Alan,

In response to your e-mail, the Letter Agreement has not been further revised since I sent it to you on March 30th (that e-mail is attached hereto).

The open issues relate to the following items in Attachment 8 which contains certain provisions to be used as part of the "Base Agreement:"

1. The issue detailed in the attached of whether WestLB will indemnify GEII against actions of the Enron entity acting as "Agent." Rob Gay is reviewing this issue. This issue would impact Section 20.1(a).
2. The inclusion of certain language that Enron has requested which would more clearly establish that GEII's indemnity obligation includes consequential damage claims by third parties. The language at issue appears in Sections 20.1(b) and 27.2.

At Brett Wiggs' request, Cheryl Costa is discussing the above issues with GEII. If you have any questions or comments or would like to discuss the foregoing, please contact me at 713-655-5102.

This e-mail, and any attachments thereto, is intended only for use by the addressee(s) named herein and may contain legally privileged and/or confidential information. If you are not the intended recipient of this e-mail, you are hereby notified that any dissemination, distribution or copying of this e-mail, and any attachments thereto, is strictly prohibited. If you have received this e-mail in error, please immediately notify me at (212) 735-3000 and permanently delete the original and any copy of any e-mail and any printout thereof.

Further information about the firm, a list of the Partners and their professional qualifications will be provided upon request.
Date: Thu, 30 Mar 2000 12:16:35 -0500 From: "Vanessa Wilson" <VWILSON@skadden.com> Cc: MTHURBER@skadden.com Subject: Fwd: GE Letter Agreement Mime-Version: 1.0 Content-Type: multipart/mixed; boundary="=_EEB7315F.5938C8D4"

As requested, attached please find the e-mail I sent to Rob Gay to which the current draft of the Letter Agreement with GEII is attached and which briefly summarizes the indemnity issue we have been discussing.

If you have any questions or would like to discuss the attached further, please feel free to contact me at 713-655-5102.

Date: Tue, 28 Mar 2000 17:36:15 -0500 From: "Vanessa Wilson" <VWILSON@skadden.com> Cc: MTHURBER@skadden.com Subject: GE Letter Agreement Mime-Version: 1.0 Content-Type: multipart/mixed; boundary="=_EEB7315F.5839C9D5"

Rob,

Attached please find the current draft of the Letter Agreement (32581.7), including Attachment 8 (32573.7) which sets forth various provisions to be included in the Purchase Agreement. Article 20 regarding indemnification is included in Attachment 8.

As we discussed, West LB has some concerns regarding including language in Article 20 which GEII requested by which West LB would indemnify GEII for Enron's acts (in its capacity as Agent). West LB has suggested they would be willing to undertake this obligation if they are reimbursed by Enron through the Acquisition and Development Agreement. Today, for the first time, West LB indicated that they may require a cap on this liability for Agent's acts in the Purchase Agreement.

GEII has requested that West LB undertake this obligation and Enron has agreed to pursue it with West LB. In light of this, the language which would establish West LB's indemnity obligation for the Agent's acts is not included in the current draft of Attachment 8.

Please let me know how you would like to proceed. As I mentioned, we are trying to finalize the Letter Agreement with GEII very shortly. I apologize for any confusion and look forward to working with you on this matter. If you have any questions or would like to discuss this matter further, please feel free to contact me at 713-655-5102.

Thanks, Vanessa.

Announcing Energy Profit Optimization Seminar Series

Sender	annualconference@prosrn.com
Recipients	[rgay@enron.com]
File	gay-r/deleted_items/34.

FOR IMMEDIATE RELEASE

PROS Revenue Management Announces Energy Profit Optimization Web Seminar Series

November 20, 2001-Houston- PROS Revenue Management, the world's leader in pricing and revenue optimization science and software, today announced a series of Energy Profit Optimization Web Seminars for the natural gas pipeline, storage, and trading industries in December.

PROS cordially invites you to attend this series which is scheduled as a set of four seminars as follows: o December 5th: Pipeline Natural Gas Profit Optimization, 2:00 - 3:00pm Central Time o December 6th: Storage Profit Optimization for Storage Operators, 2:00 - 3:00 pm Central Time o December 6th: Storage Profit Optimization for Storage Traders, 3:30 - 4:30 pm Central Time o December 7th: Trading Profit Optimization, 2:00 - 3:00 pm Central Time

Recently, a Wall Street analyst was quoted: "By 2001, companies that neglect to implement yield management techniques will become uncompetitive." PROS Revenue Management solutions have been credited with delivering 6-8% incremental revenue and 20-100% incremental profits. These Web seminars will allow industry leaders to learn from the experience PROS has gained in over 16 years of deploying these solutions.

These seminars will cover the basics of increasing revenues and profits while providing insight on how real-time data can be used to forecast demand elasticity and optimize profits. Participants of previous PROS seminars have found these sessions to be extremely helpful in improving their business and making them more valuable to their respective organizations.

The Web format will allow participants to attend from remote locations, ask questions in real-time, and interact with the presenter through an Internet browser and toll-free telephone number.

This seminar is free of charge, spaces are limited for a first come first served basis. More information and registration can be found at: http://www.prosrn.com/events/energy_optimization_webcast_series.html, or send an email to AnnualConference@prosrn.com. Interested participants will be contacted to receive conference access information.

About PROS PROS Revenue Management is the world's leader in pricing and revenue optimization solutions and the pioneer and dominant provider of revenue management to the airline and energy industry. PROS provides system solutions to the airline, energy, cargo, rail, healthcare, and broadcast industries, and has licensed over 235 systems to more than 95 clients in 39 countries. PROS' clients include 15 of the top 25 carriers in the airline industry.

The PROS mission is to maximize the revenue of each client using PROS' world-leading revenue management science, systems solutions, and best practices business consulting. PROS' clients report annual incremental revenue increases of 6-8% as a result of revenue management. PROS' solutions forecast demand, optimize inventory, and provide dynamic pricing to maximize revenue.

Founded in 1985 in Houston, PROS Revenue Management has a six-year compounded revenue growth of 40%, in large part due to the intellectual capital of its staff. Nearly half of PROS' professional staff has advanced degrees and the staff speaks a cumulative total of 26 languages. The company is profitable with Year 2000 revenue of \$29 million. For more information on PROS Revenue Management, please visit www.prosRM.com or call 713-335-5151.

Could you then sell our Love Life & Money Suite. Is this done on consignment or how do you operate. We may also have some other artists to discuss because we are building a new home and we will have less wall space in some cases and different needs in others.

Thanks

Rob

AM ----- To: Randall L Gay/HOU/ECT@ECT cc: Jeffrey C Gossett/HOU/ECT@ECT Subject: Sitara Deal # 96724 Alteration

Hello,

We had trouble calc'ing our BC Physical books yesterday and pinpoted it to this deal, which had an addition yesterday. In order to get a calc. we deleted the day from the deal. This of course will go back in, and I just wanted to let you know what is happening. The deal was for 111 MMBTU's; EC - IM Canada BC buying from ENA - IM West; the entry was dated 05/24/00 to PGEN/KINGSGATE/KING from PGEN/KINGSGATE/KING for a fee of NOVA_AECO-DAILY-US-CGPR...

I have let Rich Gebauer know about it on our end.

Have a great weekend.

Brian.

charles: the 2.20 price is the correct price. it was changed to reflect this. let me know if you need anything else. thanks

-----Original Message-----

From: Jacobs, Charles Sent: Monday, October 22, 2001 9:41 AM To: Gay, Randall L. Subject: Price change

Randy, Attached is a screen print from the Sitara audit report. Are you the "rgay" who changed this price from \$2.22 to \$2.20 on deal 1021469? I'm working on the Reliant Energy Services netout for September production and I'm getting a credit for them on this deal because of this price change. Can you tell if it's valid? If it is, I'll give them the credit. If it's not, can you change the price back so this credit will go away?

RE: CALL FROM ROB GAY ON WEDNESDAY

Sender	rob.gay@enron.com
Recipients	['chris.m.j.dutton@si.shell.com']
File	gay-r/sent/15.

Chris,

Nancy and Mary took the budget news well. Their response was "I don't care what the number is as long as the sponsors are stepping up for it." Frank also did not object. Unfortunately, they are saying that the CCT/CUST interconnection issue must be resolved before funding. Their concern is that if we sign then EPE will be subject to third party liability with members of the grid. They are willing to meet with us next week on the budget and the ECA but Cliff is not available until Thursday. Can you make it later in the week?

I'll keep you posted.

"The Associate and Analyst Programs" <axisteam@enron.com>@enron.com> on 09/15/2000 06:14:43 PM To: "rgay@enron.com" <rgay@enron.com> cc: Subject: IMPORTANT NOTICE: YEAR-END PRC PREPARATION

Good afternoon Supervisors of Associates and Analysts:

As you may be aware, the Year-End PRC for 2000 is quickly approaching and your assistance is needed in ensuring a smooth process. It is imperative that the Performance Management team obtains the correct reviewing supervisor for the

Associates and Analysts in order to facilitate the PRC process. The reviewing supervisor is the person that will provide the Associate/Analyst their year-end individual performance feedback. You will be considered the reviewing supervisor if you employ the individuals listed below as of October 1, 2000.

A comprehensive list of the Associates and/or Analysts currently in our database indicates that you are the supervisor of the individuals listed below. Please examine the list and reply with "No Changes" if the data is correct. If Analyst in your response. If you will not be the reviewing supervisor as of October 1st, please let us know so that we may follow up with the Associates and Analysts.

In order to meet the Performance Management Team's deadline, your reply is needed by Friday, September 22, 2000. We appreciate your assistance in this matter.

Our records show the following Associates and Analysts under your PRC review.

Joana Ryan, Associate Tracee Bersani, Associate

Thanks in advance for your cooperation. Please feel free to call Shelly Butler @ 713-853-4584 or Jana Giovannini @ 713-853-9233 with any questions you might have.

File	gay-r/deleted_items/64.

=09 =09 Dear Randy, The Washington bureau will have a full plate when = we return from Thanksgiving break. Congress returns with many lawmakers ur= ging action on energy legislation before the end of the year. Washington B= ureau Chief Peter Cook says there's a long list of legislation ahead of ene= rgy in the Democrat-controlled Senate, but Republicans are threatening to f= orce a vote through a filibuster. In turn, Democrats are saying they'll fi= libuster any energy bill containing a provision to open Alaska's Arctic Nat= ional Wildlife Refuge to drilling. The legislation battle continues next w= eek. Peter also says the Washington bureau will continue to follow the FE= RC's major decisions regarding how it assesses market power. The Commissio= n announced a major change this week that will impact many of the large and= small utilities across the country. Also next week, we'll see what Energ= y Daily Publisher Llewellyn King has to say about Pat Wood's performance as= Chairman of the FERC. And rumors are flying about DOE Secretary Spencer A= braham - on Monday, King talks about the whispers he's hearing in Washingto= n. ENL's Gale Smith will have a report from the Houston bureau next week = on a Louisiana company that uses rice hulls to create power. Agrilectric I= ncorporated consumes some of this power, but most of the electricity is sol= d to an area utility company. We'll have details next week. Also, Housto= n Correspondent Kim Benestante will bring us coverage from the Alaska Resou= rces Conference taking place next Thursday and Friday. We'll also bring yo= u details on the final report regarding the chosen route of the Arctic natu= ral gas pipeline. The report is due to Alaska's Governor on November 30. = We'll hear from Center for Energy Efficiency and Renewable Technologies Ex= ecutive Director John White next week. ENL's Kym McNicholas will speak wit= h White about his organization's opposition to the state's long-term power = contracts. Catch White from the West Coast bureau next week. Closing Pri= ces for Nov. 21, 2001: Crude: \$18.96 Unleaded: \$0.5273 Heating Oi= l: \$0.5342 Natural Gas: \$2.813 Keep in mind things are subject to chan= ge at a moment's notice. Occasionally guests have to cancel or change time = slots. We'll continue to do our best to keep you updated on future interv= ews and events. Have a great Thanksgiving break! We'll see you on Monday. = Be sure to watch our newscasts every business day - 9 a.m. to 5 p.m. ET, = at the top of each hour. =09 =09=09=09=09 =09=09=09=09=09 =09 =09 =09Jay Rickerts, EnergyNewsLive.com Anchor View today's Energy Wrap Vi= deo Windows Media Player: 56K | 100K | 300K Real Player: 56K | 100K = | 300K (Requires Windows Media Player or Real Player) Experience all = that Williams Energy News Live has to offer! Williams Energy News Live -- today's video newscast

Sender	ecenter@williams.com
Recipients	[enl-members-html@estutenws11.energy.williams.com]
File	gay-r/deleted_items/21.

Dear Randy, The Department of Energy is hosting a conference on Clean Coal Technology on Monday in Washington. The conference will take a look at where coal-fired generation could be headed in the future. U.S. Energy Association Chairman John Derrick, the Chairman and CEO of Pepco, is among those scheduled to speak. Look for energy legislation to move to the forefront when lawmakers return from Thanksgiving break. Republicans in the Senate say they want to take action on energy legislation in December, while Democrats aren't as sure of the time frame. Next week, the Washington bureau will bring us an update on where legislation stands and what the chances are that we'll see a comprehensive energy bill before the end of the year. The North American Electric Reliability Council will release its 2001/2002 Winter Assessment on Tuesday; our Washington bureau will bring us coverage. If MTBE is banned, the gasoline industry will have to drastically increase production of ethanol. On Monday, the Houston bureau's Gale Smith will have a report on some companies looking at alternative ways of making ethanol. We'll find out which products have a chance at becoming a substitute for MTBE. A recent poll taken by Deloitte & Touche says power deregulation in Texas won't mean an immediate rate reduction for consumers. The Houston bureau will have more from Deloitte & Touche's Branko Terzic on Monday. ENL's Kym McNicholas reports the California Power Authority is meeting over the weekend to discuss the scope and direction of its Energy Resource Investment Plan. The plan is due to the legislature and to the governor by February 15, 2002. Kym will bring us the latest on Monday from the weekend meeting. Also on Monday, the California Energy Commission will hear a petition for reconsideration of its decision on Calpine's proposed Meridian Energy Center. After the meeting we'll have comments from the counsel to the petitioners Stephan Volker. Jolen Operating Company President David Fleischaker will speak with us from Oklahoma City on Monday. He'll give us a status check of energy legislation and discuss what he feels is the real problem behind Enron. We'll hear from Fleischaker during the 2:00 p.m. ET newscast. From Dallas on Monday, RBC Capital Markets Director Mark Easterbrook is joining us. Easterbrook will talk about the performance and outlook for Master Limited Partnerships in the energy industry and which investors are suited to buy MLPs. Catch him during the 3:00 p.m. ET newscast. Broadcasting Note: I just want to give you a heads up on the schedule for next week. ENL will be dark on Thursday and Friday for the Thanksgiving market holiday. Keep in mind things are subject to change at a moment's notice. Occasionally guests have to cancel or change time slots. We'll continue to do our best to keep you updated on future interviews and events. Have a wonderful and relaxing weekend! Be sure to watch our newscasts every business day - 9 a.m. to 5 p.m. ET, at the top of each hour.
