FW: BPA Dec. 01, DMS #12593

Sender	jennifer.thome@enron.com
Recipients	['lisa.gang@enron.com']
File	gang-l/inbox/39.

Lisa:

In the message below, Settlements in Houston is confirming that we have the correct understanding of the dispute concerning BPA in Dec. 01 (see the e-mail and spreadsheet I copied to you on May 30). Let me know if you have questions as you research it.

Also, do you need anything else from Settlements to enable you to work on the Hafslund request (see my email from May 29).

Note - I am out of the office until Monday.

Have a good weekend. Jenny

Jennifer, Yes, I do believe you have the correct understanding. The ttls you have tie to the dms impact. Let me know if you have any questions.

Thanks, Elsie

-----Original Message-----

From: Thome, Jennifer Sent: Thursday, May 30, 2002 6:15 PM To: Lew, Elsie Cc: Gang, Lisa Subject: BPA Dec. 01, DMS #12593

Elsie:

Sorry, in looking over this again with Lisa, we want to be sure that we understand the request correctly.

See attached for my understanding of what you are requesting and please confirm.

I looked at this from the perspective of each entire deal. For each, I took the total price and volume of the deal and subtracted/added the MWs you specified and then calculated the revised value of each deal.

Is this a correct understanding of the changes needed and their impact?

Thanks, Jenny

From: Thome, Jennifer Sent: Wednesday, May 22, 2002 3:56 PM To: Lew, Elsie Subject: RE: to portland for bpa.xls

Elsie:

Thanks for the welcome!

Already I have a quick question - in the attached spreadsheet, the disputed MW columns seem to add up to 12600 and 4450. In reading the DMS, I would expect them to add up to 14600 and 5600 (or 12600 and 3600, if I only include the referenced deal, #12593). Am I missing something?

Jenny

From: Minnis, Sabrina Sent: Wednesday, June 12, 2002 12:52 PM To: Thome, Jennifer Subject: Avista Energy DMS 12619, 12578, 12590

Hi Jennifer,

Attached is a spreadsheet that I received from Avista Energy verifying the wires that were paid to them. Please disregard the amounts that are highlighted in green because those items were paid by EES. Also, at the time that she sent me this spreadsheet, the items that are highlighted in yellow had not been settled yet. I was able to tie back to every wire except for the one that is in red bold. Hopefully this file will help you true-up these DMS's but please if you have any questions, please give me a call 713-345-1545. Thanks.

Hello All-

You are invited to a going away lunch for Grace Rodriguez this Wednesday at Todai restaurant (at Pioneer Place on the 3rd floor). If you haven't been to Todai it is a sushi and hot food buffet. They have sushi, chicken, beef ribs, crab legs, mini

lobsters, soups, dessert, etc. The lunch buffet is \$12.95. The reservation is for Wednesday, May 1 at 11:45 AM. It is under the name Grace Rodriguez. Please RSVP for lunch so I can make sure we have reserved enough seats.

We will also have a 'farewell' Happy Hour on Tuesday April 30 (that's tomorrow) starting at 4 pm at McCall's right across from the World Trade Center Building #3 for those who can't make lunch. Let's get out to the waterfront and enjoy the warm weather!

Hope to see you guys there!

Your TrustID Certificate Request (638)

Sender	registration@trustdst.com
Recipients	['lisa.gang@enron.com']
File	gang-l/deleted_items/168.

Dear Lisa Gang,

Thank you for applying with Digital Signature Trust (DST) for a TrustID business certificate. As you know by now, your TrustID certificate stands for the highest level of authentication available, allowing you to use the Internet with confidence for your secure online transactions.

We have received your application and have begun the approval process. (If you are paying for your certificate with a purchase order, please fax us a copy of the order at (801)326-5438 so we can begin the approval process.)

To complete the TrustID Business Agreement, take it to an authorized employee of your organization for signature or have the Authorized Signer send the completed Authorization Agreement to DST using DST's SimpleSign file signing application:

www.TrustDST.com/simplesign/bus-auth.html

Or you may mail the completed TrustID Business Agreement form to:

U.S. Mail: Attn: Registration Desk Digital Signature Trust Co. P.O. Box 22930 Salt Lake City, UT 84122-0930

The approval process is normally completed within three business days after receipt of your completed forms. At that point, we will send you a message indicating our approval of your application and the steps necessary to retrieve your TrustID certificate. If we are unable to approve your application, we will mail you a letter with an explanation.

Please contact DST Customer Support with any questions by sending e-mail to helpdesk@trustdst.com, or call 888-882-1104 (call direct at 801-326-5971). Customer Support representatives are available to assist you Monday through Friday, 6 a.m. to 6 p.m. Mountain Time.

Thank you again for applying for a TrustID certificate. We look forward to creating the highest level of trust in all your digital activities.

Sincerely,

Marlene Martinez Certificate Registration Manager Digital Signature Trust www.trustDST.com

Hello all-

Here is the final wrap on Jeffrey's Suprise Birthday party:

We are going to meet up at the Willamette Athletic Club in the Cafe between 4:00 - 4:15 pm this Saturday. Elaine at the front desk knows what we are doing; just tell her that you are there for Jeffrey Oh's thing and she will show you where to go. Jeff and I will be there at about 4:30. Jeffrey thinks that we are meeting his brother John and one other friend there to go to Who Song. If possible, please park closer to Who Song and Larry's; especially if Jeffrey knows what your car looks like. (don't want him to wonder why all his friends are at the athletic club...) After the cafe, we will head over to Who Song and Larry's (some time around 5ish for those who can't make it earlier).

Call me if you need anything at all. My cell is 503-703-7685.

I look forward to seeing you all there! Thanks for helping me pull this off. (If you haven't RSVP'd, please shoot me an email so I have an idea of how many are comming.)

Thanks again,

Virginia

DATE: Saturday May 4, 2002 TIME: 4:15 p.m. (Jeff and I will be there around 4:30 p.m.) PLACE: Willamette Athletic Club, 4949 SW Landing Drive, Portland, 97201, phone: (503) 225-1068 OTHER: If you can't make it to the club cafe, please join us after 4:45 or 5:00 pm at Who Song and Larry's across the street.

Map to Willamette Athletic Club: (Call me if you need better details. Lisa:

Do you know if this issue was resolved ---did we verify how we charge BPA for LDs?

Thanks! Jenny

-----Original Message-----

From: Baughman, Edward Sent: Monday, June 17, 2002 10:05 AM To: Gang, Lisa; Elafandi, Mo Cc: Thompson, Virginia; Thome, Jennifer Subject: RE: BPA Cuts

What matters is what the contract indicates. What is the Enpower deal confirmation number? I will have someone pull the contract to determine EPMI's rights as it relates to charging BPA LD's.

-----Original Message-----

From: Gang, Lisa Sent: Monday, June 17, 2002 11:56 AM To: Baughman, Edward; Elafandi, Mo Cc: Thompson, Virginia; Thome, Jennifer Subject: RE: BPA Cuts

Virgina, correct me if I'm wrong, I believe BPA has special rules when energy is curtailed. Instead of us charging them with liquidated damages, BPA will not bill for the hours curtailed. I track and record the cuts by modifying the deal in deal scheduling so that settlement is aware of the cuts.

lisa

-----Original Message-----

From: Baughman, Edward Sent: Monday, June 17, 2002 9:09 AM To: Elafandi, Mo Cc: Thompson, Virginia; Thome, Jennifer; Gang, Lisa Subject: RE: BPA Cuts

I assume that on all cuts on COB deliveries that we are charging BPA liquidated damages. In this case \$3.50/MWhr for 6/18. Please let me know if this is not the case. Also, how do we track and record COB non-delivery LD's for BPA's?

-----Original Message-----

From: Elafandi, Mo Sent: Monday, June 17, 2002 10:34 AM To: Baughman, Edward Cc: Thompson, Virginia; Thome, Jennifer; Gang, Lisa Subject: BPA Cuts

We were cut 40 MW today by BPA for peak hours on 6/18 at COB on enpower deal number 305699. Lisa purchased replacement power from Avista at \$30. Enpower 897712

We presold power to Avista at \$33.50 for the month and are now buying it back from them at \$30 to book out. Of course, BPA should not charge us for the 27.25 supply price under their contract.

Jeffrey Oh's birthday

Sender	virginia.thompson@enron.com
Recipients	['lisa.gang@enron.com']
File	gang-l/deleted_items/304.

Hey Lisa-

Here is the information for the SUPRISE 'party' for Jeffrey's birthday. His B'day is Friday and we are going to have a party for him (and another friend named Ron who's birthday is Thursday) this Saturday. Since this is Cinco De Mayo weekend, we are going to go to Who Song and Larry's in John's Landing, but it will be packed, so we are all going to meet up at the Willamette Athletic Club in the Cafe', which is right across the street. We will have snacks and cake at the Club and then walk over to Who Song & Larry's together so we all get in together. Who Song's will have drinks, food, dancing, etc.

Please let me know if you can make it.

Thanks,

Virginia my home email: pinnocchio@hotmail.com

Portland West Desk Farewell Party

Untitled Attachment

What: Lots of change, lots of relocation goin' on. Let's all get together and give the Houston-bound folks one last taste of Portland beer and hor d'oeuvres, share memories, and have a great time.

Who: All Portland UBS Warburg Energy folks as well as ex-E people. Please pass this invite onto anyone you wish to have a beer with. Hope to see you there!

When: Tuesday, June 25th, 4 p.m.. Where: Untitled Attachment McMenamins Kennedy School 5736 NE 33rd Avenue Portland, Oregon 97211(503) 249-3983 (see directions below if you need 'em)

Details: We'll meet at the Courtyard restaurant: outside if it's nice, inside if it is not. We can't officially reserve tables, but a few of us will go early (please let us know if you would like to be assigned to this important detail) and snag tables. Drink responsibly; drive safely. Don't Ask Why.

If you have a question, please contact Alan Comnes (Alan.Comnes@UBSWenergy.com) or Andrea Woodland (Andrea.Woodland@UBSWenergy.com). Untitled Attachment

-----Original Message-----

From: Bouse, Earl [<mailto:Earl.Bouse@HansonAmerica.com>] Sent: Tuesday, March 26, 2002 12:59 PM To: Dave Parquet (E-mail); 'msmith@enron.com'; 'jblackman@enron.com'; 'aschwartz@enron.com'; Carolyn Emmert (E-mail) Cc: Smith, Stewart; Carson, Brad; Wallmann, James; William H. Booth Esq. (E-mail); Barbara R. Barkovich Ph.D. (E-mail) Subject: Need Enron Contact - Hanson Permanente Cement, Cupertino, CA

Greetings:

The following e-mail was just returned to me. Is Todd Perry is no longer with Enron? Todd was our most recent contact along with Carolyn Emmert. Who is our contract now? Who can respond to the questions noted in my e-mail to Todd - as

shown below?

Earl Bouse

Hanson Permanente Cement

Dear Todd:

Brad Carson and I contacted you by phone last week, but we were only able to access your voice mail. Our voice mail message asked you to contact us as soon as possible. We need to have a conference or meeting to begin the true up of your invoices with the ISO charges that should be available on our November 2001 bill by this time.

In addition, the cement plant is no longer able to access anyone at Enron with our daily power forecast. This morning, we received this report from the Permanente cement plant:

Over the last two weeks, each of the three Enron recipients of the our daily power forecast have been dropping off line. What I mean is that the E-mails return to me as undelivered. Chris Foster (503-464-3822) no longer works for Enron, but he was kind enough to inform me that the other two recipients, Lester Rawson and Serena Bishop, also longer work for Enron. Foster related that as far as he knows, the program was cancelled and we are buying or selling power based solely on our historical usage with no forecasting at all.

Todd, please call me. We must determine who the contact is going to be for the cement plant and how we are going to resolve (true up) the billing.

Sincerely,

Earl Bouse

Accepting or Declining Insurance

Sender	pworrell@iconconsultants.com
Recipients	['undisclosed-recipients@enron.com']
File	gang-I/deleted_items/482.

I noticed that you have neither accepted nor declined our insurance as of today, 03/28/02. According to your start date, your insurance would be effective 04/01/02. In order to send the information to the insurance company by April 1st, we must receive that information from you by Friday, March 29, 2002. Please let me know, either by e-mail or by phone (713-438-0919) if you choose to accept or decline. If you choose to accept, fax the completed enrollment form to 713-438-0930. Please keep in mind that the next opportunity to enroll in insurance will be in October. Thank you, Perrin Worrell Recruiter Coordinator Icon Information Consultants, LP (713) 438-0919 1-877-374-3216 (toll free)

RE: BPA CURTAILMENT FOR APRIL 22ND

Sender	mo.elafandi@enron.com
Recipients	['virginia.thompson@enron.com', 'lisa.gang@enron.com']
File	gang-l/deleted_items/312.

Continued curtailments from BPA.

The curtailments for BPA continued for last week. I believe we need to have the BPA purchases adjusted accordingly.

All curtailments began at 7:00 AM

I have / am requesting cash payments for the purchases to Avista. (I'm already paid through the 27th)

On 5/1/02 Curtailments were 4 contracts #21892 and #21896 from 25 to 22MW and #23273 and #23274 from 50 to 43MW
Lisa will have to tell you the Light load cut on Sunday.

Mo.

-----Original Message-----

From: Gang, Lisa Sent: Friday, April 19, 2002 4:15 PM To: Thompson, Virginia Cc: Elafandi, Mo Subject: BPA
CURTAILMENT FOR APRIL 22ND

On April 21st and April 22nd, Pat Kelley from BPA prescheduling group called and informed me we were curtailed by a total of 12 mw for HE 7-22 for April 22nd at COB. Accordingly, we purchased 12 mw from Avista to cover our position. At 1:00 p.m, April 22, Rob called from BPA and informed me they made a mistake with the hours of the curtailment and that it was only supposed to be cut HE 7-20 and not HE 21-22. Therefore, BPA will not charge 12 mw for 2 hours on April 22nd.

The deal numbers are as follows: deal#153325(2mw),153327(2mw),305699(4mw) and 305700(4mw)

If you have any questions, please see me.

Lisa

File	gang-l/deleted_items/516.

Hi Murray,

Valley Electric was scheduled from December 1st to December 6th. It appears no power has flowed on any of the deals related to Valley since the 6th of December.

Susan Rance left a message with Stephany Panus, in Global Contracts, to determine the date and deals included in the contract termination. We need to know the which deals and time period of those deals, the \$299,984.80 of liquidated damages applies. Once known, we will adjust Enpower as required.

If you have any questions please call me at 503 464 5065 (work) or 503 449 5463 (cell).

Hope to see you soon in Portland,

Regards,

Gord

Hello all,

As many of you may already know, I decided to pursue new opportunities for employment and have accepted a position with Legacy Health Systems as an HR Assistant. My last day at Enron will be Wednesday, May 1st.

I'd like to thank you for contributing to my experience at Enron. You have helped make the work environment fun--even in spite of the ups and downs of the recent months. I know that the knowledge, experience and memories I have gained in the past 2 1/2 years will travel with me in my future endeavors.

If you'd like to keep in touch, you are welcome to e-mail me at rodriguezgm@hotmail.com.

Warm regards, Grace

Right on, works for me, just call me when you get off and I can meet you there, or we can meet at the house, I live a couple blocks from there. Just take Macadam south all the way out, it turns into Highway 43, and follow it through Lake Oswego. Once you pass Marylhurst College, you'll see a Burgerville on your left, Buggati's will be just past the Burgerville about a block and 1/2 on the left. It has a green and white sign in front. If there is no parking available in the front lot, you can park in the Starbuck's and McDonald's lot.

If you want to come to house - go about a half a block past Buggati's, you will see McDonald's, that's Walling Way, turn left and follow the road down to Old River Rd., turn left onto Old River and go over 3 speed bumps. Robin View Drive will be the next street on your right, turn right and we are the third house on the right, 3680 Robin View Dr. Blue/Green house with white trim and bricks lining the yard.

All,

We need to be on these weekly conf. calls.

It is now more important than ever that we stay up on all ISO current events.

MO

-----Original Message-----

From: CRCommunications [mailto:CRCommunications@caiso.com] Sent: Wednesday, May 15, 2002 12:49 PM To: ISO Market Participants Subject: CAISO Notice: Weekly ISO Operations Conference Calls

MARKET NOTICE May 15, 2002 Weekly ISO Operations Conference Calls ISO Market Participants: Attention: Operations Personnel Beginning May 22, the ISO will host a weekly conference with ISO Operations staff, Scheduling Coordinators, Municipal Utilities, IOUs and other control areas to review and discuss current operational issues. The ISO's objective for these calls is to provide a forum for discussion of current operational issues. We will begin the calls with a review of any current operational issues at the ISO and provide time for feedback from participants on these issues. Then participants will have an opportunity to raise operational issues from their viewpoint. The calls will be open to anyone, but will likely be most useful to operations managers, forward market and real time schedulers and other personnel involved with unit dispatches. We anticipate that Generators, Municipal Utilities, IOUs, and other control areas will participate. The first call will be held Wednesday May 22 from 11 AM to noon (PST) Subsequent calls will be held every Tuesday from 1:30 to 2:30 (PST) from May 29 to June 25. In late June we will evaluate the calls with participants to determine whether and how best to continue this dialogue, especially during the summer. The call in information is: 877-670-4111 Passcode 589314 If you have questions or would like additional information, please contact Sue Happ at shapp@caiso.com or (916) 608-7059. Enron / Hanson Permanente Electrical Contract Administration	
Sender	earl.bouse@hansonamerica.com
Recipients	['brad.carson@enron.com', 'caroline.emmert@enron.com', 'gwen.williams@enron.com', 'stewart.smith@enron.com', "...]
File	gang-l/deleted_items/445.

Greetings:

Brad Carson and I had a productive telephone conversation with Caroline Emmert this morning. We agreed to proceed as follows to begin untangling the puzzle:

Bouse will forward the Excel file that recaps the payments and kWh's since the start of the Enron supply of electricity, November 2001. Note, that even though we have been far apart on a monthly basis, payments and invoices from November 2001 through February 2002 are very close together -- \$2,500,850 compared to \$2,500,912. The Excel file with that information is attached.

Caroline has the ISO charges for November, December and January, and she will forward those to me via e-mail today.

Lisa Gang is now our Enron scheduler, and Caroline will check with Lisa to ascertain if she is using the daily input information from the Hanson Permanente cement plant. The cement plant has been forwarding information on the day ahead and week ahead usage on a routine during the whole period of Enron delivery. Caroline or Lisa will report to me if that information is being utilized.

The monthly billing from Houston (Gwen Williams) has not reflected actual usage at Hanson Permanente. The invoice amounts from Enron reflect only the base numbers from CY 2000 that were imbedded in the contract for annual balancing. Caroline will check to see what information Gwen is using for her monthly billing and to see if any of Lisa's or the cement plant's daily scheduling make their way to Gwen in Houston.

Hanson Permanente must know who is administrating this contract from the Enron side. By interpolation, we are assuming that the responsible party is Murray O'Neil who is Caroline's manager. Do we have that right? Lisa is our scheduler, Caroline is working with the ISO and PG&E true ups, Gwen is issuing Invoices based on Lisa's input and Murray is responsible for both Lisa and Caroline. Does that then mean that Murray is where the buck stops.

We may need to meet in the next 30 days to untangle this puzzle, and it would be beneficial for all parties to understand the organizational structure of each organization.

We look forward to working with you!

Sincerely, Earl Bouse Hanson Permanente Cement Hanson Aggregates Mid-Pacific 925.426.4084 Direct Dial

Enron North America West (EPMIWE) Security Officer Access to the

Sender	ben.porath@oatiinc.com
Recipients	['caresteam@enron.com', 'darren.cavanaugh@enron.com', 'lisa.gang@enron.com']
File	gang-l/deleted_items/446.

Dear Lisa Gang, OATI has successfully verified your identity as the Enron North America West (EPMIWE) Security Officer for the OATI webCARES System. As the Enron North America West (EPMIWE) SO, you will have full access to the OATI webCARES System for the purposes of issuing and managing Digital Certificates for the Enron North America West (EPMIWE) organization. It is very important that you at least login to the OATI webCARES System once. During your initial login, you will be presented with your Digital Certificate for download and installation. You may access the OATI webCARES System from the following site: <http://www.oaticerts.com>. As a new Security Officer accessing the webCARES System for the first time, please click on the "First Time Users Page" link for valuable information and instructions regarding computer setup and accessing the system. In addition, attached to this e-mail, OATI has provided a Security Officer's Users Manual that will guide you through your initial login to the OATI webCARES System, Importing and Exporting Digital Certificates, and solutions for many issues that may arise while working with Digital Certificates. Patrick Tronnier, our OATI Digital Certificates expert, will be contacting you shortly to provide you with your Username and Temporary password to the webCARES System. At this time, Pat will assist you with your first login to the system and obtaining your digital certificate. Once Pat has assisted you with access to the webCARES System, then he will provide you with login information for your Backup Security Officer, Darren Cavanaugh. Finally, attached to this e-mail, we have provided a list of your existing webTag (ETS) Usernames. A corresponding Digital Certificate must be created for each Username in the list. On April 10, 2002, when E-Tag 1.7 is implemented, your webTag (ETS) Users will not be able to login in to the system unless they have a Digital Certificate corresponding to their Username loaded within their web browser. In addition, if your Users need access to our webOASIS Node (TVA, AECL, BREC, & EKPC Data), please visit www.oatioasis.com for instructions on registering your company and users for access. Please note that a user can use the same Digital Certificate to access both the webTag (ETS) and webOASIS systems. If you experience any problem with the process or have any questions, please feel free to contact the OATI webCARES customer support by either E-Mail: webCARES@oatiinc.com or Phone: (763) 553-2725. Thank you, Ben Porath Open Access Technology, Intl. OATI webCARES Appreciation and Feedback

Sender	patrick.tronnier@oatiinc.com
Recipients	['patrick.tronnier@oatiinc.com']
File	gang-l/deleted_items/239.

My Sincere Greetings,

I would like to take this opportunity to thank you for your participation in the roll out of OATI webCARES certificates within your organization. I enjoyed the contact I had with you and because of your direct involvement with webCARES your users are properly authenticated to the ETS 1.7 Tagging system and their data is encrypted and securely transferred.

I would greatly appreciate your constructive feedback on webCARES by taking a few minutes to respond to the following questions. Your response will help us plan future enhancements to webCARES products, services and support to meet your needs.

Note: Please use "reply", NOT "reply all" when responding to this email.

1.) What improvements, if any, would you recommend to the webCARES web site to better accommodate your needs?

2.) What improvements, if any, would you recommend to the certificate delivery process (i.e. exporting and importing of certificates)?

3.) In general, do you believe it is better for company Security Officers or end users to have control of certificates and corresponding private keys?

4.) Do you believe there is a need for security related classes covering topics like SSL (https:), encryption, digital signatures, PKI and troubleshooting certificate related issues? Would you be interested in attending?

5.) Do you believe there is a need for a monthly security related newsletter covering topics useful to you in your role as Security Officer, Backup Security Officer, or Audit Officer?

5a) If interested in a security newsletter would you like to receive it in plain text, rich text, or html format?

6.) Do you want to pay approximately \$170/ea for a DST certificates when your OATI certificates will work on OASIS nodes?

(if not please contact your OASIS node administrator(s) to let them know you do NOT want to pay for DST certificates and would like to use your existing OATI certificates for OASIS access? They are facing an important decision and feedback from you (their customer) is the only way they can make the RIGHT decision for your company.)

7.) OATI webCARES certificates are X.509 compliant and thus can potentially be used to secure any application. Just as OATI secured it's ETS (Tagging) system, you can use existing webCARES certificates, or create new ones, to secure your in-house or third party applications. Do you have any interest in using OATI webCARES certificates to secure your in-house or third party applications?

7a) If yes, would a "Certificate Integration Toolkit" or direct involvement from OATI staff be more useful to you?

Once again thank you for the important role you played in rolling out certificates within your organization and for your responses to the above questions. If I can assist with any certificate related questions please do not hesitate to contact me.

Sincerely,

Patrick Tronnier Principal Security Architect Open Access Technology International Inc. Patrick.Tronnier@oatiinc.com
