20 hardhats used by Aggies while working on the Bonfire stack. The second lev= el=20

consisted of 12 maroon and white candles surrounding a black pipe in the center that when lighted produced the memorial flame. Seated around the platform, in 12 separate groups, were the families of the 12 Aggies who died. Behind each set of seats stood a 5- to 6-foot wood pillar listing each victim's name and their graduation year.

As the ceremony commenced at exactly 2:42 a.m., lights on the polo fields were turned off and the memorial flame was lighted. As the roll call was read over loud speakers for each deceased Aggie, a single cannon salute roared into the night. Due to the heavy rains the candles were not lighted. After bagpipes played "Amazing Grace," the ceremony ended as these words sounded over the loudspeakers: "We will remember them."

Of special note, as the crowd began to disperse, a band of determined Aggies climbed the platform and, in the slackening rain, lighted and then relighted the maroon and white candles until suddenly for a small moment in time all 12 burned brightly before the rains extinguished them.

In Austin, the University of Texas at Austin Tower was darkened in respect to the bonfire victims on Friday night and remained so until Saturday morning. The memorial flame was extinguished at 8 p.m. Nov 19, the time, Tim Kerlee Jr., the last victim died. Then a Corps of Cadets bugler sounded Taps.

Carolyn Adams, the mother of Miranda D. Adams simply said, "I don't know of any other place where you can go out at 2:42 in the morning and see others in the rain paying tribute to people they didn't know, just because they're a part of the Aggie family."

Dear eBill Customer:

We're upgrading our eBill program to help serve you better. Your eBill account will be available to view on our new Web site - www.reliant.com/myaccount - beginning with your February bill.

We've changed our bill to make it easier for our customers to understand. To introduce you to our new bill format, you will receive a paper copy of your February bill, in addition to receiving it online.

You can continue to pay your eBill as you normally would by logging on to our new Web site, www.reliant.com/myaccount. There is no need for you to respond to the paper bill, or to take any other action except to make a note of your new Reliant Energy Residential Services account number for your records.

If you pay your eBill using an online bill payment service, such as one offered by your bank, Yahoo, or Quicken Direct Pay, you will need to update your account number information with them to ensure correct processing of your online payment.

You will be able to continue to view your eBill information for January 2002 and prior months by logging on to ebill.reliantenergy.com/login

We thank you for your continued use of Reliant Energy eBill. If you have any questions, please contact us toll free at 1-866-222-7100.

Sincerely, eBill Customer Care

Reliant Energy Residential Services (PUCT Certificate #10007) is not the same company as Reliant Energy HL&P and is not regulated by the Public Utility Commission of Texas, and you do not have to buy Reliant Energy Residential Services' products to continue to receive quality regulated services from Reliant Energy HL&P.

Snow in Hawaii!

Snow on Mauna Kea - January 23, 2002

Photos by Steven Parente

Throughout last weekend, the Big Island was deluged with heavy rains, high surf and cool temperatures... reaching the low 60's in Hilo. Brrrrrr.

This late winter storm also brought heavy snowfall for Mauna Kea. Mauna Kea translates into white mountain, and as you view the shots you'll understand why. From the ocean floor this is the tallest mountain in the world. There was a break today, so I braved the cool Hilo morning temperatures (low 60's), went to Lili'uokalani Gardens, and took some shots of the beautiful view of Mauna Kea. Hope you enjoy! - Steve

Take a look! <http://www.hawaiiitropicals.com/picsofhawaii.html>

We have some great new selections of potted orchids to look at as well. Like the Chieftain" Wild Warrior Orchid plant Winner of the American Orchid Society's Award of Merit, this impressive plant with a mild fragrance similar to the

stephanotis flower is NOW AVAILABLE!

The "Chieftain" Wild Warrior Orchid plant is a Brassia/Oncidium mix (P.O.I.-85 Brscdm). Each plant arrives in a 4" pot and wicker basket. Its 3-inch blooms have a white center and yellow-green petals that are long & narrow with brown spots.

Bluegrass & Spring Bock

Sender	brewery@saintarnold.com
Recipients	['brewery@saintarnold.com']

Dear St. Arnold's Army:

Beer! Banjos! Bock! Bluegrass! If you love bluegrass, the Grateful Dead, or both, this is the event for you. If you loved the soundtrack to "Deliverance" but could do without the "Squeal like a pig", this is the event for you. If you look forward to the rollout of Spring Bock every year, this is the event for you. If you like yummy Tex-Mex, this is the event for you.

This Friday night, January 18 at the Garden in the Heights, the Yonder Mountain String Band will be performing (inside the Beer Hall in all likelihood). This band takes bluegrass to a new level and has been known to jam on one song for an hour. They just sold out the Fillmore in San Francisco (the Mecca of Bluegrass - OK, perhaps not, but they do like good music there) two nights in a row. Come out and join us (overalls not necessary). This email is good for \$2 off the admission ticket.

When: Friday, January 18 Time: 6:30 Doors open 7:00 Billy Bright Band (opening act) 9:00 Yonder Mountain String Band (they're doing 2 sets - you'll get your moneys' worth) Where: Garden in the Heights, 3926 Feagan Admission: \$10 with this email, otherwise \$12 at the door Food: Tex-Mex available, catered by a fine restaurant (where the Yonder Mountain String Band played their Last Concert)

Last Chance on Cigar Night We have just a few spaces left. Here's the info. For reservations, please call the brewery or email dan@saintarnold.com.

Admission: \$20 (includes the two cigars) Date: Wednesday, January 23 Time: 6 pm - 9 pm Where: Saint Arnold Brewery 2522 Fairway Park Dr.

If anyone was supposed to receive his/her Hopwaiian shirt and has not, please let us know. It's the ultimate beer fashion accessory! Christian Dior wants to license the design from us for their show in Milan.

Also, please forward this to any friends on AOL, because AOL blocks our email missives (even though we don't spam). Anyone with connections to AOL that can get us past this hurdle, please let us know! Thanks for your support!

Dear St. Arnold's Army:

Got that January lethargy? Experiencing post-holiday doldrums? If so, you need to drink more St. Arnold's! This elixir is known to create excitement in your life and can cure the common cold. And here is a reminder about some events also sure put a smile on the face of even the biggest curmudgeon.

Cigar Night II - Wednesday, January 23, 2002 The first one was a huge success. For reservations, please call the brewery or email dan@saintarnold.com. There are a limited number of spaces left and they are filling up quickly.

Admission: \$20 (includes the two cigars) Date: Wednesday, January 23 Time: 6 pm - 9 pm Where: Saint Arnold Brewery 2522 Fairway Park Dr.

To make your reservation, we will need the following info: Your Name: Number of People in your Group: Credit Card Number: (we will not be running the credit cards until the night of the event, so if you want to pay cash at the door, that will be an option.)

The Julian Calendar New Year Party at Garden in the Heights This Sunday This Sunday, January 13! Lots of fun! Lots of dancing! Very Eastern European/Russian ethnic! Cheap with this email! Date and Time: Sunday, January 13TH, 2002 - 5:00 PM - Midnight Place: GARDEN in the HEIGHTS, 3926 Feagan Admission: \$4 with this email, \$8 without it. Children 12 and under Free.

Looking for Christmas Ale? We have had some calls from people experiencing Christmas Ale withdrawal. If you suffer from this ailment, we know of a couple of places with a few cases left. We can't tell everyone where it is, but if you call or email us, we can tell you individually.

Spread the Word You are the reason that we have experienced such strong growth this past year. Most people find out about us because someone like you has told them about us (that's a lot of pronouns). Please keep telling your friends. Also, if you have a favorite restaurant/bar that doesn't carry our beer, let us know. If you manage to sell it in, let us know and we will reward you!

Anyone Seen our Cable TV Ads? We have been running some ads on the Optel/Showcase cable network. We are curious if anyone has seen them. If so, please let us know (along with any comments). Did you suddenly experience the uncontrollable urge to open a cold St. Arnold?

Thanks again for all your support, and remember to recycle your six pack carriers.

Cheers,

The Brew Crew Brock, Dan, Dave, Frank, James, Jamie, Jesse, Juan and Rick

Dear Colleague:

Energy Argus has just launched it's latest newsletter - Weekly Weather Plays!

Weekly Weather Plays is the first publication to focus solely on weather risk. Energy companies, fuel providers, financial institutions all face weather risks and need to take advantage of this newly developing and dynamic market.

Weekly Weather Plays analyzes the market and breaks it out into four segments that allow for bundled and easy trading:

Power region; Gas pipeline delivery; Federal Reserve region; General East and West of the Rockies regions;

Weekly Weather Plays gives you the unique ability to protect your business against weather-related exposure.

Who needs Weekly Weather Plays?

Crude oil, coal and gas distributors - Weekly Weather Plays allows you to protect your revenues by using weather trading to hedge against weather-related fuel supply demand shortages; Utilities - Weather trading allows you to hedge against weather-related energy supply demand decreases; Financial/Insurance Institutions - Weather risk trading allows you to reduce your exposure to weather-related claims and investments - and is also a unique offering in any portfolio.

Weekly Weather Plays offers detailed weather analysis that no other publication can - AND we provide you with the why's and how's of the markets so you can take full advantage of the various opportunities!

PRESIDENTIAL BUSH'S SPECIAL CHRISTMAS GREETING

Sender	lwbthmarine@alltel.net

File	bass-e/inbox/239.

Special Greeting

Subject: PRESIDENTIAL BUSH'S SPECIAL CHRISTMAS GREETING

"Christmas is a time of wonder and joy, of generosity and peace, that brings family and friends together in celebration and song. We sing old hymns and familiar carols, we show love for others in the giving of gifts, and we observe the hallowed traditions that make the season special. This year in the midst of extraordinary times, our Nation has shown the world that though there is great evil, there is a greater good. Americans have given of themselves, sacrificing to help others and showing the spirit of love and sharing that is so much a part of the Christmas season.

According to the Gospel of Luke, two thousand years ago, the savior of mankind came into the world. Christians believe that Jesus' birth was the incarnation of God on earth, opening the door to new hope and eternal life. At Christmastime, Christians celebrate God's love revealed to the world through Christ. And the message of Jesus is one that all Americans can embrace this holiday season -- to love one another.

This Christmas we remember those who are without their loved ones. They continue to be in our hearts and prayers. May they experience peace, and may they find hope. And as we again celebrate Christ's birth, may the glorious light of God's goodness and love shine forth from our land.

Laura joins me in wishing you a Merry Christmas and a Happy New Year. May God's blessings of peace be upon us and upon the world."

GEORGE W. BUSH

Our President understands and believes in the real meaning of Christmas. Feel free to forward his meaningful Christmas greeting to all of your friends and loved ones

Subject: WE HAVE THE TICKETS!!!!!!!!!!

Scrimmages are fun and all but we need to practice - several times this week. I am serious about these tickets, so I want to practice as much as possible between now and Saturday. Let's set something up for tonight and tomorrow night! I have asked Chris Gaskill (Ex- UT baseball player) to play, he is going to let me know ASAP. So, if either of you know him, give

him a call.

Let me know about practice. ----- Forwarded by Eric Bass/HOU/ECT on 11/13/2000 10:35 AM

Major breakthrough, we have 16 tickets. Now we need to win 'em. After the f"aggies near victory vs. ou, these tickets are now priceless. Therefore, we must win at all cost THIS Saturday, the 18th.

The team to date is as follows:

Stephen Eric Luis Paul Sarah Myself Christopher Chenoweth - new addition (recruited away from Webb Jennings' team at no small cost)

One other unnamed guy (Luis, I need this name).

===

To do:

1. I need all of you to confirm (by voice or email) that you will be able to play on Saturday. If I don't hear from you, I will have to replace you. If you think there is a chance that you won't make, please contact me ASAP.
2. We need to deliver \$2,000 in donations. If you haven't started bringing in donations, please do so immediately. I have the donation envelopes, contact me and I'll have one sent to you.
3. We will have a scrimmage this Wed. or Thurs. so mark your calendar. I encourage you all to take whatever steps necessary to see to your physical preparation for this game.

WE HAVE 16 TICKETS FOR THE WINNING TEAM!!!

Thanks to Brandon Houston and the Andersen Consulting team for finding the tickets!!!! Brandon will bring the tickets to the game on Saturday for distribution to the event winners.

The tickets will cost \$560. Enron will need to pay for half of the tickets. Ted, please coordinate with Karen Marshall in community relations to have a check for Brandon.

Thanks everyone! We are now in excellent shape for the game on Saturday. Keep collecting those donations this week. All Enron donation packets received by Brad Mauritzen by 5pm Friday night will be counted towards the kick or receive ball option at the game.

Thanks, Shelly

Hopwaiian Shirt Party Tonight, Lots of Other Good News

Sender	brewery@saintarnold.com
Recipients	['brewery@saintarnold.com']
File	bass-e/deleted_items/219.

Dear St. Arnold's Army:

Happy New Year! First, we want to thank everyone for helping us increase our sales 25% in 2001! It was our best year ever. And to celebrate, we recommend going out and immediately buying several cases of St. Arnold's. OK, perhaps that was a bit over the top. I apologize. How about this? Have all your friends go out and buy several cases of our beer! Thanks again. Your support truly is important to us.

The Stout is Out Available in the stores, that is. But you better stock up quickly, because it will only be available for another couple of weeks. The Spring Bock is lagering and waiting to be unleashed as soon as the Stout is gone.

Cigar Night II - January 23, 2002 The first cigar night was so popular that we decided to do it again. This time it will be on a Wednesday. You need to make reservations for this and either secure it with a credit card or mail us a check. We are limiting attendance. Jeffrey Stone Limited will be supplying the cigars again (we are in the process of choosing the cigars for the evening).

Admission: \$20 (includes the two cigars) Date: January 23 Time: 6 pm - 9 pm Where: Saint Arnold Brewery 2522 Fairway Park Dr.

To make your reservation, please either email, mail or call Dan with the following info: Your Name: Number of People in your Group: Credit Card Number: (we will not be running the credit cards until the night of the event, so if you want to pay cash at the door, that will be an option.)

The Hopwaiian Shirts are Here! Come tonight and pick yours up! After a month of being promised that the shirts were on their way followed by their sitting in Customs for a week, the Hopwaiian shirts are finally here. For those of you who ordered one to be mailed, they are already in the mail. For the rest of you, we are having a special "Come to the Brewery and Pick Up Your Shirt and Listen to Us Say 'We're Sorry' a Bunch of Times and Drink Some Beer So You Won't Be Upset Party" tonight (1/4). They made it in time for Christmas - on the Orthodox Calendar (January 7)!

Hopwaiian Shirt Party at the Brewery Tonight January 4, 2002 5 pm - 8 pm Who's Invited? Anyone who ordered a shirt and their guest! You can also be invited if you come and purchase a shirt tonight.

The Julian Calendar New Year Party at Garden in the Heights In keeping with our Orthodox calendar discussion, the Julian Calendar New Year is coming, so if you want to relive the fun of New Year's Eve again, come on out. This is still the best European bash in town and the place to ring in the year while dancing everything from the polka and the kolomyjka, waltz, two-step, schottische, frailach, czardas, hassapiko, mazurka to jigs and reels. The Gypsies will head up the entertainment joined by top ethnic musicians from across the state, a colorful blend of ethnic music and dance from Russia and Eastern Europe. An exotic assortment of traditional Eastern European, Balkan and Russian food and drink will be served. Eric - We cannot delete meter #3537 from this particular Product Description since Products using this product location have already been transacted on (including Transaction #33491).

Therefore, we will need to either create a new location name (what would be the "new" location name?) or we can advise the customers via a ticker message that the Product description for "HPL/AguaD" has been revised. Unfortunately, we are working through some issues with the ticker message system, but we have been advised that it will be in place soon. Are you able to postpone until the ticker system is operable?

Please advise.

www.burntsand.com/december05_2000/index.htm

Burntsand e-Business Xpert Xpress features Marc Karstaedt, Vice President, e-Trading for Burntsand who will deliver his presentation "Automated Trading Exchanges", a topic of increasing strategic interest within the business-to-business (B2B) community.

This Xpress is designed to give the business and/or technical executive an appreciation of the various exchange models, success factors and some insight into Burntsand's "lessons learned" from multiple successful implementations.

"Competition is no longer a question of big versus the small or even fast versus slow, - in the new economy it is those that do it well who will succeed!" Marc Karstaedt, VP, eTrading.

Upon the conclusion of the presentation, listeners are invited to ask Marc questions or share their experiences and insights.

Access to the web-cast presentation and a dial in number will be communicated to registrants prior to the event. If you have any questions about this event, please feel free to email me at lplotkin@burntsand.com or call me at 713.890.8045. I would really appreciate if you could forward this message to other individuals in your organization that might be interested in this topic.

Thanks so much and have a great weekend!

All:

Attached you will find a list that reflects your seat assignments for Business Continuity Planning (BCP). These seats are located on the 30th and 31st Floors of Enron Center North (ECN). As previously communicated, you will report to these designated seats in the event of an outage in ECS.

The exception to this is as follows: If your seat assignment is located on the 31st Floor, you will report to your original location that you occupied prior to your move into ECS. This will hold true until the Monday after Thanksgiving, as we will have the 31st floor seats set up at that time.

Testing: Once you have moved to ECS, if you would like to test your BCP location, you will be able to test your seat for functionality every Thursday from 3-6pm. Testing is not required, but is highly recommended.

If anyone has any questions or concerns about these procedures, please feel free to contact me at any time.

Hey Brett,

Good to hear from you. It is pretty bad at Enron. I still have a job for the time being but things are in limbo right now. The good news is that my division (trading ops) is the most valuable and desirable for any acquisition. The bad news is that we could declare bankruptcy at any time and that would leave our fate in the hands of the creditors and the courts. It is sad to see a good company like this fold despite the fact that we make a great deal of money. Oh well, things will work out.

As far as the Rose Bowl, I think we have a pretty good shot. Currently we are 3rd in the BCS rankings (the top two go to the National Championship game -- which is the Rose Bowl this year). The two teams ahead of us are Miami (1) and Florida (2). If either one loses (Miami at Virginia Tech this week and Florida vs Tennessee and possible SEC championship game) we should get into the top 2. Of course, we have to win on Saturday as well. This has been a wacky year in college football, so I think our chances are pretty good.

Good luck on the proposal. You are about to venture to the Dark Side. Telluride should be fun. We went there last year for a ski trip (again). I might be venturing down that path soon.

I should be here when you are in town so drop me a line or give me a call (H: 713-661-2601 or Cell:713-628-3104 or Work (hopefully): 713-853-0977).

Take Care.

What all events would have to occur for us to get a Rose Bowl slot?

Yeah, I'm still in HI for another year to year and a half. I'm going to Telluride with Marilyn from 22 Dec to 27 Dec to do the whole proposal thing then I leave Hou on the 2nd of Jan. So if ur in town from 27 dec to 02 jan lemme know.

Come talk to me when your team can score more than 33 points in a game. LSU's basketball dynasty is officially over. Oh, wait a minute. It never began.

Mississippi 50, LSU 33

OXFORD, Miss. (AP) _ Aaron Harper scored 16 points to lead No. 25 Mississippi to a 50-33 victory over Louisiana State on Wednesday night. Harper was the only player in double figures for the Rebels (18-4, 6-3 Southeastern Conference), who won their fourth consecutive game exactly one year after their worst home loss in 40 years _ a 97-53 loss to LSU. Roland Dupree had 14 points and a game-high 11 rebounds for LSU (11-9, 1-8), which was held to fewer than 40 points for the first time since a 51-39 loss at Rice in 1948. The Rebels limited the Tigers to 12-of-43 shooting from the field and forced them into 25 turnovers. LSU also shot just 1-of-16 from 3-point range, but stayed close before the Rebels put it away with a decisive 19-4 run. LSU led only once, on Dupree's opening basket. Ole Miss answered with a 12-5 run and never trailed again. Harper made three consecutive baskets to highlight the surge. The Rebels led 19-15 at halftime, but LSU pulled within 23-22 with 15:19 remaining on a basket by Jermaine Williams. LSU never got any closer as Ole Miss went on its decisive 19-4 run in the next seven minutes. Harper sparked the surge with a pair of 3-pointers and two assists. LSU's DuPree got a technical foul during the run, following his protest of an offensive foul by teammate Torris Bright. Jason Harrison hit both technical foul free throws and Harper followed with a 3-pointer to complete the run and give Ole Miss a 42-26 lead with 7:23 left.

If it works for politics, it should work for sports...

NEW YORK --The New York Mets announced today that they are going to court to get an additional inning added to the end of Game 5 of the World Series. The batting, pitching, and bench coaches for the Mets held a press conference earlier

today. They were joined by members of the Major League Players Union.

"We meant to hit those pitches from the Yankee pitchers," said the Mets batting coach. "We were confused by the irregularities of the pitches we received and believe we have been denied our right to hit."

One claim specifically noted that a small percentage of the Mets batters had intended to swing at fast balls, but actually swung at curve balls. It was clear that these batters never intended to swing at curve balls, though a much higher percentage were not confused by the pitches.

Reporters at the press conference pointed out that the Mets had extensively reviewed film of the Yankees pitchers prior to the World Series and had in fact faced the Yankees in inter-league play earlier in the year.

"The fact remains that some of the pitches confused us and denied us of our right to hit," said the Mets batting coach. "The World Series is not over yet and the Yankees are celebrating prematurely."

Major League Baseball has reviewed the telecast of all the World Series games and recounted the balls and strikes called by the umpires of each game. "While some of the strikes called against the Mets were, in fact, balls, there were not enough of them to change the outcome of the World Series," the commissioner said.

Another portion of the Mets legal claim stated that, based on on-base percentage, the Mets had actually won the World Series, regardless of the final scores of the games. "It's clear that we were slightly on-base more often than the Yankees," said a Mets spokesman. "The World Series crown is rightly ours."

The manager of the Mets has remained in relative seclusion, engaging in some light jogging for exercise. He has stated that he believes "we need to let the process run its course without a rush to judgment."

PROS Announces Next Generation Trading Optimization System

January 24, 2002 -Houston- PROS Revenue Management, the world's leader in pricing and revenue optimization science and software, and the pioneer and dominant provider of revenue management to the airline and energy industries, today announced the next generation of its PROS Trading Optimization System.

The PROS Trading Optimization System utilizes PROS network optimization technology to optimally schedule natural gas volumes to market across multiple pipelines and provide buy/sell recommendations that maximize the revenue and utilization from all transportation assets. In addition to the 10-15% profitability lift from optimal gas scheduling, the system also completely automates the scheduling process and enables an automatic EDI nomination process reducing manual errors. The PROS Trading Optimization System has been in live use at a major energy marketing and trading company. Version 2.0 of the PROS Trading Optimization System is completely parameterized allowing companies to dynamically configure the system for multiple and unique pipeline trading strategies and tariffs. These parameters can further be configured by the user as pipelines impose various restrictions. Matt Johnson, Senior Vice President of PROS Energy says, "PROS Trading Optimization System enables marketers to manage their physical positions and transportation

assets optimally in real-time. Companies can identify and optimally exploit market opportunities in seconds and then immediately understand the physical and economic impact of their trading on their physical position. Today, with increasing pressure on gas margins and the convergence of the gas and power markets, PROS Trading Optimization System provides our clients a significant competitive advantage."

PROS Revenue Management is the world's leader in pricing and revenue optimization solutions and the pioneer and dominant provider of revenue management to the airline and energy industries. PROS provides system solutions to the airline, cargo, rail, energy, healthcare, and broadcast industries, and has delivered 238 systems to 99 clients in 39 countries.
