First Union has changed the on-line enrollment process. All you need to do is to go to www.firstunionsec.com, click on the "Enroll for access online", You will then be required to call 1-877-879-2495. They will set you up with pin numbers, etc. You only need to call if you are not on-line or you need to add an account for you to view.. If you prefer, we can do a conference call with First Union to set up the account.

Please give us a call with any questions. The process should take approx. 5 minutes.

Take Care and Have a good week,

New Version 8 of the IntercontinentalExchangeTMIs Now Available !

ATTENTION ALL TRADERS. We are pleased to announce the release of Version 8 of the IntercontinentalExchangeTM. This latest version has many powerful new features including:

Quick Ticket Order Entry A Market Maker Window Options Spreads Custom Strip Options on WTI and Brent 1st Line Swaps Weather Derivatives Products New Portfolio Management Functions New Multi-Transaction Printing Trade Ticker Full Day Summary An Asterisk Marker Option on Derived Legs of Spreads

Version 8 comprises Intercontinental's latest development initiative to bring better anonymous, two-way, OTC energy products trading to the electronic marketplace.

Installation of Version 8 is Easy

Version 8 will be available for download and installation on your system this evening, Thursday, November 15th. Live trading with Version 8 will begin on November 16th. We have already notified your System Administrators of this new release and provided them with download and installation instructions.

Version 8 is backward compatible with version 7.37 and version 7.72. This means you will still be able to run these older production versions of the IntercontinentalExchangeTM, if you choose to do so. However, since many of the new features, and products like option spreads, custom option strips and weather swaps are only available on version 8, we suggest that you contact your system administrator now, to ensure you will be getting all the benefits that version 8 has to offer as soon as possible.

Get the Version 8 Release Notes

For more information about the features and functionality of Version 8, you can download a copy of the Release Notes from our website. To do this:

1) Go to the IntercontinentalExchange website at www.intcx.com and click the Downloads tab on the Main Menu. 2) When the login page appears, enter your production ID and Password in the fields provided 3) Click the Release Notes tab on the menu and then click the link for version 8 Release Notes.

Hi Sandra,

I hope you had a nice Christmas and a fun holiday season. We as you can imagine with three 5 year old boys, it was hectic but, the look on their faces Christmas morning was priceless.

I wanted to let you know that I am leaving Prebon as of January 15th. I have spent the last eight years of my 16 years in the Energy field with Prebon and we part on the best of terms. I am talking with a few banks, a consulting firm and some energy companies, but also plan on spending some time at the house with the family. I will let you know when and where I decide to go. Hopefully we can work together again in the future.

Best wishes for continued success in 2002 and the years to come. Please give my best to Kenny.

Sincerely,

Bill

good morning!

i have some info for you. my therapist reccomended dr. lauren marangell at the baylor mood disorder clinic. when she told me about her, the name sounded familiar, and she was the same women reccomended by colleagues of jon's cousin who was studying at UCLA. she is supposed to be great for the person with the problem, as well as family. she is a national leader in psychopharmacology - medication. her number is 713.798.6663. jana rosenbaum is who i talk to, and her number is 713.798.4856.

any news from harry?
