Re: Any Plans tonight?**Sender** gerald.nemec@enron.com**Recipients** [ernie.j.zavaleta@fritolay.com]**File** nemec-g/all_documents/5519.

Hey Ernie! Sorry I didn't get back with you Friday. I left a little early, so I must have just missed your message. Did you guys have a good time on Friday night? How is everything going?

It has actually been thick around here. Worked several late nights last week to try and get caught up. I may have to delay the purchase of the new car with Enron's stock taking a hit lately. It did gain some points on Friday and early today. Hopefully it keeps it up.

Talked to George since his wedding? Haven't heard anything out of him since. Probably just overcome by marital bliss.

"Zavaleta, Ernie" <Ernie.J.Zavaleta@fritolay.com> 03/23/2001 03:18 PM

To: Gerald.Nemec@enron.com cc: Subject: Any Plans tonight?

Hey, what's going on? My brother-in-law and a friend of his are flying into town tonight? We're going to head over to Gilians (sp?), a place that is supposed to be like Dave & Buster's. We'll prob get there at about 10:00. We thought we'd hang there for a while and then head to the downtown area and find dome kind of bar. A couple of other friends of mine from B-school will be joining us, I thought you might want to as well. Are you game?

Write back or give me a call H: 281-251-6398, cell: 281-687-6893. I'm leaving work in a few minutes if I don't respond to any email.

later, E

Gerald.Nemec@enron.com 02/26/2001 01:39 PM To: Ernie J Zavaleta/Frito-Lay/US@Frito-Lay cc: Subject: Re: 2nd Hotel Room Confirmation

Ernie, Thanks for taking care of that. I will probably be getting into Austin earlier than you. I'll have my cell phone with me. (281) 772-9250. If you get into town earlier, give me a call. Otherwise why don't you just call me at the room when you get to the hotel. Sounds great, we'll ride over together. I might bring this girl I have kinda been seeing with me. My latest victim. We'll see. I believe that's correct. The wedding is at 7.

Thanks for the Dilliards tip. I was going to ask about that.

02/26/2001 12:09 PM Subject: 2nd Hotel Room Confirmation

Gerald,

Good news - we were able to get the second room at the same \$129 rate. Below you'll see two separate confirmation numbers - I don't think it matters which one you or I use. When you check in, just claim one of them. They're both on my card so you can transfer to yours at check-in.

I'm not sure what time we'll get there since we'll be coming from SA. I estimate we'll get there at about 5:00 (the wedding is at 7:00 right?) We'll actually be traveling to SA on Friday since some of Jill's family from the Valley will be there as well.

If we're not in contact before then, let's just plan on meeting at the hotel sometime between 6:00 and 6:30. We can drive over to the wedding together from there.

In case you didn't know, they're registered at Dillard's - we got him a gift yesterday, still plenty of items on the list.

Let me address your topics one by one:

1. That is fine, except that no guaranties regarding the condition of your entertainment center can be made for the duration of your stay. What day are you planning on moving? 2. I have only received one piece of mail within the last week, so I think it is mostly working. 3. Eric's local - Egillaspie@coral-energy.com (713) 230-3576 4. No calls 5. Sounds good. Sorry we haven't had a chance to catch up, we both have been running somewhere when we ran into each other at the house. Sat. nite I think the Gillaspie's wanted to go to Sambuca's downtown. Thought I might join them. Might want to check with Eric to see what's up.

Peace, G\$

05/25/2001 07:51 Subject: Misc. Topics

AM

Gerald,

The dust is finally starting to settle here at work and at Laura's, allow me to address a couple of topics:

1) I plan to be fully moved out this weekend except that I'd like to leave me entertainment rack in your garage for a week or two while I try to sell it if that's OK with you. 2) I put in a forward for my mail but it doesn't seem to be in effect. I called in a complaint yesterday but until then you may continue to receive some. I'll just have to check every couple of days. 3) I still haven't caught up with Eric at all, do you have his new work number and email? 4) I don't know if you're getting any calls for me but in case you don't have it, my new number at Laura's is 527-9460. 5) Lastly, we need to knock back some tonsil paint this weekend sometime. That will give me a chance to turn my key back over to you as well and you can go back to walking around the house naked.

That's about it. Talk to ya later, Ryan

Enron Industrial Natural Gas Company

Sender	mary.ogden@enron.com
Recipients	['n..gray@enron.com', 'gerald.nemec@enron.com', 'cddudley@aep.com']
File	nemec-g/inbox/807.

To: Ms. Cheryl Dudley, Houston Pipe Line Company

Dear Cheryl: I'm sending you this information to follow-up regarding our brief discussion today about the subject company. As I mentioned, the Texas Railroad Commission still shows this company as active. We have written to the TxRRC before saying that all the facilities and contracts for Enron Industrial Natural Gas Company were sold to HPL, but they can't "de-activate" the company yet because their records show it as "active" due to the activity shown by another company.

Apparently the company that needs to file corrected P-4s showing that HPL or another company is involved in these leases is:

Devon SFS Operating, Inc. 20 N. Broadway, Suite 1500 Oklahoma City, OK 73102 Phone: 405-235-3611

The wells operated by Devon that show up in the TxRRC records are:

Gas ID 147583, Well #3, State Lease # 90621 Gas ID 147993, Well #4L, State Lease #90621 Gas ID 147996, Well #4U, State Lease #90621

I hope this information is helpful. Thanks for helping us resolve this issue with the Texas RRC.

Best wishes, Mary

Dear St. Arnold's Army:

Bratwurst Promotion! Bratwurst Promotion! Bratwurst Promotion! Come eat a yummy St. Arnold bratwurst! Buy a brat for \$2, get a pint glass for free! What a deal! Supplies are limited! We promise to have fun! Friday, February 23 5 pm - 7 pm The Volcano 2349 Bissonnet 713-526-5282 By the way, our brats are also available at some of the Spec's and Rice Epicureans. Astronauts at the Brewery on February 24 Tour What do you want to be when you grow up? An astronaut, just like the rest of us. Here is your chance to meet the men and women with the right stuff. Some of the astronauts from the October 2000 shuttle mission will be coming to the brewery to give a presentation on what it is like to be in space. For those of you that have not traveled in space, it is pretty cool (so we're told). Needless to say, the normal beer speech will be drastically shortened to give them lots of time. We have met these guys and they are down-to-earth and fun. How often do you get to meet an astronaut? Children are welcome! Saturday, February 24 1 pm tour Saint Arnold Brewing Co. 2522 Fairway Park Dr. By the way, for those of you that have not been on the tour for a while, please note: you need to arrive by 1:15 because that is when we stop giving out the beer tokens! On this tour, we highly recommend arriving early as there should be a large crowd. Thanks for all your support! Cheers, Brock, David, Frank (both), James, Jamie, Jesse, Pete aka the Brew Crew! 4 Saint Arnold Brewing Company 2522 Fairway Park Dr. Houston, TX 77092 713-686-9494 phone 713-686-9474 fax Free tour every Saturday at 1 pm.

Bill -

Chris Hilger's letter appears confrontational and inflammatory. I'm sure that the letter to which he is responding is similarly belligerent. However, if Enron's goal is to avoid litigation and expense in this matter, this letter does not work toward that goal.

Unless there is some strategic reason to respond with specific dates and conversations, I think the only necessary sentences in paragraph one are one and three. Only the first sentence, as amended, is necessary in paragraph two. See my proposed revisions attached.

Natalie

Gerald,

Thanks for reminding me about where we stand on this issue. I sent John the draft affidavit and I think the best course is to wait for his response. If he asks about matters other than the draft, I'll have to check with the client and get back to him. That will give us time to formulate our response.

Bill

<Gerald.Nemec@enron.com> 07/23/01 10:16AM >>>

Bill, The contract itself does not have a confidentiality clause, but per Jeff Stone's email, Gulf does consider the contract proprietary information and does not want this info voluntarily disclosed at this time. I forwarded the email to you earlier.

Concerning the emails etc., as I mentioned before, ECS has a copy of a Confidentiality Agreement that we executed by Gulf, initialed by me as ECS attorney, but not signed by an officer of ECS. Our business guys think we executed this agreement. This CA would cover all information exchanged between Gulf and ECS. I have asked Russell Badder's to check with Gulf to obtain an executed copy. Nothing in the CA agreements prohibit me from disclosing the CA. So we could potentially provide the copy of the CA we have to John. Obviously the correspondence between ECS and Gulf contains the commercial terms of our power deal as we negotiated with Gulf. Given Jeff's email and the CA copy I have in hand, I would not want to disclose the emails and memo's without Gulf's explicit permission. Let me know if you have any ideas on the best way to approach this with WFLA.

Gerald,

Where are we in the process of gathering e-mails and other discovery that may be responsive to WFLA's request? Also, can I tell John Haswell that our contract with Gulf does contain a confidentiality clause? We discussed this but I can't remember if we agreed that I could disclose it.

Eric seems to think he is in charge of this little outing. But, he is mistaken because I am the gatekeeper of the tickets. If you have any questions regarding the Wings Over Houston Airshow this Sunday, please direct them to me. Thanks for your cooperation.

This just in from Ellington Field to me.

Please Note!

Due to heightened security at all airports across the United States, the following rules have been issued by the FAA and local officials concerning attendance at our airshow:

Because of heightened security all backpacks, coolers and tote bags must be left in the car and will not be allowed on the field.

These rules will be enforced by officials at the gates and on the grounds. Your cooperation and understanding is appreciated.

Eric seems to think he is in charge of this little outing. But, he is mistaken because I am the gatekeeper of the tickets. If you have any questions regarding the Wings Over Houston Airshow this Sunday, please direct them to me. Thanks for your cooperation.

This just in from Ellington Field to me.

Please Note!

Due to heightened security at all airports across the United States, the following rules have been issued by the FAA and

local officials concerning attendance at our airshow:

Because of heightened security all backpacks, coolers and tote bags must be left in the car and will not be allowed on the field.

These rules will be enforced by officials at the gates and on the grounds. Your cooperation and understanding is appreciated.

Jim Osborne expects to take delivery of 37 boxes of San Arroyo well files from Enogex by mid-week, next week. He is moving into new offices about the same time, approx. Tuesday, July 18th. I asked him to survey the data and give us a call ASAP re: what is included in the files/data. At that point, we can determine if we need to go to Midland to review, or have him send the pertinent files to us in Houston. As of now, no decision back from Wild Horse re: dew point solution. Wells currently producing approx. 1.6 mmcf/d because of higher than normal line pressures which are the result of the dew point problem and re-routing of the gas from the San Arroyo Plant (Wild Horse).

FYI, their new address and info.

File	nemec-g/all_documents/955.

Dear Member of the HBA,

FINAL REMINDER-THE NEW Houston Bar Association Pictorial Roster 2000-2001

All Members who had preordered the Pictorial Roster received their copy in May. If you did not yet order your New Millennium Pictorial Roster, there is still time to do so at your SPECIAL MEMBER PRICE, \$39.50 plus S&H and tax, a total of \$49.80.

Remember that this new issue has a NEW SECTION with Firm Listings, Areas of Practice, States Admitted, and Foreign-Language Proficiency.

IT IS EASY TO ORDER. Simply . return this E-MAIL, letting us know how many rosters we should send you. We will then call you for your credit-card information, or . MAIL your check to us, and we will send out the book the same day we receive your check, or . CALL (713-789-3560) or FAX (713-789-5617) us with your order and credit card information. Orders received by 12 noon are shipped the same day with your next-day receipt in most cases.

Please feel free to call us with any other questions you may have.

If you have already received your copy, we apologize for sending you this e-mail in error.

Sincerely yours, Annegreth Niemann

-----Original Message-----

From: Richardson, Stacey Sent: Tuesday, July 31, 2001 5:23 PM To: Johnson, Cheryl; Vanek, Darren Cc: Rodriguez, Bernice; Perlingiere, Debra; Anderson, Bridgette; Dickson, Stacy E.; Nemec, Gerald; Hernandez, Elizabeth L. Subject: RE: Constellation Energy Source, Inc., CP 55358 Importance: High

Cheryl,

Please do not suspend this CP until my group can review the current contracts in place and any deals that may have been covered by those contracts. Bridgette Anderson will be looking at this once trading slows tomorrow. We'll discuss it and get back with you tomorrow afternoon.

Has anyone in Legal heard anything on this?

Thanks, SBR x30569

-----Original Message-----

From: Johnson, Cheryl Sent: Monday, July 30, 2001 6:50 PM To: Richardson, Stacey; Vanek, Darren Cc: Rodriguez, Bernice Subject: Constellation Energy Source, Inc., CP 55358

Hi Stacey,

Got a request from Darren in Credit, to change the status of the subject CP to non-trading. When I made the change, I got the edit that indicates that 8 contracts are still active on the record, and the maintenance group is HOUGAS. Per Darren, all trades should be under CP ID 55134, i/no/ Constellation Power Source, Inc. I just want to make sure those can be moved if the record is in a non-trading status.

This is also flagged for EES, should that link and retail flag be added to the Constellation Power Source record, even though it is not known to be one of EES's customers at this time, or at least it hasn't been flagged as such at this time? I also went in to make that change, but since you are working on those contracts, I wanted to run it by you first.

EXHIBITS/SCHEDULES TO AIG SPA.doc

Sender	steve.hooser@enron.com
Recipients	[gerald.nemec@enron.com', 'david.marshall@enron.com', 'heather.kroll@enron.com']
File	nemec-g/all_documents/5933.

David,

Could you please provide a description of all Insurance Policies held by North Carolina Power Holdings, LLC. for the purposes described below; I'll forward you the latest draft of the SPA so that you can see how "Transferred Insurance Policies" is defined.

Also, could you please list "all" insurance that is held for the benefit of NCPH under Enron Corp., ENA or other entity programs. If you know, it would also be helpful to have an idea what insurance coverages Jerry Cambell's operating company has obtained to cover the plants and properties that NCPH and its subsidiaries (Elizabethtown Power LLC and Lumberton Power LLC) own. This will help with negotiation of the Exhibits, Schedules and ancillary agreements.

Thanks

Steve Van Hooser Enron North America Corp. 1400 Smith EB3877 Houston, Texas 77002 713-853-7238 ----- Forwarded by Steve Van Hooser/HOU/ECT on 04/24/01 08:42 PM -----

Re: Saturday Night Fever

Sender	ryan.ruppert@exxonmobil.com
Recipients	['lauragammell@hotmail.com']
File	nemec-g/inbox/1273.

Let me just bring everyone up to speed on the det's of Saturday's super-def throwdown jam:

Start time: 8 bells Seating: Limited Booze available: Cheap beer and select liquors from my personal stock Dress code: Shabby Sheik aka GeoWear Address: 2735 Steel Street

So in review, if you have lawnchairs you might want to bring some along for yard overflow seating. As for the sauce, if you prefer a certain gourmet beer bring it with you cause you aint gettin' it here. Liquor and wine is always welcomed. The location is just down the street from Carrie Nolan's for those of you who have been to parties at her place--those of you that haven't, first of all your lucky, and secondly, here's where we're at: One street north of Alabama, west of Kirby Drive (Directly west of the Whole foods). The street has a canopy of trees and is lined with apartments, were at the west end of the apartment complex, just look for the jugglers and mimes performing outside.

Look forward to seeing all of you, at least as long as I can see.

Cheers, Ryan

Ps. If you have any trouble just use the secret password below that I have encrypted into Binary: 110110001010

File	nemec-g/inbox/221.

I am out on Monday, but can be reached at 713.826.4488 (cell). I thought everything looked good. FYI - Karen cannot find an accrued liability balance at 6/30/01 after all. I want to make sure that this is a final adjustment, not subject to further audit whereby we would have to give it back. Exposure is the 100k we deducted from the Hanover realted amounts. But I don't want Northern to know - it seems to me they have already accepted it and we used the 100k to feel better about the issue we felt was in our favor contractually anyway.

Veronica Espinoza@ENRON 08/08/2000 02:32 PM

To: Eric Gillaspie/HOU/ECT@ECT cc: Brad Schneider/Corp/Enron@Enron Subject: Re: Entex assignment of contracts

As a matter of fact, we received a fax copy of the gty in favor of Resources Corp. Now all of the credit issues are taken care of and we can proceed with the legal assignment issues. Also, we have already communicated to the EOL team to have their status changed to reflect the assignment/new entity.

Give me a call if I could be of any further help.

VE

Eric Gillaspie@ECT 08/08/2000 02:19 PM To: Veronica Espinoza/Corp/Enron@ENRON cc:

Subject: Entex assignment of contracts

Veronica,

I believe I spoke with you a few weeks ago about a credit check for the assignment of a gas transportation contract from Entex Gas Marketing Company to Entex Gas Resources Corp. Could I have an update on the situation?

Thanks,

Eric Gillaspie 713-345-7667 Enron Building 3886 ----- Forwarded by Eric Gillaspie/HOU/ECT on 08/08/2000 02:16 PM -----

AM -----

Eric Gillaspie 07/12/2000 04:19 PM To: Brant Reves/HOU/ECT@ECT cc: Subject: Entex assignment of contracts

Mr. Reves,

I have not received a response in regards to the assignment of the Entex contracts (as discussed below) from a credit standpoint. We would like to make the assignment as soon as possible so long as credit does not have an issue with the new Entex entity.

Thanks,

Eric Gillaspie 713-345-7667 Enron Building 3886 ----- Forwarded by Eric Gillaspie/HOU/ECT on 07/12/2000 03:54 PM -----

Eric Gillaspie 06/27/2000 04:49 PM

To: Brant Reves/HOU/ECT cc: Gerald Nemec/HOU/ECT@ECT, Jackie Morgan/HOU/ECT@ECT Subject: Entex assignment of contracts

Mr. Reeves,

Entex Gas Marketing intends to assign certain interruptible gas transportation agreements to a new company of theirs which is:

Entex Gas Resources Corp. (it is a TX Corp.) P.O. Box 200905 Houston, TX 77216

Would you please run a credit check on this new entity.

Thanks,

Eric Gillaspie 713-345-7667 Enron Building 3886

Steve Van Hooser Enron North America Corp. 1400 Smith EB3877 Houston, Texas 77002 713-853-7238 ----- Forwarded by Steve Van Hooser/HOU/ECT on 04/24/01 08:52 PM -----

"Jay Sonnenberg" <jsonnenberg@bracepatt.com> 04/23/01 09:07 PM

To: <bob.percopo@aig.com>, <christopher.lee@aig.com>, <michael.walsh@aig.com>, <Jgrushkin@milbank.com>, <wbice@milbank.com> cc: "Clark Thompson" <cthompson@bracepatt.com>, <Heather.Kroll@enron.com>, <ozzie.pagan@enron.com>, <steve.van.hooser@enron.com> Subject: Securities Purchase Agreement (Highstar/ENA)

This time with attachments...

Attached are both clean and marked copies of the revised draft of the Securities Purchase Agreement, which incorporates the changes discussed in our meetings last week in NY. As to the revised draft, please note the following:

1) The revised draft does not consider any of the changes to the structure of the deal that will be required to solve the brokerage issues discussed earlier today among the lawyers. We are not sure at this point as to how these problems will be overcome, but will get back to you with our thoughts as soon as we can, and any assistance from the Buyer's perspective would be much appreciated. In the meantime, ENA has told us to try to keep moving forward to the extent we can on the SPA.

2) There are still a number of issues in the SPA which the parties have not yet resolved. Included in these open points are the following:

a) ENA feels very strongly about the need for a cap on liabilities and that the proposed amount of the cap in this case is already one of the highest agreed to in recent transactions.

b) Reps and warranties - after considerable discussion among various parties at ENA, we have left out a number of the "Material Adverse Effects" and "Knowledge" qualifiers that were proposed in our original draft, as discussed in NY. However, we have added back a few where it was the strong consensus at ENA that these were market terms accepted in prior similar transactions. The standard for applying materiality is still open - in some cases we left the Buyer's proposed "could reasonably be expected" language; in other places we went back to the "is likely to have" language because in prior transactions, buyers have accepted the much stronger "would have" standard, which we should probably have insisted on from the beginning. We have also limited the real estate and environmental reps as discussed because of the insurance that ENA has already purchased and paid for to protect the Buyer from these risks. The IP reps were deleted because of the lack of any material known IP related to the Facilities.

c) We have limited the opinions to be delivered to certain regulatory opinions only and omitted the Buyer's opinion entirely because of the size of this deal and the feeling that further internal opinions from ENA did not provide the Buyer with any further assurances.

Please call us with any questions or comments on the SPA or the above. We are also still waiting for your conceptual list of comments on the Asset Management Agreement.

Best regards,

Clark and Jay

Joe

I have tried to call you several times but no luck. I want to discuss the proposed right of way.

With reference to consideration, Howell is not agreeable to 10% down. We expect 100%, further I believe we will require a minimum of \$2,500 providing we agree on \$12.00 per rod.

In the grant delete "communication line(s)". Line 7 insert "pipeline" before "communication equipment". Further we need to delete any reference to surface equipment other than markers, wireleads, vent pipes and communication equipment. If a gate plant, ground valve, pigging equipment or cathodic protection equipment is to be located on Howell's property we will need other agreements. The systems Howell operated in Texas, Louisiana, Mississippi, Alabama and Florida were contracted in this manner.

Paragraph 3 we need to address our current operations in the area and its precedence.

Paragraph 4 replace normal plow depth with a "minimum of four (4) feet"

Paragraph 8 and 12 I think will not be approved by management and it would make expediting the execution of this document easier.

Paragraph 9, Howell in no way will grant any Power of Attorney for anything. Any amendment will be executed by Howell. Delete all references to POA in entire agreement and Exhibits. Further we prefer the entire right of way be recorded not a memorandum.

Paragraph 16 after "Right-of-way Grant" insert except for the term "pipeline".

Paragraph 17 delete any reference to Tenant in the entire agreement. We will secure execution by the Bank, you may deal with the tenants.

Further, I believe we will need an indemnification provision protecting Howell from any operation performed pursuant to this grant.

Let's talk. We will make a deal that all parties can live with. Our perspective is a little different than the average rancher.

Mark W. Heathcote, CPL Howell Petroleum Corporation 1111 Fannin, Suite 1500 Houston, Texas 77002-6923 (713) 658-4126 (713) 658-4114 Fax

Matt Gillaspie <matt.gillaspie@brentonbank.com> 09/29/2000 01:45 PM

To: Eric.Gillaspie@enron.com cc: Subject: RE: Reservation number.

This is my recommendation (the info under the double lines below was typed earlier than this fresh info here):

DELTA Airlines ---- this cost you guys \$5.00 more than Continental, but save me about \$230 + 2 days and we have better flight times in my opinion

You three depart Houston Intercontinental 11/17 @ 1:35 p.m. arrive Atlanta 4:43 p.m. depart Atlanta 5:45 p.m. arrive Madrid 8:10 a.m. (Saturday)

I leave Des Moines INTERNATIONAL Airport 11/17 @ 11:30 a.m. arrive Atlanta 2:45 p.m. depart Atlanta same as you

Returning on 11/27 . . . We all depart Madrid @ 11:35 a.m. arrive Atlanta 3:30 p.m. then . . You three depart Atlanta 5:35 p.m. arrive Houston 6:41 p.m.

I depart Atlanta 6:00 p.m. arrive Des Moines 9:32 p.m. (via Cincinnati)

YOU THREE's record locator # is MEW487 (\$483.90 tax included) MY record locator # is ME1XEN (\$611.90 tax included) <--- cheaper than paying for a flight to Houston and staying overnight

Delta = 1-800-354-9822 We can each call them and give them credit card & frequent flyer information (they also partner with United if you have a United frequent flyer number -- and perhaps others as well)

A return on 11/25 is available, but not 11/26. The 11/25 return would add \$20.00 to our cost each.

—

—

Continental International = 800-231-0856

The exact prior dates are not available. We COULD depart Friday 11/17 . . . and return Friday 11/24 -or- return Monday 11/27 but not Saturday or Sunday (both the international & domestic legs are sold out)

On Continental we have to fly through Newark as that is their gateway city. Since the flight must go through Newark (I also checked Northwest via Minneapolis and all their flights are sold out for 3 or 4 people) . . . I could actually just meet you guys in Newark -- it would cost me probably about \$100-150 more than to fly into Houston -- but it would save me two days; one on either side of your departure/arrival.

Let me know and I'll call back and change the dates/times, etc. if you want.

On NOVEMBER 17th you could leave Houston @ 7:40am, 1:20 pm or 2:20 pm and still get to Newark to meet the 8:25 pm flight to Newark. Tell me which you would want (I suggest 1:20 pm). Returning you would arrive in Newark at 1:55 p.m. and depart for Houston at 3:20 pm arriving at IAH @ 7:45 pm. Perfect.

Mr. Musselwhite,

If you could give the attached document to Mr. Jerry Campbell when he is in your offices today, I would appreciate. If you could ask him to especially focus on Schedule 5 - coal testing and Btu adjustment provisions, I would appreciate that as well.

If you have any questions about the foregoing, please do not hesitate to call me at (713) 221-1396. Best regards.

David W. Locascio Bracewell & Patterson, L.L.P. 711 Louisiana, Suite 2900 Houston, Texas 77002-2781 phone: 713.221.1396 fax: 713.221.2134 email: dlocascio@bracepatt.com

Rider to Schedule 3.1(q).DOC

Sender	taylr@andrews-kurth.com
Recipients	['gerald.nemec@enron.com']
File	nemec-g/notes_inbox/495.

As I mentioned in my voicemail, the Loan Agreement referenced in the attached document should be listed in Schedule 3.1(q) if it has been executed or will be executed prior to the Closing.

Also, depending on the date of the financial statements referenced in Section 3.1(k) of the Purchase and Sale Agreement, all of the documents that I have referenced in my e-mails to you may need to be listed in Schedule 3.1(k).

Regards,

Rob Taylor Andrews & Kurth L.L.P. Chase Tower 600 Travis Street Suite 4200 Houston, Texas 77002

North Finn Purchase Information

Sender	gerald.nemec@enron.com
Recipients	[debra.perlingiere@enron.com]
File	nemec-g/sent/2203.

Debra, We need to prepare a spot purchase master and confirm for the following deal. Please let me know if there is any further information that you need.

I don't believe they have an existing master spot, but we should check this. Thanks.

----- Forwarded by Gerald Nemec/HOU/ECT on 03/05/2001 09:03 AM -----

Theresa Staab@ENRON 03/02/2001 04:46 PM

To: Gerald Nemec/HOU/ECT@ECT cc: Mark Whitt/NA/Enron@Enron Subject: North Finn Purchase Information

Gerald, Here's the information for the North Finn Purchase. They had a copy of the Enrolio Spot Purchase/Sale Agreement.

North Finn LLC 950 Stafford Casper, Wyoming 82609 Attn: Larry Linn (307) 237-7854 Phone

Banking Information: Hilltop National Bank Routing #10230119 Account #021674 Country Club Rd. Casper, Wyoming 82609

Term: March 1 through March 31 Tier of Gas: Tier 1 Interruptible Gas Point of Delivery: Palamino #3 Screw Compressor, Meter #0814042 Price: Gas Daily, CIG Rockies (N System) minus \$0.25 minus gathering fees and fuel. Volume: 2,100 MMBtu/day

Let me know if you need further information. North Finn expects to have their production on-line by March 6th.

Thanks,

Theresa (303) 575-6485

I've always thought of you more as a turkey - never an eagle. Whatever floats your boat though. Just remember you're anything and everything in the confines of your own mind :)

Thanks for the address - I bought your wine table from Gerald (who had squatters right on it and could legally sell it to me - he's an attorney, remember) . The rest of your furniture belongs to Gerald - Texas Statue 013 from the year 1883 - "he that goes to the land of them Yankees forsakes all possessions, belongings and all things Texan. Carpetbaggers and Yankees have no claim on any property in the Republic of Texas."

Sorry - wish I could help you out - but the law is the law. Have fun at the game.

Brian

I spoke to Joe Ball last week and inquired of the status of our permit app. Joe had not heard anything from the legislature. After I reminded him that the legislature had a statutory maximum of 15 days to make any recommendation, Joe stated that he had waited long enough and would finalize the order and permit and submit it to the commissioner for signature. he indicated that we should have a signed order sometime this week. I'll keep you both posted.

Re: Status of HPL wells at Bammel

Sender	mary.ogden@enron.com
Recipients	['steve.schneider@enron.com', 'gerald.nemec@enron.com', 'tom.shelton@enron.com']
File	nemec-g/all_documents/6038.

Dear Steve: Yes, I'm going by the documentation sent to us by the Railroad Commission. I'll keep you advised re final disposition of the P-5 filing.

Best wishes, Mary

Steve HPL Schneider 05/07/2001 06:27 AM

To: Mary Ogden/HOU/ECT@ECT cc: Subject: Re: Status of HPL wells at Bammel

On the Ehrhardt, did you mean to reflect 12 wells?

Mary Ogden 04/26/2001 10:52 AM To: David Kantenberger/HPL/Enron@ENRON cc: Gerald Nemec/HOU/ECT@ECT, Cheryl Dudley/HOU/ECT@ECT, Steve HPL Schneider/HOU/ECT@ECT Subject: Status of HPL wells at Bammel

Dear David: I'm assisting Gerald Nemec in HPL's Tx Railroad Commission (TxRRC) P-5 filing. The TxRRC's files indicate that we have 2 inactive wells at Bammel, Field No. 05388270. The two wells are:

Pyles, Anna Unit, Lease/ID 04631 (1 well) Ehrhardt, John, Lease/ID 162241 (12 wells)

If these wells are inactive but not plugged, we will need to obtain bonds for these wells. Also, new TxRRC rules state that we must perform an "H-15 test" on these wells now.

Please tell me the status of these wells. If they are plugged and abandoned, our compliance requirements may change. If not, can you help us make sure that an "H-15 test" is performed and send me such proof so that I can satisfy the TxRRC

requirements?

Thanks in advance for your help, and please call me with questions or comments.

Best wishes, Mary

Form of O&M Agreement

Sender	dlocascio@bracepatt.com
Recipients	['gerald.nemec@enron.com', 'kcglc@alltel.net', 'apalizzi@yahoo.com', 'dwight.beach@enron.com']
File	nemec-g/notes_inbox/2445.

is attached. I appreciate everyone's patience in waiting for it, but as you will see alot needed to be changed based upon the parties' discussions. The revised agreement contemplates attaching as Schedule 5 coal testing and Btu adjustment provisions which I would prepare based upon whatever Enron engineers come up with on these issues.

Please note that I have incorporated the insurance provisions that were just e-mailed to me, but they require some cleaning up.

Please also note that contrary to what we were saying yesterday, the respective owner's would not be able to execute the O&M agreements on Monday because Enron would not control those entities then. Only when the closing occurs and Enron takes control of the 2 owners would they have the authority to sign on behalf of those entities.

In any event, as I mentioned yesterday, my home number is (713) 780-9122. If you cannot reach me at work, please try me there. Best regards.

Re: Misc. Topics

Sender	gerald.nemec@enron.com
Recipients	[ryan.ruppert@exxonmobil.com]
File	nemec-g/all_documents/6314.

Let me address your topics one by one:

1. That is fine, except that no guaranties regarding the condition of your entertainment center can be made for the duration of your stay. What day are you planning on moving? 2. I have only received one piece of mail within the last week, so I think it is mostly working. 3. Eric's local - Egillaspie@coral-energy.com (713) 230-3576 4. No calls 5. Sounds good. Sorry we haven't had a chance to catch up, we both have been running somewhere when we ran into each other at the house. Sat. nite I think the Gillaspie's wanted to go to Sambuca's downtown. Thought I might join them. Might want to check with Eric to see what's up.

Peace, G\$

ryan.ruppert@exxonmobil.com 05/25/2001 07:51 AM

To: gerald.nemec@enron.com cc: Subject: Misc. Topics

Gerald,

The dust is finally starting to settle here at work and at Laura's, allow me to address a couple of topics:

1) I plan to be fully moved out this weekend except that I'd like to leave me entertainment rack in your garage for a week or two while I try to sell it if that's OK with you. 2) I put in a forward for my mail but it doesn't seem to be in effect. I called in a complaint yesterday but until then you may continue to receive some. I'll just have to check every couple of days. 3) I still haven't caught up with Eric at all, do you have his new work number and email? 4) I don't know if you're getting any calls for me but in case you don't have it, my new number at Laura's is 527-9460. 5) Lastly, we need to knock back some tonsil paint this weekend sometime. That will give me a chance to turn my key back over to you as well and you can go back to walking around the house naked.

That's about it. Talk to ya later, Ryan

FW: First Amendment to Master Services Agreement

Sender	mark.whitt@enron.com
Recipients	[gerald.nemec@enron.com']
File	nemec-g/inbox/396.

Please call so we can discuss. -----Original Message----- From: Baldrige, Don Sent: Tuesday, September 18, 2001 1:14 PM To: Whitt, Mark Subject: FW: First Amendment to Master Services Agreement

Mark - Attached is Shonnie's proposed language for triggering the termination of the 4t qtr portion of the executory contract. We would have this amendment executed and send an invoice to ENA for the 4th qtr payment. Due to the IPAYIT system we would expect payment to likely be slow. Can you have G-money review it on your side? Thanks.

Current thought is to bring forward all of 4th qtr payment through the early termination amendment. Let me know if this causes you concern. If you get in a jam, we may be able to find some firm capacity on LC or FU to cover you for the rest of the year (or life of pipe).

Gerald since you handled this last year, I am forwarding this to you to determine from Michelle cash [head of recruiting] to see if we are planning to participate...I cannot imagine that we are not.... thanks bng -----Original Message----- From: "Bays, Rick" <RBays@lockeliddell.com>@ENRON Sent: Wednesday, October 17, 2001 10:16 AM To: Bays, Rick Subject: Summer Intern Program

I am a member of the Houston Bar Association -- Minority Opportunities in the Legal Profession Committee. One of the programs we sponsor is a first-year law student internship program. This committee meets with the students at all of the law schools in Houston and asks them to submit their resumes. We then provide copies of the resumes to prospective employers for review. The employer then selects the students they would like to interview.

Some employers have the students participate in their permanent hiring programs. Others provide this simply as a learning experience for the students. The employer determines the length of the internship and the compensation. Six weeks is a common period. This is a great program which has provided valuable experience to a large number of students for many years. If your organization would be interested in participating in this program, or if you would like more information, please e-mail me or call me. I appreciate your consideration of this matter. (Please feel free to forward this e-mail to the appropriate person(s) in your organization.)

-----Original Message-----

From: "Lawrence J. Hand, Jr." <lhand@lemle.com>@ENRON [mailto:LMCEANOTES+22Lawrence+20J+2E+20Hand+2C+20Jr+2E+22+20+3Clhand+40lemle+2Ecom+3E+40ENRON@ENRON.com] Sent: Thursday, August 09, 2001 11:38 AM
To: Owen, David; Robert. D. Morgan (E-mail) Cc: Gerald Nemec (E-mail) Subject: Napoleonville Storage No. 1

The permit application is set for public hearing on August 29 at 10:00 a.m. in Baton Rouge. I will forward a copy of the public notice upon receipt. The purpose of the public hearing is to allow any interested parties to make comments or present evidence on the application. Joe Ball prefers that Bridgeline not present any evidence or testimony at the hearing. Joe considers the application to be evidence of everything needed to approve the permit. Accordingly, I do not intend to present any evidence at the hearing. Our role will be to observe any comments or protests by interested parties. Joe Ball will advise if there are any issues raised at the hearing that require a response and we can supplement the record in writing. This approach is preferable because it does not subject anyone involved with the project to cross-examination at the hearing and it affords us time to make an informed and calculated response (if needed).

David and Robert: considering the importance of this project to your respective companies, I would encourage you both to attend if possible. I will defer to David as to whether Harry Allison should attend.

To: Shonnie Daniel/HOU/ECT@ECT, Gerald Nemec/HOU/ECT@ECT cc: Subject: Procedures to request early termination during the 30 day waiting period where did not request initially in HSR filing

FYI ----- Forwarded by Ann Ballard/Corp/Enron on 08/10/2000 11:20 AM -----

"Imus, Neil W." <nimus@velaw.com> 08/10/2000 11:01 AM

To: "Eva Neufeld (E-mail)" <Eva_Neufeld@enron.com>, "Ann E. Ballard (E-mail)" <aballar@enron.com> cc: "McCulloch, Bruce C." <bmculloch@velaw.com> Subject: Procedures to request early termination during the 30 day waiting period where did not request initially in HSR filing

August 10, 2000

Eva and Ann:

I exchanged voice mail messages with Mike Verne at the FTC's Premerger Notification Office about early termination ("ET") requests. I asked him what was involved if parties did not initially ask for ET but then changed their minds once the 30 day waiting period was underway.

Mike's voice mail response is transcribed below. Essentially you just send a letter in indicating you are now interested in ET. Assuming there is no ongoing interest in investigating the transaction further at either agency, it sounds as if you could get ET within 24 hours.

* * * * Voice mail message from Mike Verne - August 10, 2000:

"Hi Neil Mike Verne back to you on your question about early termination. Either party by letter can request that ET now be granted even if they didn't request it at the beginning of the waiting period. As far as the practicality of it being granted, DOJ ignores whether or not early termination has been requested or not so you will be in the same position with them as you would have been had you requested early termination when you filed. On our end, we would just run it back by whatever litigation shop it was referred to for information to let them know that early termination has now been requested and make sure they don't have any problem with that. Generally they will not or we would have referred it to them for a more substantive review at the beginning. So, usually within 24 hours of requesting it, you can have early termination granted assuming that DOJ is not involved. If you need anything else give me a call (202) 236-3167. Thanks."

* * * *

Neil

AGREEMENT WITH RESPECT TO GAS TRANSPORTATION

<<Gas Transaction Collateral Agreement(4-18-01)ENA_.doc>>

I made two changes to your version. Because of cumulative blacklining, they are not separately identified, but they were to add "or the Designee" in the parenthetical at the end of Section 4. More significantly, I reinserted our cure rights if you are in default of this Agreement. You had changed it to arise only in the event of a "Default under the Master Netting Agreement." We need it in either case.

Regarding UCCs. We are giving you a clean release under El Paso's release procedures. Hence I do not see the need to do a UCC search. If you would like, we will give you a representation that we hold the Pipeline Capacity free and clear of any liens or encumbrances, but then we would expect you to give us a covenant not to create or permit to create any lien or encumbrance on the Pipeline Capacity, all of which is implicit in any event. Also, since you possess the Pipeliien Capacity outright, there is no need for a security interest grant to you. To give you a security interest under the El Paso tariff, we need to use the whole Trust and Assignment Agreement that we drafted originally. Moreover, if we must do that to give you a security interest in something you already possess, then it becomes patently unfair to deny us a reciprocal security interest in the Pipeline Capacity, which, after all, we do not hold in our possession. One of the points of giving you the present release without the recall right was that you were not satisfied with the security interest route. In short, we think it adds no protection for you and creates significant additional burden for us (and for you in documentation).

Please call me on my cell phone at 301-502-1715 as you as you are available.

Thanks, Peter

Gerald -

I found out today that ENA did not really negotiate the ICE agreement as it was not contemplated at the time that trading would actually take place on the site. If it is contemplated that ENA Upstream will actually trade on the site, it is possible we will need to negotiate changes to the forms. Please let me know if ENA UC intends to trade.

Thanks.

Mark

Dear John,

Per Pam Anderson of Intercontinental, attached is some additional information about The ICE.

First, is an electronically executed copy of our Participant Agreement signed by each customer and second, our Service and Pricing Schedules. If you have any questions, please call Chuck Vice at 770.738.2129. If not, you may execute (and also state which name needs to appear on the system) and return a copy to Pete Van Winkle's attention at the address below at your earliest convenience.

Thank you for your interest.

Regards,

That sounds good but that's the day of the "Spring Jam". Dan's band and 4 others are going to be playing at a hole in the wall bar in Spring all afternoon and evening and the first 4 kegs are free. I suggest we attend that instead. Some of the bands in the line-up are actually pretty darn good. And who can beat free beer?

NOFX deliver punk with panache

NOFX (House of Blues; 1,000 capacity; \$22.50)

By Troy J. Augusto

HOLLYWOOD (Variety) - If there's one band that modern punk-rock concert-goers can always count on for a good time, it's L.A.'s NOFX, whose fusion of musical influences and tightly delivered mix of humor and melody leaves most other bands in their dust.

At the second of three sold-out House of Blues shows on Sunday, the three-chord quartet, which formed in the Bay Area in the mid-1980s, showed the result of years of nonstop touring by ripping through an action-packed hour-plus set.

The all-ages gig featured a fan-approved selection of popular catalog songs ("Linoleum," "Don't Call Me White," "It's My Job to Keep Punk Rock Elite," "The Brews") from their many independently released albums and EPs, each generating the usual mosh-pit activities on the dance floor. (Venue security types were busy all night ejecting the rabble-rousers.)

The set list was rounded out with a few choice cuts from last year's excellent "Pack Up the Valuum" (Epitaph) collection, like the twisted love tune "Pharmacist's Daughter," about a guy who dates a girl so he can get drugs from her daddy, "What's the Matter With Parents Today" and "Louise," one of bassist-singer Fat Mike's many graphic tributes to lesbians.

Besides the humor, band stands out from the pack with impressive vocal harmonies (even as they sing "kill all the white man"), outstanding songwriting, and the players' aptitude on their instruments, not exactly a strength for most punk outfits. Four or five songs even boasted guitarist El Hefe blowing smooth on trumpet.

Playful show ended with the new album's final track, "Theme From a NOFX Album," an autobiographical party limerick with an "oom-pah-pah" flow that pretty much summed up the band's fortunes. "We're professional punkers, we come from the suburbs, after 15 years we're still having fun."

Presented inhouse. Band: Fat Mike, Eric Melvin, El Hefe, Erik Ghint. Opened Feb. 24, 2001, reviewed Feb. 25, closed Feb. 26.

Georganne, this agreement will be executed Monday, dated as of Fri, Sept 28. I am out of the office on Monday, but by this e-mail I am asking Gerald Nemec to forward to you a copy of the executed agreement. Will you please oversee the removal of the transportation positions from the MTM books as of Sept 30 (you mentioned Jeff Gosset?). The 3Q removal is important as Northern Border will be recognizing income as a result of the agreement. We have already discussed (casually at last Monday's mtg) our accounting. We will probably need to discuss the Purchase Price Adjustment due ENA, as it has been negotiated and is being netted against the amounts due to Northern for the transportation capacity (we are the net payor). Generally speaking, AA may notice, if so, let me know, although clearly the acctg risks in this deal belong to Northern.

Dear Fellow Diver;

I hope everyone had a great holiday season and received the scuba gift they wanted. It appears many of you took my advice and bought gift certificates for friends and family and gave the gift of scuba.

I'm happy to share some big news regarding Project AWARE. Kristin Vallete, Manager of the Project AWARE Foundation was asked to attend a special environmental meeting hosted by Commerce Secretary Maneta in Washington D.C. to speak about its 2001 initiative, "Protect the Living Reef". This is very timely as the United Nations has declared 2001 as the year of Protecting the Reef. Project AWARE was recognized for its efforts in protecting the marine environment and making PADI Divers (hey that's you) aware and responsible for their impact on the marine environment. So, congratulations Kristin, Project AWARE, and especially to all of you for your support of this important effort. (<http://www.projectaware.org>) Some of you know that we have DEMA just ahead of us. Others are now asking themselves, "what is DEMA?" DEMA stands for the Diving Equipment and Marketing Association and later this month they will host the industry's largest show in New Orleans, LA. PADI and its Worldwide Subsidiaries will have over 100 people in its 60 X 40 booth. At the show this year, we will be introducing the DSAT TecRec Deep program. PADI will be distributing the Diving Science And Technology (DSAT) program through its membership of 100,000 professional members and 4600 retailers and resorts. This is one tough demanding course. CAUTION: This course is not for everyone. You will need some serious diving experience to be accepted into training for this program. Find out more on the PADI website. (<http://www.padi.com/courses>) We will also be releasing new support material for the Bubblemaker Program, launching our new PADI Open Water Video, and lots of other materials designed to keep our professional members at the top of their game. By the way, since we started this little (almost 200,000!) news letter in April of 1999, some of you have gone on to become PADI Divemasters. Maybe I'll see you at DEMA. If you get this and are at DEMA, please stop by the booth and say hello.

At DEMA, we will be taking the opportunity to say congratulations to our friends at Skin Diver Magazine. PADI is celebrating its 35th year and Skin Diver is celebrating its 50th year. If you ever read an issue of SDM, drop my friend Al Hornsby, Publisher a note congratulating them on 50 years, he can be reached at hornsbysa@petersenpub.com.

Another magazine, TAUCHEN, published in Germany and one of the most widely read in Europe has chosen PADI, "Best Training Agency" for the third year in a row. Thank you PADI Members, PADI Divers, and out wonderful team in Hetlingen, Switzerland at PADI Europe.

I'll give you an update on DEMA and all the buzz from the show next month. Until then, get a friend, and go diving.

Till next Month

Brian Cronin Senior Vice President, Business Development and International Business

BTW: The PADI Diving Society Event in Cayman was such a hit (now you didn't hear this here) we are going to have 4 more this year. We're sewing up the details at DEMA so read your Sport Diver Magazine in the U.S. or visit the PTN

website and look for info as it becomes available.

<http://www.padi.com>

To unsubscribe or change your email address, please go to <http://www.padi.com/fun/email/default.asp>

Dear Fellow Diver;

We are watching things very closely to see what PADI can do to help the dive industry get back to business as usual. I want to thank all of you who have sent me notes letting me know that you are still traveling, and still telling friends to get wet and try this cool sport.

We are currently evaluating incentives to encourage you to bring even more people into scuba diving, and we are asking other stakeholders in the industry to do the same. Every study we have ever done indicates that word of mouth from friends and family brings more people into diving than anything else. So, stay tuned as we develop innovative ways to recognize and reward you for doing what you love to do anyway: tell people about the thrill and fun of scuba diving.

And, just a reminder. I'm still sending out checks to Fellow Diver Newsletter readers for \$10.00 until October 31st. To get yours, just sign up for any PADI Adventures in Diving, Rescue Diver, or Divemaster course, send me your receipt attached to your special Fellow Diver coupon and I'll send you a check. Download your coupon at <http://www.padi.com/promo/dfd/> Just type in padidiver when asked for the password.

If you remember, a couple of months ago, we were trying to get Fellow Diver Newsletter readers to join us on Grand Cayman to dive with some huge country western music stars. Well, if you didn't make it, you can read all about it in this month's issue of Country Weekly. Travis Tritt and SheDaisy tell you about their great experiences as PADI Divers during Cayman Country. You can also see story summaries on the PADI Today Home page at <http://www.padi.com>

Speaking of travel, as you know, the travel industry has been hit hard by the events of September 11th. I just wanted to thank all of you who participated in our online survey at <http://www.padi.com> about your future travel plans. As of this moment, 68 percent of divers taking the survey are not changing existing travel plans. Of the 32 percent who are changing their plans, about 90 percent are only changing the dates or the destination of their travel. That means only 10 percent of divers taking the survey are permanently canceling their trips. Please do your best to support the airline, hospitality, and resort sectors of the world economy and book a dive trip soon.

According to our information, now that the summer dive season is winding down in the northern hemisphere, literally hundreds of PADI Dive Centers and Resorts are gearing up for PADI Seal Team programs. Earlier this year, PADI launched this program for kids eight and older. They get to do AquaMissions like Creature ID, Environment, Navigation, and Snapshot specialist. Check it out at <http://www.padisealteam.com/what.asp> or call your local PADI Dive Center. If you take your children, nieces or nephews into a PADI Dive Center or Resort and sign them up for the PADI Seal Team program, I'll do my best to get them on the PADI Home Page where more than 10,000 of your fellow divers will see them every day. Just send me a photo or two of them taken during the program, along with the name of the PADI facility. You

can send photos and stories to me a brian@padi.com

Until next month, get a friend (signed up for The PADI Open Water Diver course) and go diving! They'll thank you for doing it!

Brian Cronin Fellow Diver

To unsubscribe or change your email address, please go to <http://www.padi.com/fun/email/default.asp?DFD3=1>

Dear Fellow Diver:

Well, it's been a while, but we have been busy. Here's a brief rundown on what's been happening. In the United Kingdom PADI received some great exposure for the PADI Seal Team Program when the BBC's children television series Blue Peter did a whole segment on the Scouts in the UK taking up the Seal Team program. Here is a link to the Scout website so you can learn more; <http://www.scoutbase.org.uk/activity/outdoor/adventure/scubascout.htm>

Speaking of the PADI Seal Team, they made an appearance in October at the Scuba Extasea Expo in Denver, Colorado, USA. They were signing autographs and having a great time. Shina, Blade, Kiros, Daria and Alano even had their pictures taken with real-life U.S. Navy Seals. It was great.

By now, you should have received two special Fellow Diver newsletters inviting you to bring three friends into scuba diving and receive a \$50.00 check from PADI. I'm happy to report that the program is a big success! The scuba industry at large is jumping on the bandwagon developing associated offers for those of you who show them your PADI check. We will be doing our best to keep track of the many offers so that we can keep you informed. Please keep checking the PADI website and be on the look out for more special newsletters.

I did receive quite a few e-mails about the PADI Diving Society. Currently, there are two PADI Diving Societies. One is based in the US and the other is based in the UK and serves that region. The official publication of the PADI Diving Society in the US is Sport Diver magazine. I encourage you to visit their site at; www.sportdiver.com to learn more about Society membership and the magazine. And, PADI Diving Society members receive another \$25.00 from Sport Diver when three friends or family members receive their PADI Open Water Diver certification. Sport Diver also has a great email newsletter you can receive for free. Just drop in and register online at <http://www.sportdiver.com/idiver>

The holidays are quickly sneaking up on us. So what scuba-related gift can you give your friends or family? Here is an idea. We recently added cool post cards to the padi.com website. One is a gift certificate for \$10.00 off the PADI Open Water Diver course. Send friends or family members the post card and when they follow the simple directions and complete the Open Water Diver course, they get \$10.00 directly from PADI. Just follow this link:

www.padi.com/fun/postcard2 And don't forget to wish them happy holidays. It's a nice gift that doesn't cost you a thing.

If you happened to be in the Cayman Islands the first week of November, you might have met Michelle. "She" was the hurricane that came blowing through literally hours before PADI Diving Society's Total Submersion Event. Despite this, Sunset House, a PADI Gold Palm Resort, and the event's host hotel did an incredible job of making everyone feel at home.

If you were at Total Submersion, you would have seen something unusual. Me diving next to a mermaid! That's right, I dove the Mermaid off Sunset House and have pictures to prove it! Take a look at <http://www.padi.com/padi/offices/americas/news/mermaid/>. Despite the initial bad weather, more than 70 people had a fabulous week. Please consider joining us next year at this fantastic event. Details will be posted on the PADI website as they become available.

I know this is getting a little long, so until next time, get a friend (or three) and go diving. And, drop me a line to let me know about your latest dive adventure.

Hello HammerHeads & Friends,

This month's social/meeting is one NOT to miss. I say this for a couple of reasons. A group of us got together to try to work out some details for improving and helping the club run smother, but not losing the FUN of the club. There were 10 of us who looked through the "surveys" and "brainstormed" to come up with ideas and hopefully solutions. One of the issues was the meeting "Day & Time". We that every schedule conflict can not be resolved, but we hope this fixes most of them. So the social/meetings will be on the LAST THURSDAY of each month, 7:30-9:30 pm, ANNOUNCEMENTS will be started at 8pm. This should allow for late comers and not conflict with members' weekend trips. We also liked Surfers Paradise so will stay there for now, because of the atmosphere and accessibility. MARK your calendars , June's social/meeting will be:

29 June, 2000 7:30-9:30 pm Surfers Paradise 7620 Katy Freeway, Houston , TX (713) 681-5100 On Katy Fwy. At the Silber Dr. / Antoine Dr. exit, in the Mall with Edwards Cinemas (IMAX) (SEE ATTACHMENT)

We will go over ALL the information that was covered, and hand out some of it printed up. Also, we will be having a couple of FREE DRAWINGS for a few small things DEMA/HammerHeads has sent to us. So if you want to hang out with us, WIN some free stuff, and find out where the club is trying to head, come join us on the 29th of June.

Get Your Private, Free E-mail from MSN Hotmail at <http://www.hotmail.com>

Sender	bruce.rudy@enron.com
Recipients	[gerald.nemec@enron.com', 'brian.hendon@enron.com']
File	nemec-g/all_documents/1708.

My furniture has been abused and is frightened. I am going to liberate it from the fear of a topless G\$ sleeping on it with a Whataburger set precariously upon his chest. Hell, that would scare the heck out of any one/thing.

I advise you not to use Hendon as your counselor.

Gerald Nemec@ECT 10/13/2000 01:27 PM

To: Bruce Rudy/NA/Enron@Enron cc: Brian Hendon/Enron Communications@Enron Communications Subject: Re: New Address

How dare you take such a tone with my counsellor. You're just bitter that you have squandered all rights to your furniture. Face it, your furniture likes me better anyway now.

Dear Fellow Diver

Sender	padi@mail2.padi.com
Recipients	[]
File	nemec-g/inbox/1811.

PADI Americas 30151 Tomas Street, Rancho Santa Margarita, CA 92688-2125 800-729-7234, or +1 949 858-7234
<http://www.padi.com>

To unsubscribe or change your email address, please go to <http://www.padi.com/fun/email/default.asp?DFD3=1>

Dear Fellow Diver;

Wow! Since being mentioned in last months Fellow Diver newsletter, hundreds of you have downloaded PADI's "Bring A Friend" offer from PADI (<http://www.padi.com/promo/poker/download.asp>) that pays you \$50.00 just for getting three new people certified as PADI Open Water divers. I have also received hundreds of questions, so I thought I'd take a minute to answer the most frequently asked ones. Here they are:

What's the catch?

There is none. Honest. Just download the form and for every three divers you bring into a PADI Dive Center or Resort location who complete the PADI Open Water Diver course by February 28, 2002, I send you \$50.00. That's it!

If I get 6 people certified can I get \$100.00?

Yes, just make copies of the form, and for every 3 new PADI Divers your bring in by February 28, 2002, I will send you \$50.00.

Why is PADI doing this?

Actually, that's pretty simple to answer. PADI is trying to get more divers into the sport. It's not a secret that the dive industry's growth in the US has been flat over the last couple of years, so we're trying to "kick start" the industry with an outrageous offer. (See, I told you there wasn't a catch!)

I heard that some PADI facilities are offering additional incentives if I show them a copy of my PADI check. Are there other offers for getting new divers?

This is the best part of this whole program. Within hours of PADI announcing the launch of this program, we received inquiries from PADI Members and others in the industry who wanted to add additional incentives on top of the \$50.00. The results have been amazing. Several dozen PADI Retailers have called or emailed to tell me about their offers. These include:

Ocean Enterprises, CA; Ocean Divers, FL; Deep Six, FL; Bird's Underwater, FL; Ocean Odyssey, WA; A-1 Scuba, CO; Ocean Concepts, HI; Mass Diving, MA; Poseidon Adventures, DE; Annapolis Scuba, MD; Sport Chalet, CA; Divers Market, MA; Blue Horizons, PA; Aquatic Adventures, WI; Sea Side Dive, MI; Blue Ocean, NY; Underwater Phantasea, CO; Underwater Connection, CO; Weavers Dive & Travel, Boulder, CO; Ocean's Window, TX; The Dive Spot, TX; A.K.A Diver, Arlington, TX; El Mar Diving, AZ; All Wet Scuba, AZ; The Reef Diving Co., AZ; We B Divin', TX; Grapevine Scuba, TX; Hampton Dive Center, NY; and Aquatic Adventures, NY.

More PADI Dive Centers and Resorts are calling daily, so I apologize to those I've missed or inadvertently left off the list above.

Manufacturers have also stepped up to the plate and are in discussions with PADI to bring you more for your effort. Scubapro immediately said it will issue a \$25.00 rebate on Scubapro Twin Jet Fins to anyone who can show a copy of their \$50.00 check from PADI as well as proof of purchase. For details, please visit <http://www.scubapro.com>.

PADI resorts are stepping up to the plate, too. Sunset House in Cayman is offering 10 percent off for anyone who shows a copy of their \$50.00 check from PADI and books a stay there before March 1, 2002. UNEXSO in the Bahamas has a

\$150.00 dollar offer for showing the PADI check and an additional \$50.00 for every "Learn To Dive" customer you bring them. For details on these offers go to <http://www.sunsethouse.com/> and <http://www.unexo.com>.

I know you all hate long e-mails, but this has been truly incredible and there is still more good news coming. Both Sport Diver magazine (<http://www.sportdiver.com>) and Skin Diver magazine are working on additional incentives that I'm sure I'll be able to announce very soon. I also understand Seapro in Florida also has a program under development.

So, it's not just \$50.00 anymore! Do this right and you can earn a heck of a lot more -- you ain't seen nothing yet. So, what are you waiting for? Get three friends and go diving!

Brian

Adv: Reduce outside counsel fees, increase in-house expertise

Sender	rnussbaum@lrsolutions.com
Recipients	[gerald.nemec@enron.com]
File	nemec-g/inbox/1667.

Re: Dealing with today's uncertain business climate: How using LRSolutions will help your legal department reduce outside counsel fees, increase legal knowledge and expertise in-house and save countless hours of time for busy in-house attorneys

As you are well aware, legal research and related knowledge activities and products are traditionally not a great source of efficiency and expertise. In-house counsel are frequently asked to provide their companies legal advice in a vast array of legal areas. With corporate downsizing, understaffed legal departments are usually not equipped to deal with the many complex and varied legal issues that are presented on a daily basis. Time is precious, as well, and in-house attorneys consistently find themselves hard pressed to attack these difficult legal problems with the degree of care required for thorough research and analysis.

Traditionally, corporate counsel respond by utilizing outside law firms for many research and writing projects that could have been done internally if only they possessed the knowledge, resources, and time. Too often, these practices involve an inordinate amount of "reinventing the wheel", leading to inefficiency and burdensome expense. Outside counsel bill at exorbitant hourly rates while utilizing inexperienced, junior associates. The subsequent learning curve only adds to the enormous costs for corporate counsel. Because associates lack knowledge in the fields that they research, the total number of hours that they spend tend to be excessive. With soaring associate rates, the ultimate price for corporate counsel often reaches the upper stratosphere. At the same time, associates are likely to miss subtle nuances in the law that can be damaging to the client. In today's economy, it is absolutely essential for companies to reduce outside legal costs while retaining quality and value. In addition to saving costs, companies must be able to effectively manage risk in a proactive fashion, in order to avoid potential disaster.

LRSolutions is structured to maximize efficiency, value and quality. Experienced, in-house, partner-level attorneys actively manage all research-related projects, and are always available to discuss your concerns. LRSolutions' attorneys truly enjoy doing research, and analyzing complex legal issues. In addition, we work with our network of legal experts that include hundreds of the nation's premier law professors and other distinguished attorneys organized intuitively into areas of specialty. Only experts in the field can produce a product in the most efficient manner, without missing crucial issues and predict ultimate cost. Now, for a predetermined, fixed price, you can combine legal expertise with enormous cost savings. Please see <http://www.lrsolutions.com>.

Our products and formats are flexible, and include multi-state surveys, detailed research memoranda on specific, complex issues, summations of law, advocacy materials such as appellate briefs and court filings, regulatory handbooks and manuals in every conceivable area of law (enabling your company to better manage risk and raise legal awareness), contract and other document drafting, settlement packages, and listings of relevant authorities. We will always work with you to determine the format and objective that best suits your needs. We can work with your outside counsel as part of your overall legal team, or provide an alternative to utilization of outside counsel as well as support for in-house projects.

If you would like to contact me by phone, please feel free to call at 1-800-627-8047, ext. 1. Again, our website is <http://www.lrsolutions.com>. Please also feel free to reply via email as well. I am convinced that LRSolutions will be a critical and welcome long-term resource for your legal department as you attempt to deal with today's uncertain business climate, and I greatly look forward to speaking with you.

Sincerely Yours

Ray Nussbaum CEO and General Counsel LRSolutions, Inc. 121 Captains Drive, PO Box 5373, Babylon, NY 11704 Tel: 1-800-627-8047 Fax: 1-631-893-0809 Email: rnussbaum@lrsolutions.com Web: <http://www.lrsolutions.com>

FW: Bridgeline Application Deficiencies

Sender	david.owen@enron.com
Recipients	[gerald.nemec@enron.com]
File	nemec-g/inbox/1051.

Gerald,

This is the e-mail with Larry's comments regarding dewatering prior to issuance of the operating permit.

Dave

-----Original Message-----

From: "Lawrence J. Hand, Jr." <lhand@lemle.com>@ENRON [mailto:IMCEANOTES-+22Lawrence+20J+2E+20Hand+2C+20Jr+2E+22+20+3Clhand+40lemle+2Ecom+3E+40ENRON@ENRON.com] Sent: Friday, June 22, 2001 11:41 AM To: Owen, David Cc: Robert. D. Morgan (E-mail) Subject: FW: Bridgeline Application Deficiencies

David, enclosed is an electronic copy of a "deficiency" letter pertaining the storage permit application. The deficiencies are minor in nature and should be easy to remedy.

Robert Morgan and I met with Joe Ball yesterday and had a chance to discuss the permit application. The meeting was not planned, but it just so happened that Joe had recently completed his review of the application.

We also discussed the timeline for a final order approving storage in the cavern. Assuming we can provide the information requested in the letter on or before July 6, we can take the application to hearing on July 26. After the hearing there will be a 1 week post-hearing comment period (approx. Aug. 3). Commissioner's proposed order and findings of fact should be complete on Aug 10. Within 7 days the commissioner should send proposed findings of fact to Natural Resources Committee for review and comment (Aug 17). The order will likely be signed no later than the 1st week in September. It is possible that it could be as early as the last week in August.

I discussed with Joe Ball the issue of dewatering. He again said that we can begin dewatering anytime now upon notice the office of conservation. Joe interprets the regs to allow us to take steps necessary to "convert" the cavern from Brine to NG, but we cannot store NG without a permit. Joe considers dewatering to be part of the conversion process.

I would not recommend dewatering until we have provided Joe with the information identified in the attached letter and he has set the matter for public hearing (probably the first or second week in July). Joe will not set the matter for hearing until he considers the project to be technically sound and in compliance with Statewide Order 29-M. After Joe has "blessed" this project, it is unlikely that we will have to do further sonar testing (which I understand is difficult during dewatering).

Please call me at your convenience to discuss our response to the deficiency letter. 504-584-9122.

-----Original Message-----

From: Joe Ball [mailto:JOEB@dnr.state.la.us] Sent: Thursday, June 21, 2001 4:55 PM To: lhand@lemle.com Subject: Bridgeline Application Deficiencies

Below is the letter concerning the Bridgeline gas storage application that is being mailed.

June 21, 2001

Lawrence J. Hand, Jr. Lemle & Kelleher, L.L.P 601 Poydras St., 21 st Floor New Orleans, LA 70130-6097

Re: Storage Well Conversion Application Bridgeline Storage Co., L.L.C Napoleonville Storage No. 1, Serial No. 972568 Application No. 20406

Dear Mr. Hand:

An initial review of the referenced natural gas storage conversion application is complete. Please address the following items relating to that application and storage project:

1. Attachment 8, Page 4 of 5: Include the additional information on the well identification sign:
 - * Name of the storage well/cavern Operator, * Section, Township, Range in which the well/cavern is located.
2. Using the attached Guidelines: Closure Plan and Cost Estimate, provide:
 - * a plan for plugging and abandoning the storage well, and * a cost estimate for plugging and abandoning the storage well.
3. Provide a statement of the means by which Bridgeline Storage Company, L.L.C. proposes to comply with the financial responsibility requirements to plug and abandon the storage well. The statement on the type of financial documentation to be submitted may be a letter of credit, bond, or other instrument acceptable to the Office of Conservation. The funds to be available shall be no less than the amount identified in the closure plan cost estimate.
4. Provide a plan to monitor ground subsidence at and in the vicinity of the storage cavern. The frequency of subsidence monitoring shall be scheduled to occur semi-annually during the same period. The plan shall include submission of subsidence monitoring reports to the Office of Conservation.
5. Provide a discussion on the method proposed for documenting mechanical integrity of the storage well/cavern. The frequency of testing shall be at least once every five years.
6. Provide a discussion on the method proposed for determining cavern capacity. The frequency of cavern capacity determinations shall be at least once every five years.

Contact Joe Ball at 225-342-5561 if you have questions.

Yours very truly,

Philip N. Asprodites, Commissioner of Conservation

File nemec-g/inbox/821.

So I'm here in my office compiling some production data off the shared drive this morning and listening to a little of the Best of the D cd that Eric was so kind to cut for me. Of course due to the unruly nature of the D I was using my headphones. About 2 hours later I get a phone call and I take off my headphones to answer it only to find that my computer speakers were blasting the D and I couldn't tell because of the headphones. Maybe I'll be employing the message of the D sooner than I'd like.

Ps. Welcome back.

Hi Dena, Hope you had a good weekend. I went to Austin for my friends wedding. Got to see a lot of old friends that I haven't seen in a while, so that was cool. Sounds like your pretty busy these days. I can understand that with the transition moving forward. Lunch would be great. I am open later this week or early next week. Let me know what you schedule looks like.

Gerald

Ski trip information

Sender	patricia_cuero@dell.com
Recipients	[gerald.nemec@enron.com', 'ra6023@email.sps.mot.com', 'virginia_hewelt@dell.com']
File	nemec-g/all_documents/4698.

Here is the information on the ski trip. We still have room for two more people if you know of some else who may be interested...

The house is rented for March 8-13th (Lake view and Hot Jacuzzi tub on the back) The cost of the house is \$280/person for the whole duration (maybe less, I am working on discount) The plane fair is between \$200.00 - \$270.00 depending on who you fly with There is a shuttle from the Airport to Tahoe for \$45.00 round trip and we may rent a mini van for moving around the city. Food and lift ticks vary on how much you ski and where we go eat. Casino expending money not included!!! ;o)

Let me know if you need additional information.

Are you still interested? Drop me a note!!!

Thanks, Patricia Cuero Bus Ops, Program Manager (512) 723-6977 (800) 289-3355 ext. 36977 (512) 728-3653 fax

*Message 109 of 291***Revision to Master Netting Forms**

Sender	mary.cook@enron.com
Recipients	['joel.ephross@enron.com', 'morris.clark@enron.com', 'rick.antonoff@enron.com', 'alan.aronowitz@enron.com']
File	nemec-g/inbox/1608.

As a point in clarification, in Section 2(a) of the Master Netting Agreement the parenthetical "(including automatic termination, if applicable)" should be deleted. Here are the new forms with the deletion made in them. Since the form is amending the underlyings to not include automatic termination, the parenthetical should no longer be included.

Further, see the attached once again revised process (hopefully this will be the last revision for a time!). Changes are in bold and deal with the gas receivables financing and credit sign-off. To the extent a counterparty will agree to a 25th of the month effective date, do so, as it fits our physical gas billing cycle and makes it easier to pull out the receivable from the gas receivable financing.

Stacy,

I have three questions about the attached letter.

1. Are we doing this transaction as ENA or ENA Upstream? 2. Are the confirms in the name of ENA? The August - October deals were done between ENA Upstream and Linder. 3. Are the confirmations under GTC Spot? I thought they were going to be GTC FIRM.

If you could get back to me regarding these questions, I would appreciate it.

Judy

Sender	veronica.espinoza@enron.com
Recipients	['gerald.nemec@enron.com', 'debra.perlingiere@enron.com']
File	nemec-g/inbox/392.

I need to check on their 3rd party debt. I'll get back to you later today.

However, since the entity is set up as a division of Atmos Energy Corp, do we legally have a master contract with Atmos Energy Corp as well?? Greeley's exposure rolls up under Atmos Energy at the end of the day and they transact under both names. Also, have we verified that Greeley Gas Company, a division of Atmos Energy Corp is actually a valid legal entity??

Let me know, please.

Thanks--Veronica

I have already received a pretty substantial stack of master agreements from Bill Bradford that I am having copied right now. Bill believes that these are the contracts under which we have the most significant exposure to PGE entities, and that if we provide these to LeBouef they will have most of the story.

Before you go to a lot of trouble tracking documents down, you might want to see what I have. I will also need some help in identifying specific contracts to specific positions on the credit spreadsheet.

Thanks for your help on this.

Falcon

Sender	miguel.vasquez@enron.com
Recipients	['gerald.nemec@enron.com', 'paul.gregory@enron.com']
File	nemec-g/inbox/355.

Gerald,

We want to do a transaction with Falcon Gas where we provide them with base gas for pressure in their facility. We basically would park gas in their facility until Jan./04 to provide pressure. We are making two (mutually exclusive) proposals.

Proposal 1: Park 2 Bcf of gas on October and November 01 (33,000/day), this gas would be delivered at the Lone Star WA line where it connects to the Hill Lake storage facility (Hill Lake is building a lateral that would connect to the bigger and better connected Lone Star's "X" line, this will be ready by the time we pull out our gas). Redeliver the gas to ENA at the interconnect of the Falcon lateral to the "X" line on January 04 (66,000/day). The redelivery would be done all in one month (the lateral and compressors would be in place to allow for delivery in one month).

Proposal 2: Same transaction as #1 except that: We may get the option to convert 10% of our base gas to working gas (and therefore withdraw it) on the previous January (03).

Please let me know if you want to meet to talk about the details. I'm attaching the draft term sheet for your review and editing (it is pre-credit but post desk pricing).

In case anyone was wondering.....

RE: Tax Refunds

The amount of your payment is based on the taxable income shown on your 2000 return. The amount is 5% of your taxable income up to a maximum of \$300 for a single taxpayer, \$500 for head of household and \$600 for a married couple filing jointly. If your tax liability after nonrefundable credits is less than these maximum amounts, your limit is the smaller of this amount or 5% of your taxable income. If you did not have a tax liability for 2000 but do have one for 2001, you may be able to claim the tax credit on your 2001 return.

This means for those of you who made at least \$6000 in taxable income last year (2000), you will receive \$300 back on the date scheduled below:

Receive your check by:

Last two digits of your SSN:

July 23 00-09 July 30 10-19 August 6 20-29 August 13 30-39 August 20 40-49 August 27 50-59 Sept 3 60-69 Sept 10 70-79 Sept 17 80-89 Sept 24 90-99

FORM CHANGES: READ

Sender	mary.cook@enron.com
Recipients	['rick.antonoff@enron.com', 'alan.aronowitz@enron.com', 'morris.clark@enron.com']
File	nemec-g/inbox/1643.

1. Be sure to verify that the underlying contracts do not allow cherry picking under any default scenario. If it does, amend the express language.
2. We have made 2 changes to the netting agreement forms on the basis of further review by Leslie Hansen of some provisions in our trading forms. The first change is in paragraph 2(a) to clarify the definition of Default. The second change is in paragraph 14(b) to delete the day limitation on claims of Force Majeure. We feel this should not be included in any physical contract that will be included in a master netting agreement, especially because of the current international situation and security concerns.

See attached reline version to read the changes.

3. No changes have been made to the Collateral Annex.
4. Attached below are the new forms. Rather than continue with forms with and without the user notes, I put the user notes in a separate document. They are not at the back of the forms. Simpler.

The attached forms are Master Netting & Security Agmnt 10 h a v1 (to use without collateral annex) and Master Netting & Security Agmnt 10 h v1 (to use with collateral annex).

John,

I also sent a fax of the specs to your office yesterday. So you can get that copy early and not wait for FedEx if you choose. If what you receive is not what you expected, e-mail or call. I'm here all day.

I hope reading this material doesn't destroy your weekend.

Bill

Ann:

I think you can change your mind on requests for early termination short of withdrawing and re-filing, but I don't know for sure what the procedure would be. I have had gone through situations the other way, where we have filed with an ET request and then changed our minds and withdrawn the request, and we have done this with a letter. I left Mike Verne a voice mail message just to ask him the procedure, but have not heard back. I'll let you know.

I'm being told that maybe the parties don't want to ask for early termination on this HSR filing. If they change their mind after they file, do they have to withdraw and refile, or can they amend their filing? Also, I was asked to possibly file on Friday instead of Monday.

RE: Renegotiation Letters

Sender	theresa.staab@enron.com
Recipients	['gerald.nemec@enron.com', 'mark.whitt@enron.com', 'debra.perlingiere@enron.com']
File	nemec-g/inbox/360.

Debra, We are only showing that 4 producers need renegotiation letters: Kennedy and MTG (notice by Nov. 1) and Quantum and Coleman (notice by October 1). These are based off of the "Initial Pricing" term which was 2 years from "In service date" (Dec. 1, 1999).

I show Wellstar and Phillips (Petrogulf) are expiring in Dec. 02 and Independent expires Dec. 03.

Also, I noticed you set up the Phillips agreement as Petrogulf. Do you have the assignments from Petrogulf to Phillips? I can fax those to you if you need them.

Let me know if you have any questions.

Thanks. Theresa

(I'll take a look at the September confirms by this afternoon.)

-----Original Message-----

From: Perlingiere, Debra Sent: Wednesday, September 12, 2001 1:38 PM To: Staab, Theresa; Nemec, Gerald Subject: Renegotiation Letters

Theresa attached are renegotiation letters as discussed.

<< File: Kennedy Renegotiation.doc >> << File: Wellstar Renegotiation.doc >> << File: Coleman Renegotiation.doc >> << File: Quantum Renegotiation.doc >> << File: Independant Renegotiation.doc >> << File: MTG Renegotiation.doc >> << File: Petrogulf Renegotiation.doc >>

Please note I did not find an address for Coleman in our files. Also, I have not prepared letters for Howell Petroleum and North Central Oil Corporation.

John,

Sorry, during our telephone conference yesterday I should have been more precise about these documents. I have the technical specifications in fax form but I was not able to send them yesterday. I will have clear originals by FedEx today and will fax them this afternoon and send them by overnight for delivery in your office Friday.

About the GPC/ECS contract, we are trying to determine if GPC has a claim of confidentiality that they believe would prevent ECS from disclosing some or all of the contract without their approval. ECS has no objection to producing the contract and I hope that we can get this resolved quickly.

Enjoy your weekend.

Thanks very much for the information on the PGE trading contracts.

Outside counsel is developing a form of "matrix" that they would like us to complete on each of the contracts. I expect that you will have already done most of the work to complete that matrix with respect to your contracts, but we will need your help in completing the matrix and possibly digging up some additional information. I will forward the matrix to you when I receive it.

I know how busy everyone is, and really appreciate your prompt response in this matter. As you know, the situation in California is critical, and completion of this due diligence effort is key to our ability to respond to the situation.

WE WANT YOU! Please join Dallas in celebrating America at The Freedom Run (www.thefreedomrun.com) on Veteran's Day, Saturday, November 10, 2001. The 5 K Run/Walk begins at 8:30 AM at the American Airlines Center. The Dallas Association of Young Lawyers' Leadership Class, which is organizing this event, is looking for runners, walkers, and volunteers to participate in the walk/run. Volunteers are needed on race day from 6:30 AM until the course is complete. In addition to being part of this patriotic event, volunteers will receive a complimentary T-shirt (red, white, and blue, of course!). Our goal for this family event is to fill the race course and festival site with an outpouring of patriotism in tribute to the heroes and victims of September 11. There will be activities for all, including those who choose not to run, walk, or volunteer. There is literally something for everyone, and all proceeds will go to the American Red Cross's September 11th Fund. A "Freedom Wall" will also be available for you to record a message to those affected by the tragic events last month, and the Wall will then be sent from Dallas to New York for display. If you are interested in participating in the race, you may sign up at the website listed above.

Thanks very much for the information on the PGE trading contracts.

Outside counsel is developing a form of "matrix" that they would like us to complete on each of the contracts. I expect that you will have already done most of the work to complete that matrix with respect to your contracts, but we will need your help in completing the matrix and possibly digging up some additional information. I will forward the matrix to you when I receive it.

I know how busy everyone is, and really appreciate your prompt response in this matter. As you know, the situation in California is critical, and completion of this due diligence effort is key to our ability to respond to the situation.

He called today and left the following message:

"He would like to know if you were able to square away Enron Corporate Representatives for depositions on September 10, 11, 12. He would agree to do these by phone."

Phone is better than in person. Easier to cut off offensive inquiry. What do you think about making someone available in Houston?

In the meantime, I'll try to get more information about questions he would like to ask. I doubt that I will have any success in that effort.

Bill

<<Enron revision.doc>> Dear Mr. Hilgert,

You have been working with Bob Kannor and Kurt Bell to put an agreement in place between POWER Engineers and Enron Compression Services Company. They have enlisted my assistance to propose a modified agreement to you for review. Please find attached, the document you provided to us, which has been modified with the Word revision tool.

Please review our suggested modifications and provide your comments. We are seeking to execute an agreement that allows us to properly manage our exposures, while providing to you prompt, professional services which meet, and hopefully exceed, your expectations. If you have any questions or concerns about any of the modifications, please call me at the phone number below. I know that both Kurt and Bob are anxious to get the contractual arrangements completed so that they can begin reviewing your project needs, so they may be contacting you in the next day or so to review.

Thank you for the opportunity to propose these modifications and we look forward to a productive relationship with your firm.

Regards,

Suzanne Walsh Contracts and Insurance Administrator POWER Engineers, Inc. 3940 Glenbrook Drive P.O. Box 1066 Hailey, ID 83333 ph. (208) 788-3456 fax (208) 788-2082 swalsh@powereng.com

Re: Bridgeline Storage Company, LLC's Storage Well Conversion Application Napoleonville Storage No. 1, Serial No. 972568 Application No. 20406 Our File: 7606-001354

Dear Joe:

As you know, Bridgeline Storage Company, LLC's application for a permit to convert Napoleonville Storage No. 1 to natural gas service is pending before the Injection and Mining Division. At this point, Bridgeline Storage Company has responded to the Request for Additional Information from your office dated June 21, 2001 and we await your response to see if any further information is needed prior to setting this application for public hearing. Also, I would like to take this opportunity to confirm our prior conversations concerning dewatering of Napoleonville Storage No. 1. It is my understanding from our conversations and my review of pertinent regulations that Bridgeline Storage Company, LLC may begin dewatering Napoleonville Storage No. 1 pursuant to the existing work permit to convert the well. Unless I hear from you to the contrary, Bridgeline Storage Company will begin dewatering Napoleonville Storage No. 1 on August 1, 2001. Of course, Bridgeline Storage Company will not store natural gas in Napoleonville Storage No. 1 until an Order has been issued by the Commissioner of Conservation approving such storage. Sincerely, Lawrence J. Hand, Jr. LJH,jr:gms

Reminder re: JEDI II and Merchant Assets

Sender	travis.mccullough@enron.com
Recipients	['shirley.hudler@enron.com', 'peggy.banczak@enron.com', 'joel.ephross@enron.com', 'sandi.braband@enron.com', '...']
File	nemec-g/notes_inbox/1602.

A significant number of our merchant investments are owned in whole or in part through various structured finance vehicles. Amendments, restructurings, dispositions, follow-on investments and other significant transactions related to those assets may be prohibited or may require internal or external consents. As the commercial teams may not always be

familiar with these vehicles or the special considerations that may apply to these vehicles, you may want to confirm with the attorney/legal assistant that is most familiar with the particular vehicle that (i) the appropriate people are "in the loop" with what you are doing with the asset, and (ii) that there won't be any unpleasant surprises (like a required consent that has not been obtained) five minutes before you are supposed to close whatever transaction you are working on.

The contacts for the most active vehicles are:

JEDI - Jordan Mintz JEDI II -- Joel Ephross, Shirley Hudler Raptor and Trutta -- Joel Ephross, Lisa Mellencamp, Mary Cook Merlin -- Anne Koehler Rawhide -- Mary Heinitz, Brenda Funk Hawaii -- Gareth Bahlmann

In addition, please make sure that Shirley Hudler is aware of any significant pending transaction involving a JEDI II asset. With respect to new deals, I understand that the JEDI II commitment period has been extended to June 30, 2001, and that as a result ENA will still have an obligation to place "qualified investments" in JEDI II. While EGF will have a good handle on the funding source for your deal, in the early stages the commercial team is not always aware that JEDI II is still out there. Again, if you have any questions, please contact Shirley Hudler.

National MS Society 150 Mile Bike ride

Sender	patricia_cuero@dell.com
Recipients	[]
File	nemec-g/all_documents/5169.

Dear friends,

Last year you helped me and the cycling club from Dell raise almost \$15,000.00 for the National MS Society. This year our goal is to reach \$20,000.00

Once again, I will be riding the MS150 and I would like to impose on your generosity by asking you to make a monetary contribution to the National MS Society by supporting the bike ride. I will be biking over 150 miles from Houston to Austin and your monetary pledge will help MS raise money for research, education and care of individuals with MS.

Every hour an adult is diagnosed with MS. Multiple sclerosis is a chronic disease affecting the central nervous system. Please visit their web site at www.ms150.org for additional information

How can you contribute? The process is very easy.... You may do it on line or call me or send me an email and I can make an alternate arrangement. If you would like to donate online, use the following link to get to the web page <http://www.ms150.org/ms150/donate/contribute.cfm?EventId=1>

Once there, follow the following easy three steps :

Step 1: Enter rider name: Patricia Cuero Address: patricia_cuero@dell.com Amount: \$20.00 or \$50 or \$100.00 or your choice Hit Continue

Step 2: On the next page enter method of payment Hit Submit

Step 3: Confirm and make copy for your records. (This can be done in seven minutes or less)

If you prefer the more traditional way, Please let me know using the buttons above and I can come by your office to pick up the check or cash. Please make checks payable to National MS Society.

REMEMBER: All donations to the National MS Society are Tax deductible.

Thank you, Patricia Cuero Bus Ops, Program Manager (512) 723-6977 (800) 289-3355 ext. 36977 (512) 728-3653 fax

We have two Summer Clerks coming in this summer which we have hired through the Houston Bar Association Minority Recruitment Program. Majed Nachawati will be starting Monday May 21st. He will be here 6 weeks and Alisha Mahibar will start on July 2 and be here the final 6 weeks.

Enron Corp. also has hired two law summer clerks from UT . These clerks will be doing 4 week rotations throughout Enron and we will have them each for a four week period. Dates are still being finalized.

Samantha Ferguson, an HBA law clerk from last summer, will again support the Global Market group this summer.

I would like to have a point person from each of your groups with the charge of getting these clerks involved in the project flow for each group. My plan is to have these clerks work with two groups during their time here with the groups rotating during the summer. Please, consider who in your groups would be best suited for this role and provide feedback as soon as possible. I will take this role for the East Origination-Gas Trading group. Thanks for all your help.

National MS Society 150 Mile Bike ride support

Sender	patricia_cuero@dell.com
Recipients	[]
File	nemec-g/all_documents/5161.

Dear friends, Last year you helped me and the cycling club from Dell raise almost \$15,000.00 for the National MS Society. This year our goal is to reach \$20,000.00 Once again, I will be riding the MS150 and I would like to impose on your generosity by asking you to make a monetary contribution to the National MS Society by supporting the bike ride. I will be biking over 150 miles from Houston to Austin and your monetary pledge will help MS raise money for research, education and care of individuals with MS. Every hour an adult is diagnosed with MS. Multiple sclerosis is a chronic disease affecting the central nervous system. Please visit the web site at www.ms150.org for additional information How can you contribute? The process is very easy.... You may do it on line or call me or send me an email and I can make an alternate arrangement. If you would like to donate online, use the following link to get to the web page <http://www.ms150.org/ms150/donate/contribute.cfm?EventId=1> Once there, follow the following easy three steps: Step 1 Enter rider name: Patricia Cuero Address: patricia_cuero@dell.com Amount: \$20.00 or \$50 or \$100.00 or your choice Hit Continue Step 2 On the next page enter method of payment Hit Submit Step 3 Confirm and make copy for your records. (This can be done in seven minutes or less) If you prefer the more traditional way, Please let me know using the buttons above and I can come by your office to pick up the check or cash. Please make checks payable to National MS Society. REMEMBER: All donations to the National MS Society are Tax deductible. Thank you, Patricia Cuero Bus Ops, Program Manager (512) 723-6977 (800) 289-3355 ext. 36977 (512) 728-3653 fax The Law of Values: "You always act in a manner consistent with your innermost values and convictions."

Recipients	['gerald.nemec@enron.com', 'cheryl.marshall@enron.com']
File	nemec-g/notes_inbox/106.

Cheryl

OK, once I get final confirmation from you on the term of the associated gas purchase contract and the MDQ, Gerald and I will call Ed Wick and finalize the deal. I do know that he wants the term to be shorter than 5 years (he wants 2 or 3 years evergreen) but we'll see what we can do. Thanks.

Eric Gillaspie 713-345-7667 Enron Building 3886

Cheryl Lantz Marshall 06/08/2000 03:23 PM

To: Eric Gillaspie/HOU/ECT@ECT cc: Gerald Nemec/HOU/ECT@ECT Subject: Re: Chevron Compression deal

(1) - Let's try to make the term consistent with the gas purchase agreement. The contract number is 12-83789-101 with States Inc., and the term was initiated on 1/1/98 and runs through 12/31/03. I am double checking with Melissa Graves on this.

(2) The MDQ of 500 sounds OK. I checked with Robert Cook, and the well is only producing 100/day. We are also checking with the operator to confirm future activity.

Eric Gillaspie 06/01/2000 04:40 PM To: Cheryl Lantz Marshall/HOU/ECT@ECT cc: Gerald Nemec/HOU/ECT@ECT
Subject: Chevron Compression deal

Cheryl,

FYI. Gerald & I met with Ed Wick at Chevron today and went through the logistics of the deal. I believe we had a meeting of the minds & he has agreed to use our form with some changes that we are fine with. We have promised to get him a copy of the new compression deal by early next week. There are a few changes that Wick desires that are a business decision that we need confirmation on. He wants to: (1) Change the term from 3 years+evergreen to 2 years+evergreen? (2) Is a MDQ of 500 MCF/Day acceptable? (He stated that we are currently flowing 50 MCF/day)

I have made the requested changes to the attached document. Please review and forward me your comments as well as confirmation on the 2 questions above. That is of course once you return from Boston.....

Hope you had a good trip....and welcome back,

Eric Gillaspie 713-345-7667 Enron Building 3886

Wednesday, June 20, 2001 4:29 PM To: Dickson, Stacy E. Cc: Ward, Kim S.; Padilla, Monica; Dailey, Karla Subject: Palo Alto NGSA and Transaction Agreements

Stacy: I have attached the one page Exhibit "B" - Customer's Load that I received from Monica Padilla this morning, for incorporation into the NGSA. Please let me know if you have any problems opening this document. The NSGA appears to be just about ready. I have no further comments on the draft you sent by email this morning. You might want to check the spacing and alignment of the Article 10 paragraphs on page 9, and eliminate the underlining for (a) and (b) of Article 11 on page 10. We have provided ENA with the City Council authorizing resolution, and I assume you will providing a Certificate of Incumbency or similar evidence of authority for ENA (similar to that provided for the Enfolio Agreement) unless you propose some alternative. The Transaction Agreement also appears to be in order, with the following minor editorial changes: the address should be changed to City of Palo Alto, P.O. Box 10250, Palo Alto, CA 94303, Utilities Department-3rd Floor, Attn: Monica Padilla, Resource Planner delete the period at the end of the first paragraph after the word "deliver" change the date on page 2 from June 1, 2001 to July 1, 2001 add a period at the end of the Termination paragraph capitalize the word "BaseLoad" in the paragraph entitled "Fixed Pricing" ; and provide a little more space for the signature lines

Once these changes are made, please email a final version to me and Monica Padilla. I really appreciate your efforts and kind cooperation in getting these documents finalized. Please call if you have any questions. Barry F. McCarthy

My asst., Kaye Ellis, will be calling each of you this morning to see if you can attend a short meeting today to discuss a due diligence effort with regard to Pacific Gas and Electric Company and its various subsidiaries. We have an overall exposure report from Credit which shows that Enron is exposed to PG&E in virtually all of the commodities that we transact.

In the meeting today - Travis and I will help you identify the PG&E entity/entities which may have transactions with Enron concerning your particular commodity. We will ask you to pull the relevant master agreement and provide the information set forth below.

Thank you in advance for your help,

Shari

Travis McCullough 01/09/2001 09:12 AM

To: Shari Stack/HOU/ECT@ECT, Andrew Edison/NA/Enron@Enron cc: William S Bradford/HOU/ECT@ECT Subject: PGE due diligence effort

Here is a list of the information that we will need to collect from each master agreement:

Governing law; summary of setoff provisions (in particular, does the contract give us the right to setoff (i) only those transactions under the specific master, (ii) transactions under other agreements between the same counterparties; or (iii) transactions under other agreements between affiliates of the counterparties; (v) all transactions or only those transactions that we elect to offset; summary of termination provisions (automatic upon bankruptcy or insolvency of a party? any notice requirements?) summary of liquidated damages provisions (how computed? provision for two-way LD's (such that even the breaching party gets a payment if they are in the money?))

We also need to discuss how we can get comfortable that all transactions were properly booked under the correct master agreement, and that there are no significant "glitches" in our transaction documentation.

Subject: Re: thank you

Jamie, Thank you for coming by. I actually had a conversation with JC this morning regarding electrical compression. I have an idea I am working on and I was wondering if I gave you horsepower requirements and assumed distances from high voltage power lines for 4 compression stations along a pipeline. Would it be a big deal for you to get me some estimated rates? Again, this is only an idea right now so I don't want you spinning your wheels if it takes a lot of work. But, I thought if you just had a couple of spreadsheets that you needed to fill in some blanks on, maybe you could do it? Also, the total horsepower requirements are on the order of 13,755 hp in 4 stations. So if your minimum is 9,000 hp per station we can't hit that, but if it is a 9,000 hp min. on a project as a whole then it might amount to something. Thanks, Gaylen

<Jamie.Ginsberg@enron.com> 06/12/00 11:44AM >>>

Shelley,

Thank you for your time last week. I enjoyed meeting with you and your colleagues to discuss electric motor compression and its applications for the Questar system. As I was walking out of the building, JC and I had a couple of minutes to chat and he told me that he would give me a call sometime in the next couple of weeks to discuss some projects that Questar may be considering in the near future.

I am looking forward to exploring opportunities with you.

If you have any questions, or need any further information from me, please do not hesitate to call.

Best regards,

Jamie Ginsberg Manager Enron Compression Services 713.853.5696

Water Well @ Bammel

Sender	gerald.nemec@enron.com
Recipients	[eric.gillaspie@enron.com]
File	nemec-g/sent/753.

Eric, Need your help on this. Let's get a copy of the grazing lease that Candy is referring to in the E-mail. I am not clear on what she means by having Merl operate the well. I think she means allow him to graze this area under the terms of his existing lease, but I am not sure. Can you get with Candy on this? Thanks.

----- Forwarded by Gerald Nemec/HOU/ECT on 08/22/2000 09:14 AM -----

Candace L Bywaters 08/18/2000 07:21 AM

To: David Kantenberger/GCO/Enron@ENRON cc: Nathan L Hlavaty/HOU/ECT@ECT, Gerald Nemec/HOU/ECT@ECT, John Towles/NA/Enron@ENRON Subject: Water Well @ Bammel

Nathan tells me that he has a request in to you for a dollar evaluation of the Hamill Gas Unit #1 water well that EOG recently assigned and conveyed over to HPL at my request. Please advise me at your earliest convenience what that value may be so that we can appropriately get it on our asset ledger. I am also awaiting a response from John Towles as to a clearer plat on this property as was originally requested by EOG some time ago which I assume we will use as an exhibit to the Operating Agreement..

Also, by copy hereof, I ask that Gerald or his designee prepare an Operating Agreement between HPL and Merl Vanek whereby Merl will be entitled to operate this well for purposes of his grazing lease at this facility. HPL desires that Merl operate this well at his sole cost and expense and maintain it in good working order. We can make the term of this Operating Agreement coterminous with his grazing lease which is established under an October 1, 1998 Grazing Lease with an original term of one year from that date and year-to-year thereafter unless sooner terminated by at least 90 days' advance written notice prior to the end of the original term or any renewal term thereafter by one party to the other. Merl's address is 2634 Milroy Lane, Houston, TX 77088 with a phone number of 281-444-8689 and a fax number of 281-587-4200. I have already advised Merl of the effective ownership of this well by HPL and he will be operating it accordingly as his need to do so is urgent, so I request that this document be prepared as soon as possible in consideration of HPL's liability.

Thanks to all for your help on this.

FW: FERC Order Approving Section 203/Conditions to Closing

Sender	steve.van@enron.com
Recipients	[heather.kroll@enron.com, 'stuart.zisman@enron.com', 'tom.chapman@enron.com']
File	nemec-g/inbox/809.

As Andrea Settanni hinted in her e:mail of last Tuesday, June 12, 2001, FERC has acted on the FPA Section 203 Filing and issued the attached Order. It would now appear that the primary time consuming matters that remain to be addressed as conditions to closing are as follows:

1. Obtaining NCUC no further action authorization; 2. Satisfying ourselves that all that can be done has been done in terms of Enron Corp. Guaranty/LC replacement-substitution; 3. Finalizing the form of EEI Master to be put in place for Contractor Transactions between EPMI & NCPH (Heather has talked to credit about terms that need to be finalized; 4. Arrange for Bring Down Certificates on 3 Title Policies; and 5. Updating any Representations or Warranties that are/were not true as of the SPA signing date.

If any of you are aware of other significant/time consuming pre-closing items, please let me know.

It appears that Item 1. might be satisfied early next week, or by the following week at the latest. The remainder of the items, together with preparation of closing deliverables could be accomplished within that time frame as well. I will attempt to set up a meeting following Heather Kroll's return to Houston on Wednesday, June 20, to discuss completion of pre-closing matters.

Jay Sonnenberg will be updating and distributing a more formal Closing Checklist in the meantime.

Please call if you have any questions.

Juanita, as discussed please find attached an email from our broker, John L. Wortham stating they received notification that Marsh USA will be handling the HPL bonds effective 06-01-01. I am also attaching a list of bonds that are outstanding for HPL for your information and further handling.

If you have questions, please give me a call 713 853-5687. -----Original Message----- From: Grisaffi, Mary Sent: Tuesday, June 05, 2001 10:50 AM To: Nemec, Gerald Cc: Ogden, Mary; Kendall, Earline Subject: FW: Houston Pipe Line Company Importance: High

Gerald, we recently placed a \$50,000 bond for HPL for Franchise Tax Certification for you.

I understand from our broker, John L. Wortham that our surety, St. Paul/Seaboard Fire & Marine was informed that Marsh USA will be handling the HPL bonds effective 06-01-01 (please see attached email).

I am attaching a list of outstanding bonds that HPL has in place. Should these bonds be canceled? Or if these bonds are still required, you may wish to consider placing with your new agent of record, Marsh USA. They can either be replaced all at once or just prior to expiration.

Please note while most of the bonds were placed with St. Paul/Seaboard Fire & Marine there are a couple that were placed with Liberty Mutual Insurance Company.

Please let me know how you wish to handle the outstanding bonds.. Thanks.

If you have questions, please give me a call 713 853-5687.

Interconnect Agreement between RNP and HPL

Sender	greg.brazaitis@enron.com
Recipients	[gerald.nemec@enron.com', 'eric.gillaspie@enron.com', 'bjanacek@pinnaclenaturalgas.com\'"] <bjanacek@pinnaclen...
File	nemec-g/all_documents/4906.

Hopefully final comments on Rio Nogales are attached below:

Their item #1 below corrects the pipeline length of the new Rio pipeline.

I do not have a problem with item #2. Do you have any concerns? How about the word documented?

Item Number 3: I assume that I will respond that the guarantee needs to be in our hands before we will execute. Haden feels the work is in the \$100K range at best. I am asking for a corporate guarantee of \$300K. Question: I still want the Interconnect to read that they will reimburse us for all our "reasonable and documented" expenses, even if it is in excess of \$300K. Would the guarantee limit me to \$300k and I am exposed for the rest? I assume a solid company would pay for the reasonable and documented amount, even if it was in excess of \$300K. Should I respond that we will not specify an amount? I may not get the guarantee if I do not indicate an amount. Recommendations please.

File	nemec-g/sent_items/437.

Bill, The contract itself does not have a confidentiality clause, but per Jeff Stone's email, Gulf does consider the contract proprietary information and does not want this info voluntarily disclosed at this time. I forwarded the email to you earlier.

Concerning the emails etc., as I mentioned before, ECS has a copy of a Confidentiality Agreement that we executed by Gulf, initialed by me as ECS attorney, but not signed by an officer of ECS. Our business guys think we executed this agreement. This CA would cover all information exchanged between Gulf and ECS. I have asked Russell Badder's to check with Gulf to obtain an executed copy. Nothing in the CA agreements prohibit me from disclosing the CA. So we could potentially provide the copy of the CA we have to John. Obviously the correspondence between ECS and Gulf contains the commercial terms of our power deal as we negotiated with Gulf. Given Jeff's email and the CA copy I have in hand, I would not want to disclose the emails and memo's without Gulf's explicit permission. Let me know if you have any ideas on the best way to approach this with WFLA.

<<Gas Transaction Collateral Agreement(4-13-01)ENA.doc>>

Here is the latest draft. I draw your particular attention to the following:

1. We have been told by El Paso that the contract assignment has been approved and is being implemented and presumably will be done by Tuesday. We have drafted the contract to be solely with ET Gas. Lisa, you will not need to reflect any additional parties in the Master Netting Agreement amendment you are preparing. Steve, the notice that you are drafting will only apply to ET Gas. Please e-mail those documents to everyone on the PG&E team listed above.
2. The text of Section 2 (c) is new, but it is intended to capture your agreement that we will get \$30 million in cash back and additional trading margin when the capacity release is done, subject to current market positions.
3. Section 5 now punts the value calculation to an Exhibit. We have Barry's e-mail and are reviewing.

I will be at home tomorrow for most of the day. I can be reached at 301-320-2354. I will also be checking voice mail. I can receive e-mails at lismeier@aol.com, but please also copy my work e-mail.

Thanks, Peter

Ryan and I were Fraternity brothers of Rooney at Iowa.....see below...

Police, Ferentz probe incident at bar By MEGAN MANFULL and TOM WITOSKY Register Staff Writer 09/28/2001

Iowa City, Ia. - A criminal investigation is under way into an alleged assault that involves at least one member of the Iowa football team. Tom Widmer, an Iowa City police captain, said Wednesday that the investigation began early Sunday morning after police responded to a call from a bar named Etc. The tavern is located in the downtown Iowa City pedestrian mall. "It is an active investigation," Widmer said. Widmer said police received the call about 2:30 a.m. Sunday. He declined to identify any suspects. Ryan Rooney, a manager at Etc., said at least one assailant was a member of the Iowa football team. He would not identify the player or say if more than one player was involved. Rooney said one of his bartenders sustained a concussion from the assault and required medical attention. "It was more of a jumping than a fight," he said. Iowa coach Kirk Ferentz said Thursday morning he was looking into the matter. He said he was told of the incident Wednesday evening. "I'm fuzzy on the details right now," Ferentz said. "A player told a coach about something that took place, and then they told me. I'm going to look into what happened and get more details about it. "I want to find out if anything did happen . . . then I will see if any action needs to be taken on the team." Iowa's season already has been marred by one violent assault. Offensive lineman Sam Aiello attacked quarterback Jon Beutjer in July, although the incident did not become public until the first week of the season. Beutjer said he received a concussion, although he did not file a report with police. He later left Iowa and enrolled at Illinois, saying he felt betrayed by the school's handling of the incident. Ferentz said he had not been contacted by police about the incident at Etc. A report obtained from police says two people were injured at Etc. Rooney said the second victim, a woman, was "shaken up pretty bad." Kevin Prestegard, the investigating officer, confirmed Thursday the probe was continuing, but refused further comment. "It all depends on the police and how diligently they will pursue this," Rooney said. "They have a lengthy amount of time before they have to do something. If they are season ticket holders, I wouldn't be surprised if they wait until December." Police declined to respond to Rooney's comment.

Tom,

As discussed, please find the updated language for the second paragraph of Exhibit "C" as highlighted below:

TRANSPORTATION FEES:

If less than 1 MMBtu is delivered during the Month to Gulf Coast at any Receipt Point, then no monthly fee shall be assessed against Shipper for such Receipt Point during such Month.

For quantities averaging between 1 MMBtu and 500 MMBtu per Day during each delivery Month at each Receipt Point, the fee at such Receipt Point shall be the greater of the dollar amount equal to the actual MMBtus delivered during such Month times \$0.60 per MMBTU or \$3,000.00. Notwithstanding the foregoing, Shipper shall not be obligated to pay such \$3,000.00 fee if the fee results from Gulf Coast's interruption of transportation service hereunder and Shipper is unable to deliver quantities of Gas in excess of 500 MMBtu a Day during such Month. If such an interruption in service occurs during a Month, the Shipper shall pay \$0.60 per MMBTU for such interrupted service if the average quantity falls below 500 MMBtu a Day for such delivery Month.

For quantities averaging between 501 MMBtu and 1000 MMBtu per Day during each delivery Month at each Receipt Point, the fee at such Receipt Point shall be equal to the actual MMBtus delivered during such Month times \$0.35 per MMBTU.

For quantities averaging 1,001 MMBtu per Day and greater during each delivery Month at each Receipt Point, the fee at such Receipt Point shall be equal to the actual MMBtus delivered during such Month times \$0.25 per MMBTU.

Dan J Bump@ENRON 07/24/2000 10:22 AM

To: Gerald Nemec/HOU/ECT@ECT cc: Joan Quick/HOU/ECT@ECT, Scott Josey/Corp/Enron@ENRON, Barbara Gray@ECT, Brian Redmond/HOU/ECT@ECT, Teresa G Bushman/HOU/ECT@ECT Subject: Re: Wildhorse Letter

Gerald --

I have provided a few coments (redlined) to your draft letter attached below.

However, I wanted to offer the following ideas for discussion with you and the others listed above as to potential inclusion in the Wildhorse letter:

A. Should we request written notification from Wildhorse related to the shut-in status of Entrada production? Should we request written notification related to the recent curtailment of Dakota production? [As we've discussed, Enogex never requested anything in writing from Wildhorse, so we do not have any historic documentation of Wildhorse's claims].

B. Should we identify (potential) contractual issues due to the curtailment of Dakota production; e.g. Sec. 6 detailing the (wellhead) delivery pressure requirements under this contract, et al? [As we've discussed, the system pressures have increased due to (initially) gas being re-routed by Wildhorse over the past two years which has loaded the San Arroyo system, and now the NWPL quality issues and subsequent Wildhorse curtailments has increased pressures system-wide. If Wildhorse based their ability to allow these problems to persist by referring to Sec. 7 "Gas Quality" of the agreement, what remedies can we request....partial release of Dakota gas?].

Here's the frustration, based on conversations with producers in the area and the documents we've received from Enogex, Wildhorse has continued to attach non-pipeline quality spec gas to their system over the past couple years to increase gathering revenues, yet has not invested any \$\$\$ for processing of this gas to meet or exceed the specs of downstream pipelines. Then, they use the downstream pipes as the reason for shutting in all their captive producers, and have thus far offered no solutions to the system pressure and quality issues discussed above. Therefore, its critical that this letter gets to the "right" people within Wildhorse and, if possible, make reference to some element of timing (e.g., reasonable dispatch, commercially reasonable manner, etc.).

Thanks.

Dan

MG,

Considering all of the mustard gas bombs you were dropping last weekend at the wedding reception, I'm not as worried about your body odor as compared to your ass disorder. I plan on packing light as well. The adaptor is good because Gerald takes about 15 minutes every morning and night blow drying his hair. I think we can get our stuff laundered at most of the hotels or they can point us the way to a Laundromat. My only advice on packing is bring 2 pair of comfortable shoes.

Confidential Work Material - Attorney Client Privilege

Attached for review is a draft of the letter to be sent to Wildhorse concerning the Gathering Agreement under which the Entrada and Dakota production is committed. Please review and provide comments.

To summarize activities to date concerning this Gathering Agreement:

1. Conducted a conference call with Brett Frie on Wednesday. Brett also forwarded some correspondence between Enogex and Wildhorse. The correspondence contained a summary of meeting minutes for two meetings conducted between Enogex and Wildhorse. No demands were made by Enogex and no claims of unprofitability were made by Wildhorse. Brett stated that the Entrada and to some extent the Dakota gas were shut in or curtailed because the downstream carriers starting enforcing their tighter gas specifications. Enogex took Wildhorse's word for that and never checked with Northwest or Questar. I asked Brett why he thought Wildhorse would straight away release the gas. He responded that he thought they would do so only if Crescendo negotiated an alternative arrangement with Wildhorse.
2. I received more correspondence on Friday from Ken Krisa. Nothing really useful. There was a letter from Wildhorse to another producer in the area called Lone Mountain Production Company which stated that Wildhorse thought these assets were in a state of economic viability decline. Unfortunately this letter was not directed to Enogex. However, the draft letter takes that position with Wildhorse.
3. I am securing local counsel out of Denver. I want someone intimately familiar with Utah and Colorado law from a litigation and timing perspective to be involved. We may need to seek a declaratory order. We have run into conflicts with law firm that have represented either KN or Tom Brown. Should have this resolved on Monday.
4. Agreed to language on Friday with Ken Krisa and Jim Osborne and the declaration by Crescendo giving power to ENA to negotiate with Wildhorse.

This draft does state our desire to pursue a release of the gas. However, to reiterate, based on the current facts we do not have a black and white right to deem this gas as released under the Gathering Agreement. The fact that the Entrada Gas is not in spec. with the downstream pipelines for inerts, allows Wildhorse to suspend their receipt of this gas without being in default.

RE: Kern P/G

Sender	clement.abrams@enron.com
Recipients	[gerald.nemec@enron.com', 'Subject: FW: Kern P/G']
File	nemec-g/all_documents/5487.

Gerald,

I reviewed the guaranty. There are some legal issues that must be approved by Jim Derrick. The first is the lack of carve out for indirect damages and the second is the choice of law and jurisdiction provision. I personally am opposed to the form being presented and the fact that we either execute it or we don't play. However, the final acceptance of the guarantee is not my call. The process of obtaining approval from Mr. Derrick is as follows: (1) He requires that a lawyer from the legal group representing the business unit draft up a short memo for his attention describing the deal, the specific provisions that are in opposition to Enron Corp. policy (here, it would be indirect damages and choice of law/jurisdiction) and the business justification for doing so. For a faster response, it is recommended that the lawyer also leave a voice mail message for Mr. Derrick briefly describing the issues. He is pretty quick in returning responses. I believe that he will be out of the office until Monday, but can be reached by voice mail. If and when approved, it is suggested that Mr. Derrick also leave me a voice mail message indicating his approval. Once done, I can intial off on the guarantee and will add a copy of the memo to the Guarantee file (you can also send to me a copy of the memo). Let me know if you have any questions.

Clement

From: Nemec, Gerald Sent: Thursday, March 22, 2001 10:10 AM To: Abrams, Clement Subject: FW: Kern P/G

Clement, The form of Kern River guaranty is attached at the end of this email. This is the form we would use for both the ENA bid and the 5 other third parties who have submitted bid on behalf of ENA. Please review.

----- Forwarded by Gerald Nemec/HOU/ECT on 03/22/2001 10:03 AM -----

Stephanie Miller@ENRON 03/20/2001 01:58 PM To: Gerald Nemec/HOU/ECT@ECT cc: Subject: FW: Kern P/G

----- Forwarded by Stephanie Miller/Corp/Enron on 03/20/2001

01:58 PM ----- From: Veronica Espinoza/ENRON@enronXgate on 03/20/2001 11:25 AM To: Clement Abrams/ENRON@enronXgate cc: Stephanie Miller/Corp/Enron@ENRON, Julie A Gomez/HOU/ECT@ECT

Subject: FW: Kern P/G

Clement,

Per my voicemail, attached below is the Gty format for Kern River. The info is as follows:

Entities: ENA and Kern River Gas Transmission Company Amount: \$1.2MM Expiration: 6/30/2003 Address: Kern River Gas Transmission Company Attention: Paula Lauritzen 2800 Post Oak Blvd. Houston, TX 77056

Again, it is extremely important that this gty is issued prior to March 26th (next Monday), as that is the absolute deadline that Kern River is giving ENA. Give me a call if you need any other info.

Thanks again, Veronica

RE: Louisiana Resource License information

Sender	gerald.nemec@enron.com
Recipients	['d..morgan@enron.com', 'ejenkins@kelleydrye.com']
File	nemec-g/sent_items/718.

Eric, The answers to your questions based on the information I have are:

1. The transaction closed on February 3, 2000. 2. All the licenses that you forwarded for Louisiana Resources are currently being used by Bridgeline Holdings, L.P. 3. I don't know. I don't think that any of the licenses were new after the transaction date. Robert, any different info? 4. To the best of my knowledge all of the licenses (that you forwarded) are operating and were operating at the time of the transaction. Do you agree, Robert?

To clarify, the assets were not sold to Bridgeline Holdings, L.P. They were contributed to the formation of the LP in consideration for Enron's 40% equity stake and 50% control. No transfer applications for these licenses has been filed.

Also, it is not clear from the information you forwarded whether the licenses were in Louisiana Resources Company's (LRC) name or Louisiana Resources Pipeline Company Limited Partnership (LRP). LRP was merged into Bridgeline Holdings, L.P. LRC is still held 100% by Enron North America Corp.

From: "Jenkins, Eric" <EJenkins@KelleyDrye.com>@ENRON Sent: Tuesday, November 20, 2001 7:46 PM To: Nemec, Gerald Cc: Pisciotta, Aileen Subject: RE: Louisiana Resource License information

Gerald, this is just to follow up on our prior phone conversations re: the sale of Louisiana Resources' assets (including licenses) to Bridgeline . As I mentioned, what is important to our inquiry is whether transfer of applications were filed prior to the consummation of the above transaction whereby the assets of Louisiana Resources' were acquired. I will need the following transaction information:

* When did the transaction close? The exact date. 2/?/2000 * Which licenses where part of that transaction? * Which licenses were obtained by filing a new application after the transaction date? * Which stations are constructed/operating?

As a reminder, we are under a deadline to get this information to the FCC. To make the deadline I will need the information by tomorrow or Monday at the latest. Please call/email with any questions.

Thanks and have a Happy Thanksgiving.

Recipients	jsonnenberg@bracepatt.com , tom.chapman@enron.com , scott.churbock@enron.com , cthompson@bracepatt.com , ...
File	nemec-g/notes_inbox/1402 .

As promised in my e:mail to you of yesterday regarding the Alamac/NCPH/AIG-Highstar due diligence review meeting to be held today in Conference Room M03 on the 50th floor (see below), attached are the latest versions of the Disclosure Schedules and the Securities Purchase Agreement containing Representations and Warranties.

Please read and focus on the Seller (ENA) Representations and Warranties contained in Section 4.1 [especially those that pertain to your area of expertise/involvement in the various Alamac/Cogentrix/NCPH/AIG transactions] and review the corresponding Schedules of disclosed exceptions, in preparation for this afternoon's meeting.

Because Enron North America Corp. will be signing the Securities Purchase Agreement tomorrow, Friday, May 11, 2001, IT IS CRITICAL THAT WE RECEIVE YOUR INPUT AT TODAY'S 3:00 MEETING. If you are out of town or will be unable to attend the meeting for any other reason, please conference in per the instructions contained below, or call me before 3:00 today at 3-7238 with you input. If your input is simply that the representations and warranties are fine as currently written, please let me know. If you note any inaccuracies or omissions or if you have any questions regarding the wording of any representations/warranties or disclosures, please call to let me know.

Look forward to seeing you at 3:00. Thanks,

Glocap- Selected Favorite Headhunter by Forbes.com

Sender	sgreenberg@glocap.com
Recipients	['gerald.nemec@enron.com']
File	nemec-g/deleted_items/50.

Dear Gerald:

I hope that you are well.

Glocap Legal Search is one of the fastest growing in-house legal recruiting firms in the nation. We have worked very hard to create a truly unique and powerful legal recruiting company and we were gratified recently when Forbes.com selected us the best recruiting website in the country! We recruit for Fortune 500 companies, major financial institutions, consulting companies, investment banks and many other public and private companies of all sizes.

I am writing to ask for your help. Do you know anyone who might be interested in hearing more about us? I have briefly summarized a very small sample of the many truly outstanding, pre-screened attorneys available through our unique service. We have many more, in all practice areas and experience levels. Call me if you would like to discuss how we can be of service to your company.

Attorneys available now include:

1. Northwestern University School of Law (cum laude) graduate has over 4 years experience working on computer software, intellectual property and internet related issues, with particular emphasis on e-commerce and complex licensing. This very highly regarded attorney seeks a corporation or financial institution that needs in house counsel for domestic and/or international tech law matters. Midwest preferred.
2. This 1995 graduate of a top 10 law school also has an MBA (magna cum laude) from a top business school. Superb experience as a corporate attorney at a top firm (with an emphasis in entertainment law). Currently GC of an entertainment company with great corporate, securities, intellectual property and corporate governance matters. Very savvy and articulate. Willing to work on either coast, Texas or Florida.
3. A truly uniquely credentialed attorney who graduated Stanford Law School and has a graduate degree from Columbia, this candidate is also a shared recipient of the Pulitzer Prize for investigative reporting and writing. Currently a litigator at a top law firm, this attorney has the intelligence, writing ability, and work ethic to enhance any company's litigation department. Fluent in Spanish.
4. Georgetown Law Center (cum laude) and Stanford undergraduate has over four years experience advising both private and public companies on general business/corporate matters as well as venture and debt financings, licensing, mergers and acquisitions, and public offerings. Terrific experience in securities and corporate counseling. Available either in California or East Coast.
5. A talented attorney with over eight years experience doing project finance and lending, mergers and acquisitions, and capital markets transactions at two very prominent law firms. This Russian speaking attorney has represented investors, lenders, and multilateral agencies in power, energy and natural resources industry sectors, as well as financial services, IT and telecom clients in a wide variety of m & a matters.
6. This 1996 graduate of a highly regarded law school has over five years of solid general corporate experience. Great drafting skills and superb presence, this candidate will be a very welcome addition to any in house legal staff that seeks an intelligent, hard working and very well trained corporate generalist.
7. Attorney who graduated first in his law class is practicing corporate restructuring and reorganization at one of New York's premier law firms. Four years experience in all aspects of distressed debt transactions, including asset sales, plans of reorganization, asset-based financings, cross-border insolvency issues and strategic distressed acquisitions. Seeking in-house or investment banking position.
8. Yale Law School, Princeton University (magna cum laude). Senior VP of one of top financial institutions in the world, this attorney has played a leading legal, business, integration and managerial role in acquisitions, joint ventures, equity investments and divestitures. Also has broad experience in securities law at a top law firm. Very well spoke and personable, this candidate is interested in a senior business/GC type position. NY metro area.
9. Yale University (magna cum laude), Harvard Law School (cum laude) candidate with three years transactional experience at premier law firm before leaving to become general counsel at a new media company. Has broad corporate, real estate and technology experience. Exceedingly smart, conscientious, and energetic. This candidate will be an enormous asset to any company that hires him. Wants NY area only.
10. UChicago Law School, over five years extraordinary experience at both a top law firm and a premier incubator. Practice areas include corporate, securities, intellectual property, mergers & acquisitions, venture capital financings and technology. Dynamic, very highly regarded attorney also speaks mandarin chinese. Wants in-house or legal/business position in Southern California only.

This is just a very small sample of the attorney/candidates that we work with. We can of course tailor our search to meet any specifications that you wish. Feel free to call us to discuss our service, or to refer us to a colleague that might be interested in hearing more about us, or to obtain references from our clients. I hope I will be speaking with you soon.

Thank you for taking the time to consider our service.

-----Original Message-----

From: Higgins, Ned Sent: Friday, October 26, 2001 5:15 PM To: Nemec, Gerald Subject: Comm Ed. Opinion

Gerald, the ILL. atty. Chris Hilgert referred to is Chris Townsend -His number is 312-368-4039. The specific question is: can we utilize Com Ed for E service at Nicor's "Troy Grove" Facility? (Located near Troy Grove, ILL- approx 10 Miles North of the Town of La Salle, ILL) The Com Ed substation we would like to have power delivered at is approx 7 Miles N. of the facility near the town of Mendota, ILL.

Notes: 1) Nicor does not currently have an ILL Power service drop.(They are totally self gen.) 2) We would build line up to Com Ed and buy at the substation.

Stacey!

ACN Energy Inc. is currently guaranteed by its parent American Communications Network, Inc., however Aquila Inc., currently has a business relationship with this counterparty and is willing to provide a guaranty in its favor.

Kindly review the attached guaranty language and forward to Elden Condie at the listed email address for execution. The amount of guarantee we will like to have is \$1.5MM. Kindly cc me on your comments.

Thanks Rudwell 53596.

-----Original Message-----

From: Elden Condie [mailto:Elden.Condie@ACNENERGY.com] Sent: Monday, August 27, 2001 2:56 PM To: Johnson, Rudwell Subject: Credit Vehicle

Rudwell, Per our telcon, the attached document is the Corporate Guarantee that Aquila Inc. is offering on behalf of ACN Energy to provide credit support. We propose replacing our parental guarantee from ACN Inc. with the Aquila guarantee. This will allow us to have a larger credit line and increase our ability to purchase supplies from Enron. Thank you for your review.

Molly,

I appreciate your assistance on this matter. The start date will work fine. I did speak with Rae and she mentioned the vacation matter and I told her that we would be able to work with her on that as it occurs following the expected closing of a major transaction that our legal group is working on.

Looking forward to Rae's arrival

Steve Van Hooser Enron North America Corp. 1400 Smith EB3877 Houston, Texas 77002 713-853-7238

Molly Magee/ENRON@enronXgate 04/12/2001 10:35 AM

To: Steve Van Hooser/HOU/ECT@ECT cc: Subject: Rae Meadows

As you probably know by now (since Rae wanted to call you herself), she has accepted our offer of employment. Her anticipated start date is Monday, April 30. I don't know whether she took the opportunity when she talked with you this morning to mention her vacation plans. She would like the last week of June off (6/25-6/29); in fact, she has purchased non-refundable tickets for that trip. I told her that I felt sure that you would be quite happy to work with her about her plans....

Thanks, Molly x34804

Mike_McBurney@fpl.com on 01/05/2001 09:22:21 AM To: Greg.Brazaitis@enron.com cc: Bill_Barrett@fpl.com Subject: Confidentiality Agreement for FPL North Texas Project

Hello Greg,

Before the end of the year, I requested that Bill initiate contact to you regarding our North Texas Project. The first step in the process is to put a Confidentiality Agreement in place. Our attorney has reviewed your requested changes and is agreeable. Attached is your redlined draft with only a slight change to reflect the specific FPLE project company related to our future discussions.

Please execute two copies of the Agreement and return to me by courier at:

Mike McBurney FPL Energy (FEI/JB) 700 Universe Boulevard Juno Beach, FL 33408-2683

561-691-7546

After FPLE execution, I will return a copy for your files.

I hope to make a Houston trip in the next few weeks and would like to meet with you during that visit. Also, I believe Bill may have requested an East Texas area gas quality analysis and pipeline pressure information. This feedback would be appreciated.

Please call with any questions.

thanks, Mike(See attached file: Houston Pipe Line CA 1-05-01.doc)

Re: Chevron Compression deal

Sender	cheryl.marshall@enron.com
Recipients	[gerald.nemec@enron.com', 'eric.gillaspie@enron.com']
File	nemec-g/all_documents/758.

(1) - Let's try to make the term consistent with the gas purchase agreement. The contract number is 12-83789-101 with States Inc., and the term was initiated on 1/1/98 and runs through 12/31/03. I am double checking with Melissa Graves on this.

(2) The MDQ of 500 sounds OK. I checked with Robert Cook, and the well is only producing 100/day. We are also checking with the operator to confirm future activity.

Eric Gillaspie 06/01/2000 04:40 PM To: Cheryl Lantz Marshall/HOU/ECT@ECT cc: Gerald Nemec/HOU/ECT@ECT
Subject: Chevron Compression deal

Cheryl,

FYI. Gerald & I met with Ed Wick at Chevron today and went through the logistics of the deal. I believe we had a meeting of the minds & he has agreed to use our form with some changes that we are fine with. We have promised to get him a copy of the new compression deal by early next week. There are a few changes that Wick desires that are a business decision that we need confirmation on. He wants to: (1) Change the term from 3 years+evergreen to 2 years+evergreen? (2) Is a MDQ of 500 MCF/Day acceptable? (He stated that we are currently flowing 50 MCF/day)

I have made the requested changes to the attached document. Please review and forward me your comments as well as confirmation on the 2 questions above. That is of course once you return from Boston.....

Hope you had a good trip....and welcome back,

Eric Gillaspie 713-345-7667 Enron Building 3886

Theresa Staab@ENRON 10/03/2000 09:09 AM To: Mark Whitt/NA/Enron@Enron cc: Paul T Lucci/NA/Enron@Enron, Nicole Cortez/NA/Enron@Enron, Steven P South/HOU/ECT@ECT, Jacqueline P Adams/HOU/ECT@ECT, Stacey J Brewer/HOU/ECT@ECT, Joan Quick/HOU/ECT@ECT Subject: Crescendo Noms on NWPL

Mark,

I spoke to Liz Orr this morning regarding the status of nominating the Crescendo gas on NWPL. Due to a couple of the interconnects constrained into NWPL due to high hydrocarbons there is only one delivery point available to flow into NWPL (Foundation Creek). They are holding space for actual producers behind Foundation Creek to flow into NWPL and the remaining 40% of capacity for the other producers. Cresendo's pro-rata share into NWPL would be 1,000 MMBtu/day. Interruptible transport is flowing into NWPL.

Liz also said they are very close to having the Grand Valley point back in spec for quality which will increase our flow into NWPL up to 2,000 MMBtu/day. She's hopeful for the end of the week for this increase.

The meter number on NWPL for Foundation Creek is Map Pt. 56 (meter 48010 on Wildhorse).

We will be trying 1,000 for tomorrow's gas day into NWPL and will keep everyone informed when we can increase to 2,000.

Please call me with any questions at (303) 575-6485.

Thanks, Theresa

Gerald, we recently placed a \$50,000 bond for HPL for Franchise Tax Certification for you.

I understand from our broker, John L. Wortham that our surety, St. Paul/Seaboard Fire & Marine was informed that Marsh USA will be handling the HPL bonds effective 06-01-01 (please see attached email).

I am attaching a list of outstanding bonds that HPL has in place. Should these bonds be canceled? Or if these bonds are still required, you may wish to consider placing with your new agent of record, Marsh USA. They can either be replaced all at once or just prior to expiration.

Please note while most of the bonds were placed with St. Paul/Seaboard Fire & Marine there are a couple that were placed with Liberty Mutual Insurance Company.

Please let me know how you wish to handle the outstanding bonds.. Thanks.

If you have questions, please give me a call 713 853-5687.

Mary, we have received information from Roger Bumgarner at St. Paul/Seaboard that Marsh USA has been appointed agent of record effective June 1, 2001 on the HPL bonds he writes.

As you know, there are three bonds with Liberty Mutual Insurance Company and two through Insurance Company of North America. I presume we will be receiving notice that Marsh has been appointed on them, also. However, we have not yet received information to that effect.

Hello everyone, Happy new year to everyone! Hope you all had a nice and relaxing holiday. We are going to have our first HammerHeads meeting of the year 2000 on

Friday Jan 28

from 7:00 to 9:00 at the Outback Pub. The club goals for this year are to have at

least 3 international dive trips as well as local dive events. We would also like to increase our membership.

If you have any questions about HammerHeads or the meeting, please contact the president Kenny Vassigh at kvassigh@hotmail.com or check out the website at www.h-heads.com.

Hope to see you all at the meeting.

Kristi Foster

Carol,

Attached is the collateral Agreement that Duke Energy Trading & Marketing would like to have executed to cover the physical gas positions. Please review the agreement and give any one of us a call here in credit if you have any questions.

The attorney that will be working on the agreement at Duke is Joe Forbes and you can reach him at 713-627-6124.

Thanks,

Veronica

We flew into Shanghai and explored for 2 days. Next we went to Qingdao for 3 days and finally spent 5 days in Beijing. I would have to say that Beijing was the highlight of the trip. The Great Wall was pretty incredible. Should have some pics shortly.

Work is going well! Way to busy for my taste. That's what I get for being out of the office for two weeks. I got a voice mail from Mark while I was in China. He was at the airport here in Houston looking for a ride. Typical Mark. Any plans on coming to Houston anytime?

Gerald

Your Credit Line Has Been Increased!

Sender	offers@capitalone.m0.net
Recipients	[gerald.nemec@enron.com]
File	nemec-g/notes_inbox/1176.

Dear Gerald R Nemec,

Good news! The credit line on your Capital One card has been increased to \$15,000.00*. This additional credit is available for you to use right now!

Take advantage of your credit line increase to purchase a new computer or to go on vacation. Or, consider the Capital One Smart Switch(SM) program, which lets you transfer balances from your higher-interest-rate credit and charge cards to your Capital One account at your current Fixed 9.9% APR!

Check out our Balance Transfer Calculator to see how much you can save!

Why Smart Switch? Smart Switch is a smart move because you could save hundreds of dollars in interest every year by transferring higher-interest-rate balances. Plus, it lets you write just one check at bill-paying time -- and there's no transfer fee! Why pay more interest than you have to? Make the switch by calling 1-800-955-7070 today!

It's Our Way of Saying "Thanks" We hope you enjoy the extra financial flexibility your new credit line provides. It's our way of saying thanks for being a Preferred Capital One cardholder.

Sincerely,

P. Schnall Senior Vice President, Capital One

P.S. Now it's easier than ever to get the things you want or need. Take advantage of your increased line of credit today!

Per Barry's request, attached is the Agency and Management Services Agreement to be executed between Enron North America Corp. and Mexicana De Cobre. Also attached is the form of agency agreement to be attached as Exhibit B to the Agency and Management Services Agreement. This agency agreement is El Paso's form and must be executed by ENA, Mexicana, and El Paso. The El Paso form requires that you open as a read only file. Please review.

(See attached file: Agency & Management Agreement2.doc)(See attached file: EPNG Agency Agr.doc)

We are working on the gas purchase agreement and should forward shortly.

We received the power of attorney and bylaws you emailed. I had a Spanish speaking attorney in our office assist me with their review. The bylaws look fine. We would like you to follow up with a certified copy in the mail. For now can you confirm via a response to this email, that these are the latest bylaws on file?

He noted that under the Power of Attorney, it would be required that two of the gentlemen listed on page 2 of the power of attorney documentation, execute our agreements. Can you confirm? Would be happy to discuss this with you.

Thank you for your cooperation.

RE: TW - Physical Gas Delivery for Dec.01

Sender	gerald.nemec@enron.com
Recipients	['mark.knipa@enron.com', 'eric.boyt@enron.com']
File	nemec-g/sent_items/602.

I don't think there would be any problem with the ECS selling the gas to a third party. They are currently selling the gas to ENA. I am not sure how the proceeds from the sale will be handled once ECS receives them, since ECS is not bankrupt. I will see if I can find anything out about that. Eric, you might want to check with Ed and see if he has any insight.

-----Original Message-----

From: Knippa, Mark Sent: Thursday, December 13, 2001 12:45 PM To: Boyt, Eric Cc: Zisman, Stuart; Nemec, Gerald Subject: TW - Physical Gas Delivery for Dec.01

Eric, We need to get the physical gas delivery issue resolved. TW is scheduled to deliver to ECS which was contracted with ENA for a fixed price for each of the stations ([Bisti & Bloomfield or Kachina] and Gallup). The total volume for Dec.01 according to TW and my best determination at this time is 342,560 MMBtu which ENA has not scheduled

reportedly because they do not have a counter-party that will transact.

This gas volume and the resulting cash flow into ECS Compression Co. LLC is a large portion of the monthly cash flow required to fund the billing expenses.

Gallup Sta. - 81,605 mmbtu's (Annual Charge Conversion) appears to be a \$2.35/mmbtu price for this year 25,521 mmbtu's (Compression Service Charge) appears to be a \$2.44/mmbtu price for the term 107,126 mmbtu's for the month with a resulting \$2.37144/mmbtu blended price

Bloomfield - 110,240 mmbtu's (Compression Service Charge for Oct. power billed in Nov. 01)

Bisti - 125,194 mmbtu's (Compression Service Charge for Oct. power billed in Nov. 01) 342,560 mmbtu's for the month of Dec. to ECS

I'm not 100% sure of the pricing on these transactions but possibly with your information and Gerald Nemec's input we can determine and confirm.

TK Lohman at TW called with a buyer for the Dec. 01 ECS gas. Scott Walker w/ Richardson Products 817 810 9385 frequently buys TW's operational gas that is sold intra month. The most direct method of handling the gas is to have ENA sell the gas & the proceeds directly flow back to ECS (if that is possible). ECS doesn't want the gas sale to roll into the ENA bankruptcy process. Otherwise ENA would need to assign ECS the ability to sell the gas directly but ECS would then need to execute a TW Pooling Agreement (or something) and there may be issues with ECS marketing gas directly.

Let me know what blanks you can fill in. mk

FW: Houston Pipe Line Company

Sender	mary.grisaffi@enron.com
Recipients	[earline.kendall@enron.com', 'n..gray@enron.com', 'gerald.nemec@enron.com']
File	nemec-g/inbox/899.

Barbara per our discussion, I am attaching a list of the Houston Pipeline Bonds of which this list was furnished in September, 2000.

The list furnished to Gerald Nemec are bonds that are open bonds.

Since Houston Pipeline Company was sold and they have appointed Marsh USA the agent of record effective 06-01-01. These bonds should be moved to the new agent and the surety, St. Paul Fire and Marine. Please let me know how to proceed.

Thanks. -----Original Message----- From: Grisaffi, Mary Sent: Tuesday, June 05, 2001 10:50 AM To: Nemec, Gerald Cc: Ogden, Mary; Kendall, Earline Subject: FW: Houston Pipe Line Company Importance: High

Gerald, we recently placed a \$50,000 bond for HPL for Franchise Tax Certification for you.

I understand from our broker, John L. Wortham that our surety, St. Paul/Seaboard Fire & Marine was informed that Marsh USA will be handling the HPL bonds effective 06-01-01 (please see attached email).

I am attaching a list of outstanding bonds that HPL has in place. Should these bonds be canceled? Or if these bonds are still required, you may wish to consider placing with your new agent of record, Marsh USA. They can either be replaced all at once or just prior to expiration.

Please note while most of the bonds were placed with St. Paul/Seaboard Fire & Marine there are a couple that were placed with Liberty Mutual Insurance Company.

Please let me know how you wish to handle the outstanding bonds.. Thanks.

If you have questions, please give me a call 713 853-5687.

Mary, we have received information from Roger Bumgarner at St. Paul/Seaboard that Marsh USA has been appointed agent of record effective June 1, 2001 on the HPL bonds he writes.

As you know, there are three bonds with Liberty Mutual Insurance Company and two through Insurance Company of North America. I presume we will be receiving notice that Marsh has been appointed on them, also. However, we have not yet received information to that effect.

<<Gas Transaction Collateral Agreement(4-18-01)ENA.doc>>

Attached please find a revised draft of the Support Agreement reflecting a release of the capacity without recall rights, but with our right to subsequently instruct ENA to release the capacity back to us if permitted in accordance with the terms of the Agreement. We continue to be concerned about the protection of our rights in the event that ENA is unwilling or unable

to release the capacity back to us when and as required. However, in the interest of wrapping this up, we are prepared to move forward with this structure, with some words added as indicated.

With regard to other open items.

- the text of the Spread Value Calculation needs a little tweaking to have its terms correspond with those in the Support Agreement. For example, defined terms such as ENA and Pipeline Capacity should be used. Also, the 200 basis points added to Libor should be deleted. Gerald, are you going to conform or should I?
- The Amendment to the Master Netting Agreement looks fine.
- Stephanie should work with Bob and El Paso to agree on the form of release needed to implement the Initial Release with El Paso.

Peter

Matt,

I got a few ideas.....(1) My mom works with Mrs. Stater whose daughter is an international stewardess with United, Kristin Stater, she maybe able to get in contact with her or locate her quicker, (Sandoms e-mail address is gillassa@fairfield.k12.ia.us).....OR (2) Call the LA county courts and get the judges' office number. Do know what court he presides in, i.e. Family Court, Criminal, Civil, etc.

I've never heard of Jeff's company before, but it sounds like it is a fairly small operation.

To: "Eric Gillaspie (E-mail)" <eric.gillaspie@enron.com> cc: Subject: Europe

I can't believe that I'm having this much difficulty contacting my European friends.

My London friend's father is a judge for Los Angeles County so his phone/address is unlisted and I don't know anyone that would know his information. So, I've sent a letter to United Airlines (she works for them) in Chicago asking them to forward the letter on to their London base to Linda. We'll see if they do that for me.

And my Russian friend's parents have moved away from Downey (Calif) and I don't know where they are [plus their last name is Castro so there are hundreds of them in California]. So, I've sent a letter to the church in Downey that Ron is "evangelizing" for asking them to forward my letter to Russia. I have an e-mail and mail address for him, but neither seems to work even though I correspond with him a couple times each year. I don't know if the church in Russia has been overthrown by the locals or what.

I'll keep you posted.

You and your lovely bride are getting a new roommate this summer I hear. Sounds like a pretty good opportunity for Jeff in Austin. Have you heard of that company before around there?

NewPower Connections Remote Energy Mgmt. Solution Brochure /

Sender	gerald.nemec@enron.com
Recipients	[gnemec@houston.rr.com]
File	nemec-g/sent/2507.

----- Forwarded by Gerald Nemec/HOU/ECT on 05/16/2001 04:22 PM -----

Kevin McCutcheon@NEWPOWER 05/15/2001 06:38 PM

To: cc: bcc: Gerald Nemec/HOU/ECT Subject: NewPower Connections Remote Energy Mgmt. Solution Brochure / Application

Dear Customer,

Thanks for your inquiry regarding NewPower's 500 home technology pilot in Houston, Texas. Please note you do not need to be a NewPower electricity customer to participate in this pilot. The technology pilot is a separate program. If you have already signed up for this pilot through some other means (such as in the lobby of the Enron building or via fax) please disregard this message. Sears will contact you to schedule you installation within a couple of weeks.

Below you will find the electronic version of the NewPower Connections Remote Energy Management Solution brochure and application (NewPower trifold.pdf). To participate in the pilot, simply:

- 1) Launch the PDF File (NewPower trifold.pdf) Note: You will need Adobe Acrobat Reader 4.0
- 2) Scroll down to the second page of the brochure where the application is located
- 3) Print out the brochure/application
- 4) Fill it out and fax it back to us at 914-697-2482 (to the attention of NewPower Connections)

or

- 5) Mail the completed application to us at: The New Power Company One Manhattanville Road 3rd Floor Purchase, NY 10577-2100 attn: NewPower Connections

Sears will call you in two to four weeks to schedule the installation. Remember, the NewPower Connections Remote Energy Management Solution pilot program is completely FREE to the first 500 participants. Free hardware, free installation, free service calls, and no monthly service fees or hidden charges. At the conclusion of the pilot, those first 500 pilot participants will be "Grandfathered" so Remote Energy Management will remain free to them should the service be continued as a real mass market product.

Remember, to participate in the pilot, you must meet the following qualifications:

- 1) You must reside in the Greater Houston Area. The outer limits of our service area generally will include Kingwood, The Woodlands, Tomball, Katy, Sugarland, Pearland, League City, and Baytown. Reliant Energy / HL&P should be your current service provider.
- 2) You must own and live full time in a single family home (No Apartments Please).
- 3) You must have internet access either at work or at home.
- 4) You must NOT have any other Powerline Carrier Devices currently installed in the home (Such as X10 Devices).
- 5) Your home must have central heating and air conditioning.

Please let us know on the application if you have a Dial-up or Broadband Internet connection at home. If you do have broadband, please advise if it is DSL or Cable and who the service provider is (i.e. PDQ.net, SBC, Earthlink, etc.). Just write it anywhere.

If you like our NewPower Connections Remote Energy Management Solution, feel free to forward this brochure and application to your friends and family.

Thank you, The New Power Company

Make Your Reservations for the 2000

Fall Harvest Party

Benefiting the Houston Bar Foundation

November 13, 2000 7-10 P.M. River Oaks Country Club

The Houston Bar Association's grand fall social event, the Harvest Party, is also the Association's major fund-raising event for the Houston Bar Foundation. Don't miss the opportunity to join your friends and colleagues in the legal profession for an elegant evening at River Oaks Country Club on Monday, November 13, 2000, from 7 p.m. until 10 p.m.

The entire country club has been reserved for HBA members and their guests. As always, the Harvest Party will feature fine refreshments, surroundings, and the company of your colleagues in the legal profession. More than 1,200 persons attended last year's gala event. This year's Harvest Party Chair is Tom Godbold of Fulbright & Jaworski L.L.P.

The Houston Bar Foundation supports such crucial projects as the Houston Volunteer Lawyers Program, providing pro bono legal services to indigent Houstonians in civil matters.

Tickets for the 51st Harvest Party are \$62.50 per person. Send your check payable to the Houston Bar Foundation, along with the names of all attending in your party, to Harvest Party, Houston Bar Foundation, 1001 Fannin, Suite 1300, Houston, TX 77002 no later than 5 p.m. on Thursday, Nov. 9.

For information call Rusty Bienvenue or Kelly Isenberger at 713-759-1133.

The Harvest Party is graciously underwritten by the following firms and corporations:

I am really not comfortable with Peter's idea. This means that a Debtor In Possession or a "rouge" PGE can permanently recall everything. Is there anyone else that we can talk to at El Paso? They are always letting people act as their agent for one thing or another. Surely this can be fit into that mold. I'll call you in a bit Gerald.

Steve

<<Collateral Trust and Security Agr ver 1.doc>>

I received Gerald's voice mail last night that El Paso cannot handle an agency agreement wherein Enron would be our agent for the limited purpose of exercising the recall right on only three of the capacity packages. Although I find this disappointing, we obviously need to address this development.

We think the proper approach is to retain the firm recallable release structure we developed. That creates a present release into Enron's hands of the contracts, which was Barry's stated desire. We would retain a recall right BUT we could only exercise it in accordance with the Support Agreement (e.g., monthly, so long as not in default). We understand that you might want some further assurance that we would not misuse that right. To that end, I have resuscitated the Collateral Trust and Security Agreement. In other words, we would give you a first priority lien on the applicable transportation packages so that if we improperly recalled the capacity (which we of course would not), you would still be the senior secured party on the capacity and be entitled to exercise your remedies of foreclosure. Moreover, as Lisa and I discussed when we first considered the security interest, this security interest would be exempted from the automatic stay in accordance with Section 362(b)(17) of the Bankruptcy Code and thus you would be in a position to exercise your lien notwithstanding even the meltdown scenario of a bankruptcy.

Please respond at your earliest convenience.

Peter

Let me just start by saying that if you to knuckleheads (Eric and Jen) would spend less time obsessing about my hair and more time working on your house, then maybe you would have a kitchen that didn't look like it belongs on Bob Vila's "This Old House". Second, the style of my hair is not a pomp, as you "commoners" like to refer. Once we arrive in Madrid, the Madrilenos will recognize me at once as royalty and I should be running that country inside of 2 days.

Matt, If you are still gassy by next week, you will be rooming with Eric and Jen.

Eric and I can type up a couple of possible itineraries this weekend, based upon some initial research. It'll include potential routes and possible sights to see along the way. I think we can basically decide as we go. We are also having dinner with someone Eric works with this Friday who has been to Spain recently with his family. They went down to the Andalusian White Hill towns near Seville. As you know, Eric and I were only in and around Madrid, so we'll pick this guy's brain. I agree about packing light. It sounds like we'll need a few sweaters though. I think it'll be between 50-60 during the day. I don't know if they have heat in Spain yet, so we may get cold at night. I'm pretty confident we could find a laundry mat if necessary. I don't want you to stink either, especially if you blow your butt out like in Minneapolis! Nasty!!! Please bring your adapter. I blow dry my hair in the mornings. Gerald will need to borrow it too in order to dry his pomp. Eric and I felt that it would be easier to make our hotel reservations once we get there. On day one, we arrive in the morning. Thus, we'll have plenty of time to check out a couple of pre-determined hotel options, especially since we're not in high season. We can discuss this weekend.

Chao!

Mark, I received your fax concerning the season tickets. Thanks for quick response. I thought given the short time frame I would just email with my information.

If I could get 2 season tickets in my name on the East Side Lower Deck toward the Neuhaus Athletic Center, that would be my preference. Lisa, indicated you wouldn't be able to know what seats might be available until you got all the responses back. If you could email with the seats you have available prior to charging my credit card, I would greatly appreciate it.

If the only seats you have would be worse than about the 15 yard line in the area I mentioned above, I have a friend who is a Longhorn Foundation member with 6 tickets in that area at about the 15 yard line. His name is Patrick McDonald. If possible that I could attach 2 more season tickets to his without affecting the location of his seats, that would be great also.

I don't need OU tix.

My credit card number is 4305 7216 5689 6359 Expires 2/28/02 Visa. If you really need the form filled out, just let me know and I will forward it.

Thanks for your help.

DEADLINE INFORMATION: eHOnline is Now Available

Sender	enron.announcements@enron.com
Recipients	[ehronline.mailing@enron.com]
File	nemec-g/all_documents/836.

Today is a big day for ENRON! This morning, we are rolling out the next step toward empowering our most valuable resource -- you. As of this morning, most of you have access to the new eHOnline intranet site.

The new eHOnline functionality (a feature of the SAP implementation) is very easy to use and is accessible through the Enron intranet (<http://ehronline.enron.com>). Using eHOnline, not only can you enter your own time, but also maintain your profile, and update personal data, including home address, phone numbers, W-4 changes and emergency contact information. Additionally, you will be able to view your individual pay advice and benefit elections.

Remember the deadline for time entry is 3:00 pm CST, on June 30th -- all time must be submitted and ready for payroll processing. Because this is the first period using SAP to record time, please work closely with your timekeeper to ensure the deadline is met. By now, you should have received a note from your timekeeper. However, if you have not and are unsure who your timekeeper is, please call the Site Manager for your Business Unit. Their names and numbers are listed below.

Because of the size of this rollout, we have to expect a few "bumps in the road." So, we're asking you to be patient and work with us over the next few weeks. If you have questions, are experiencing problems, or would like more information, please contact the Center of Expertise (COE).

Center of Expertise (COE) The Center of Expertise can help answer many of your questions and provide you with assistance if you are experiencing problems. The COE is available 24 hours a day from Monday at 7:00 am CST through Friday at 7:00 pm CST. You can contact the COE: Via phone at (713) 345-4SAP (4727) COE website: sap.enron.com (contains job aids, instructional materials, forms and policies) Via Lotus Notes at SAP COE/Corp/Enron Via internet email at sap.coe@enron.com

BU Site Managers Enron North America Cindy Morrow, (713) 853-5128 Yvonne Laing, (713) 853-9326 Global Products Shelly Stubbs, (713) 853-5081 Yvonne Laing, (713) 853-9326 Global Finance Jill Erwin, (713) 853-7099 Yvonne Laing, (713) 853-9326 Gas Pipeline Group Michael Sullivan, (713) 853-3531 Greg Lewis, (713) 853-5967 Diane Eckels, (713) 853-7568 Global E&P Diane Eckels, (713) 853-7568 Enron Energy Services Bobby Mahendra, (713) 345-8467 Daler Wade, (713) 853-5585 Corporate Todd Peikert, (713) 853-5243 Enron Renewable Energy Corp Joe Franz, (713) 345-5936 Daler Wade, (713) 853-5585 Enron Investment Partners Yvonne Laing, (713) 853-9326

Job Aids and Reference Guides Finally, the Apollo & Beyond training team has developed several useful reference guides that you can access via the SAP website at sap.enron.com

Also, a brochure will be delivered to your mailstop today. This brochure provides step by step instructions on how you can use eHOnline to view and update your personal information.

Recipients	[gerald.nemec@enron.com, 'Peter', 'Bennett']
File	nemec-g/inbox/1040.

Gerald,

Further to your voice mail, let's put it together as is with the legal language covering oral discussions. As for the Energy Transfer Group CA, I forgot what I requested as I verbally got it from Mike and then told it to you and did not write it down. Let me know if you have the info, otherwise I'll call Mike back and discuss.

Thanks, Chris Hilgert Enron Compression Services Work: 713-853-7350 Cell: 713-857-2479

-----Original Message-----

From: Nemec, Gerald Sent: Tuesday, July 17, 2001 5:33 PM To: Hilgert, Chris Subject: RE: Confidentiality Agreement

Two things; 1. The modification excludes all oral information. So any confidential information that you guys orally give them is not protected. 2. It might be a headache for you guys to remember to mark everything as confidential. If you forget, it is not protected. I think the changes should come out.

-----Original Message-----

From: Hilgert, Chris Sent: Tuesday, July 17, 2001 4:56 PM To: Nemec, Gerald Subject: FW: Confidentiality Agreement

Gerald,

If you are ok with this, would you please put together executable copies for us to sign and get to Ormat. If not, let me know.

Thanks, Chris Hilgert Enron Compression Services Work: 713-853-7350 Cell: 713-857-2479

From: Nemec, Gerald Sent: Thursday, September 27, 2001 7:08 PM To: Hilgert, Chris Cc: Carter, Carol; Sherman, Cris; Dobin, Nora Subject: Notice Letter for ECC

Attached is the notice letter to EMP ECHO, LLC for ECS' election to take and make the distributions resulting from the payment of the note for Gallup and Kachina. As we discussed Chris, Section 5.03 of the LLC Agreement governs the distributions and assuming the requirements of that section are met and upon provision of this notice, the note proceeds can be distributed to ECS. Upon payment of the note by whoever HPL's assignee is, the original notes will need to be cancelled. Nora, can locate these originals.

I am not sure if the address and fax for EMP ECHO is correct. I pulled these from the agreement. Need to verify.

File	nemec-g/inbox/970.

Stacy,

Here's the info on active GISB contracts with a trading method of WRITTEN. Please let me know if you want me to trade suspend any of these contracts or run deal listings on them. I will also forward this list to the Global Outsourcing group to handle the HPL contract as it sees fit. I will wait to hear from you on how to handle these - just let me know!

Thanks! SBR x30569 -----Original Message----- From: Castrow, Fred Sent: Tuesday, July 10, 2001 11:11 PM To: Richardson, Stacey Subject: RE: IT request 3143

Here you go. Let me know if this looks ok. In addition to the 20 rows here, there were 10 from Bridgeline and 1 from AEP that I don't think you have access to. I can check my email while in class (in 3AC) so let me know if you need anything else added to this report. I will try to get to the other report some time tomorrow.

-----Original Message-----

From: Richardson, Stacey Sent: Tue 7/10/2001 4:40 PM To: Castrow, Fred Cc: Me Home (E-mail) Subject: FW: IT request 3143

Oh, can you also make the report downloadable into Excel? Or can you just export it? That way I can filter and sort info as I need.

Thanks! SBR -----Original Message----- From: Richardson, Stacey Sent: Tuesday, July 10, 2001 4:39 PM To: Castrow, Fred Cc: Me Home (E-mail) Subject: RE: IT request 3143

I basically pulled all active contracts with contract type GISB Base Contract 6.3.1 or GISB Base Contract under all maintenance groups that I have access to. The list is sorted by maintenance group, counterparty name, and then contract number. I need only the maintenance group, contract number, contract type, Enron entity, Enron ID, counterparty name, counterparty ID, and effective date for all such contracts where trading method equals WRITTEN only.

Please do not hesitate to call me at home if you need additional information (I will be leaving at 5:00). You can page me at (713) 710-6084 or call my cell phone (713) 557-9010. My home number (where I'll be after 6:30 or so) is (713) 953-1775.

I really appreciate all your help. Thanks! SBR

-----Original Message-----

Stacey,

If you can supply me with the selection criteria you used to create your spreadsheet and the data fields you want to include, it would be easier for me to generate a new report and save it to a spreadsheet with exactly what you want. I will work on this after class this evening.

Fred

-----Original Message-----

From: Richardson, Stacey Sent: Tue 7/10/2001 3:35 PM To: Chitradurga, Sundar Cc: Dickson, Stacy E.; Castrow, Fred; Bryan, Linda S.; Wallumrod, Ellen Subject: IT request 3143

Hi Sundar,

I know that Fred is out all this week, so I'm hoping you can help me with an urgent IT request. I submitted request 3143 today at Legal's request. I need to provide Legal with information on contracts that need to be amended or terminated immediately. Is there any way you can run this report for me soon? I ran an initial query out of Global Contracts but was not able to filter or sort on trading method. I was at least able to narrow down the list of contracts to run your report from.

Please let me know if there is anything I can do to help.

To: clancy.aschbrenner@coastalcorp.com, steven.saye@coastalcorp.com cc: Paul T Lucci/NA/Enron@Enron, Gerald Nemec/HOU/ECT@ECT, Stephanie Miller/Corp/Enron@ENRON Subject: WIC Medicine Bow Release

As we discussed, ENA is going to release a portion of it's Medicine Bow capacity to 2 different parties. We would like to begin this process and make sure we follow the proper procedures in the WIC tariff. In addition we want to make sure that the releases are properly coordinated and go off without a hitch. The following are the terms of the releases and the counterparties.

1. Counterparty: J M Huber Corp. Quantity: 10,336 MMbtu/d Term: November 1, 2001 - the term of the contract Contract # 41066-000
2. Counterparty: J M Huber Corp. Quantity: 42,337 MMbtu/d Term: November 1, 2002 - the term of the contract Contract # 41066-000
3. Counterparty: CMS Transmission and Storage Quantity: 7,172 MMbtu/d Term: January 1, 2002 - the term of the contract Contract # 41066-000
4. Counterparty: CMS Transmission and Storage Quantity: 1,015 MMbtu/d Term: December 1, 2002 - the term of the contract Contract # 41066-000
5. Counterparty: CMS Transmission and Storage Quantity: 1,015 MMbtu/d Term: January 1, 2002 - November 30, 2002 Contract # 41075-000 (Volumetric Firm)

Each of these releases would be done with the following terms:

1. First bidder meeting minimum terms
2. Permanent release
3. Hide the minimum rate
4. The release will be at the contract rate
5. The release will be recallable
6. ENA will then follow up with a notice to WIC that we are giving up our recall rights at a later date

Please let me know if this looks ok to you and let me know if each of these parties are authorized to do capacity releases with WIC.

Thanks for your help.

Mark

WIC Medicine Bow Release

Sender	mark.whitt@enron.com
Recipients	[gerald.nemec@enron.com', 'paul.lucci@enron.com']
File	nemec-g/all_documents/4991.

The deal with CMS needs a one page letter agreement. that states that the release begins on the latter of the WIC Medicine Bow expansion being fully in-service or January 1, 2002. As structured here we would have recall rights on this capacity which we could call enact for any of the volumes up to the WIC in-service date. We could not recall any capacity after that date and we would give up those recall rights with a letter to WIC upon the in-service date of the new pipeline. Can you please start on this letter agreement as a soon as possible? The CMS guys are a little antsy and this is a good deal for us. (\$1.3 MM)

Thanks

Master Netting Group:

I just want to personally thank all of you for all of your hard work the past few weeks in addressing our counterparties' requests for Master Netting Agreements. We have been able to sign up a number of them as a result of your efforts and have managed to keep certain counterparties from cutting us off in trading. Thanks again for your efforts and for putting up with one fire drill after another! Hopefully we all learned alot in the process.

Hi Katie,

Phone numbers are:

(713) 942-8066 Home (281) 772-9250 Cell Phone

Hope everything goes well with the move and UofH. San Francisco is an awesome town. Make sure you take some warm clothes as it does get chilly there year round. I would live there in a heartbeat if it didn't cost a small fortune to do so. I especially love going up to Napa. Napa is so beautiful and relaxing and the free wine tastings make for a good time also.

Have fun and talk to you later Gerald

Katie McMahon <katie99@tamu.edu> 05/11/2000 04:09 PM

To: Gerald.Nemec@enron.com cc: Subject: Re: Out there?

I'll be on this e-mail until Sat. morning. That is when I am moving back home. The number there is 281-391-5524. I won't get e-mail hooked up there for a few weeks. My # in the fall will be 979-847-0011 I believe. I've got to check on that one.

You are going to kill me, but I need your phone # again. It's a long story, but when my e-mail was full and I was going through deleting stuff, I think I accidentally deleted your #. Can I please have it again?

Katie

Gerald.Nemec@enron.com wrote:

I am impressed! Anybody who can drink a pitcher of beer that fast is OK in my book. I hope you didn't operate any heavy machinery afterwards. I guess you won't be at this email address for awhile. Keep in touch and give me call if you get a chance when you settle down in Katy. Bye!

Re: Planergy Contract

Sender	gerald.nemec@enron.com
Recipients	['cheryl.marshall@enron.com', 'carol.carter@enron.com']
File	nemec-g/sent/340.

We are doing business as Enron Compression Services Company. Let me know if you need anything else.

Cheryl Lantz Marshall on 12/22/99 10:28:55 AM To: Carol Carter/HOU/ECT@ECT, Charlie Thompson/GCO/Enron@ENRON, Danny Schedule/GCO/Enron@Enron, Gerald Nemec/HOU/ECT@ECT cc: Mark Courtney/HOU/ECT@ECT Subject: Planergy Contract

This memo is regarding an agreement with the following title: ENERGY SERVICES AGREEMENT BETWEEN PLANERGY SERVICES OF HOUSTON, INC. AND ENRON COMPRESSION SERVICES COMPANY (the "Agreement").

Enron Compression Services Company (ECS) has an agreement with Planergy by which ECS and Planergy share in the energy savings from the certain equipment at the new Bammel compression station. The Agreement states that we "...will forward the recorded hours of operation for the previous month to Planergy within (15) days of the 1st day of the month." We are currently working with Planergy and the Bammel team to design the report that will track the hours of use for the subject equipment.

I would like to suggest that the Bammel team fax the recorded hours before the 15th day of the following month to those listed below:

Cheryl Marshall (Asset Management)- fax 713-646-8416 Carol Carter (ECS accounting) - fax 713-646-3084 Roger Roedick (Planergy) - fax 713-468-1457

If anyone disagrees with this idea, please call Cheryl at 713-853-6250.

Gerald - as it relates to the Agreement - who are we doing business as? Please let Carol Carter know also.

FW: New counterparty request form (deal 901255)

Sender	stacey.richardson@enron.com
Recipients	['l.hernandez@enron.com', 'gerald.nemec@enron.com', 'sharon.gonzales@enron.com']
File	nemec-g/inbox/1036.

OK folks, here's an update on Holcomb Oil and Gas Inc./Key Gas Holding, LLC. The only active contract we have in place with Holcomb is an Enfolio II Spot and the interest assignment letter sent by Holcomb does not cover an agreement so broad. I spoke with Susan Herrera at Holcomb [(505) 326-0550] and asked her to send an assignment letter. She didn't seem to really understand what I needed to I also gave her Gerald's number in Legal.

Once we receive a good assignment, I will request that the Global Counterparty group set up the CP. Sharon will process the assignment at that point. Depending on whether we want to split deal 901255 or repath will depend on how long this process takes. I will keep everyone informed in the meantime.

Please let me know if you have any questions.

Thanks! SBR x30569

DRAFT ENFOLIO AGREEMENT AND COMMENTS

Gerald,

Keith McClelland (AMUS lawyer), Daniela Horth (Contract Administrator for AEC Storage and Hub Services Inc. and Wild Goose Storage Inc.) and I are available tomorrow morning between 10 and 12 for a conference call. I am still trying to confirm that Ryan McGeachie (Credit Analyst) is available. Does this time look okay for you? Let me know and I can confirm everything later today.

If you do have any written comments that would be useful for us to see beforehand, please send them on to me by email or by fax (403-290-8479).

Thanks so much.

Ann

From: jonathan gillaspie [mailto:jongill78@hotmail.com] Sent: Tuesday, May 29, 2001 8:46 PM To: Gillaspie, Eric Subject: RE: Trip Details

Eric:

Am in the process of arranging your Shanghai leg of the journey. Will set up

a package that allows you to choose meals. I think you should have a little guidance in your explorations of the Shanghai area. Shanghai is a friggin mad-house (16 million people) and if you ain't got the language skills they will bend you over a rickshaw and ride you like a poodle. So- let me set up your hotel and sightseeing for you. You can break loose from the "tour group" vibe later in Qingdao. Keep in mind that you'll be in a relatively small group (ie. it won't be a Greyhound bus packed full of gawking blue-hairs). I'll send full Shanghai details when the biz is finished later today...

In regards to the Beijing leg, we altered the itinerary to suit our needs. We knocked out the bullshit and kept the bliss nuggets. You should have a traditional Beijing roast duck dinner (it rocks!) and you should experience Beijing Opera at least once in your life. We'll see the Beijing Opera in a famous Beijing teahouse while sucking tea and brews and nibbling on pickled chicken feet and other assorted delicacies. We knocked out the full two-hour

Beijing Opera performance that would have been later in the week. We'll be staying in a Wangfujing hotel. Wangfujing is the trendy shopping street in downtown Beijing; should make the wives happy. It'll be \$70 USD/night.

Will send full Beijing details when we've finished the haggling and cheating

rituals that make life so wonderful in the middle kingdom.

Take care, guyeee.

Love,

Jon

File	nemec-g/inbox/1796.

Lisa, Here is the deal as it stands with each counterparty:

Texas Brine Wayne Sneed--Treasurer, the main contact, his number is 713-877-2661 Ted Grabowski--President and CEO, 713-877-2716 Sale Agreement--The "Cash Sale Form" is drafted, no changes needed, Gerald can get executable copies ready right away Easements Agreement--We would like to delay execution if possible, but Gerald can have executables in place fairly quickly if they insist DASH--written, requires signatures, beginning with Dave Gorte.

I will call Wayne in the morning and tell him to remain on standby. We'll know fairly quickly where we are when Reliant calls us tomorrow morning around 10:30, and I can tell him before my flight leaves. If the Reliant deal is off, we can start moving right away on this. I'll tell him to be in touch with you regarding document delivery and cash transfer.

Reliant Ken Bradley--VP Energy Wholesale Group, main contact, his office number is 713-207-1456. He tends to be easier to reach on his cell, 713-805-3889. Sale Agreement--The "Act of Sale" is drafted and just needs to have the new pricing put in, at which point we can get executables and signature. Board Resolution--Drafted and submitted to Reliant, we expect they will not have issues with it and we can get executables on what we have. Corporate Guaranty--Has been executed for \$3MM. Gerald has the original. For ease of execution we will try to get Reliant to accept it at \$3MM even with a higher sale price, but if pressed we will have to get another one signed for the amount of the sale. I believe Clement Abrams will take care of that, but check with Gerald. Certificate of Non-Foreign Status--Signed by Stephen Douglas, I have left you the original (for Reliant, I assume) and 2 copies (for us) DASH--written, but will require an update for new pricing. Need to show Gorte one last time, get his signature, and then it needs the rest of the signatures.

Ken will be calling us back around 10:30 tomorrow immediately after his meeting with whomever can authorize a higher price, he has all our numbers so if he can't reach me he will call Jean directly in Buffalo. If we get a suitable price (\$3.25 MM or higher), then the next step is to get them comfortable with the guaranty we have executed, then get the DASH signed and move on from there. In my previous email, I told him you would be involved, so I'll put him in touch with you as soon as we have a deal.

The wiring instructions for either party are as follows:

Account name: ECT Cash Services Acc. Entity Bank Name: Citibank New York Account Number : 40781075 Routing Number : 021000089

Reliant already has these instructions. Either party may want to cut a check instead, it just becomes a question of which is faster and easier.

I will forward you the latest copies of all the documents for each party as separate emails. As far as signatures are concerned, Julie Gomez told me she would be in on Wednesday and available to sign, but Jean may want to handle it via fax. That can be decided tomorrow. I will list out the rest of the needed signatures in the respective emails.

Well, try as I may, I'm sure there are issues I have not covered, so feel free to call me at any point at the phone numbers I sent earlier. Good luck and THANKS for helping us out!

Eva

Confidentiality Agreements/Tallahassee Trip?

Sender	gerald.nemec@enron.com
Recipients	[mary.ogden@enron.com]
File	nemec-g/all_documents/6134.

Mary, Can you please draft a CA for the J.M. Huber information provided below. Please use the attached as the form. Thanks.

----- Forwarded by Gerald Nemec/HOU/ECT on 05/14/2001 12:05 PM -----

Chris Hilgert/ENRON@enronXgate 05/14/2001 10:22 AM

To: Gerald Nemec/HOU/ECT@ECT cc: Subject: Confidentiality Agreements/Tallahassee Trip?

Gerald,

I need a couple of CAs from you. First of all, the North Coast Transmission LLC CA is finally ready to roll.

Address: North Coast Gas Transmission LLC 1700 Westfield Dr. Findley, OH 45840

Subject: "discussion of potential options to maximize shareholder value with regards to North Coast's Intrastate Transmission Assets (Line #425, Line ADB-12, Ashland and Buckeye Lines)."

Second of all, I need a CA for JM Huber with the information as follows:

Address: J. M. Huber Corporation 11451 Katy Freeway Suite 400 Houston, TX 77079

Subject: "discussion of potential horsepower services and producer outsourcing opportunities around properties in the Texas Panhandle and San Juan Basin"

I'm sure the subject matter language will require some massaging. Also, are we on for sure next Monday for Tallahassee? Let me know.

Thanks, Chris

*Message 266 of 291***Spot Gas Supply****Sender** 40enron@enron.com**Recipients** ['credit <williams@enron.com>', 'gerald.nemec@enron.com']**File** nemec-g/inbox/1248.

Jay/Gerald,

This is an industrial customer I would like to sell gas to. The deals will short term Spot transactions. Can provide the proper clearance for short term trades.

Paul Lucci (303) 575-6474

Dear Paul,

I spoke to you about setting up a Gas Purchase and Sale Agreement with Holnam Cement, a direct connect end user on CIG at Portland Colorado. Portland is located on the Canon City lateral on the CIG Valley Line. Please verify that you have the ability to deliver gas at this location. Then, please contact Jim Crain with Holnam to answer any creditworthiness issues. Jim can be reached by e-mail or by calling (719) 784-1102.

Please contact me and send any GISB Special Provisions required by Enron.

Holnam's primary fuel is coal. Holnam will order spot gas on CIG when starting up or shutting down its coal fuel and, if available, make spot purchases as confirmed. In August Holnam will need at least 75,000 Dth. If more is required it will be ordered. Holnam will purchase the gas "delivered" at Holnam or as directed by CIG for storage refill. I will supply you with the meter identity at Holnam when required.

Please respond immediately. Thank you. Larry Campbell (303) 239-1361

*Message 267 of 291***Power Pipeline Partners/Energy Transfer Group CAs****Sender** chris.hilgert@enron.com**Recipients** ['gerald.nemec@enron.com']**File** nemec-g/inbox/874.

Gerald,

Per our recent discussions, I need to get two CAs as outlined below:

Power Pipeline Partners Address: Power Pipeline Partners L.P. 10000 Memorial Drive Suite 200 Houston, TX 77024-3409
Contact: Randy Schorre-Vice President & COO

I would like to put language in that protects either of us (non-circumvention?) for deal leads that are divulged to the other party if they were not already known to either party or could be reasonably found out in the "open" market. I would also like to protect any proprietary deal structuring exposed by ECS.

Energy Transfer Group Energy Transfer Company 2838 Woodside St. Dallas, TX 75204 Contact: Kelcy L. Warren-Partner

I would like to put language in that protects either of us (non-circumvention?) for deal leads that are divulged to the other party if they were not already known to either party or could be reasonably found out in the "open" market. I would also like to protect any proprietary deal structuring exposed by ECS as well as any electric motor drive technology exposed by the Energy Transfer Group.

Please start on putting these together and I will call you this afternoon. I'm trying to get these out int the next day or so as I dragged my feet on this last week. Sorry for the squeeze.

Thanks, Chris

RE: ROW Document

Sender	chris.hilgert@enron.com
Recipients	[gerald.nemec@enron.com]
File	nemec-g/inbox/1770.

Gerald,

Looks good to me. In the signature block, should it be Enron Compression Services Company as opposed to Enron Compression Company? The information that I have on the ROW tracts is not specifically descriptive other than to describe them as tracts owned by 1) Herbert and Margaret Lane Property, 2) Alan and Elizabeth English Property and 3) Kay Arnold Fritz Property all in dispute along the Shaky Joe Swamp Transmission Line. The attorney representing these people is Brigham Moore LLP and the representing attorney appears to be Andrew Prince Brigham. Hopefully, this is good enough. If you need to talk to me, call me at 701-683-4683 or leave me a voice mail at 3-7350. When you have a draft of the Construction Cost Overage letter, please send it to me. Thanks again for all your help and hard work.

To: "Chris.Hilgert@enron.com" <Chris.Hilgert@enron.com> cc: Subject: Intrastate Pipeline Opportunity

Chris

Please find attached the CA for the intrastate pipeline opportunity that we discussed. Please execute a copy and fax it back to my attention at 216-443-2993.

The Board meeting went well on Friday and the shareholders have decided to sell all or a part of the intrastate pipeline system. As we have discussed this pipeline has direct access to Chicago and Dawn and is the cheapest transportation path into the heavily industrialized areas of northeast Ohio. In addition, it is the logical source of supply for several gas fired generating facilities being developed in northwestern Ohio. With McDonalds assistance the Company is planning to put together an informational memorandum and go to the marketplace in the next two weeks. Looking forward to speaking with you further about this opportunity.

Sincerely

Andrew Redinger Senior Vice President Energy Investment Banking Group McDonald Investments Inc Tel: 216-443-2305

Hi Gerald,

I hope that things have gone well with your first set of law clerks. I was writing to confirm that I will be starting work for you next Monday, July 2. I have been trying to contact the HR representative that I spoke with initially, but she hasn't returned my calls. I just wanted to make sure that everything was set for me to begin working.

I also wanted to let you know that I heard from the HBA about the photograph you recommended me for. I wanted to thank you for remembering me. I think that will be a great opportunity for me.

If you need to contact me, my phone number is 713-523-4723 or my mobile is 281-814-9934.

Sincerely,

Alisha Mahabir

Thanks, Jackie

Michael W Morris 07/20/99 10:14 AM To: Jackie Morgan/HOU/ECT@ECT, Gerald Nemec/HOU/ECT@ECT, KENTA@WT.NET cc: Lauri A Allen/HOU/ECT@ECT, Edward D Gottlob/HOU/ECT@ECT Subject: New Entex G.M. Deal starting August 99

Jackie/Gerald We have done a term deal with Entex Gas Marketing starting August 1, 1999. The term is for one year and will end July 31, 2000. This is a point specific deal. The delivery point is meter 8078/ Rhone Poulen Chemical Plant (Rhodia). The receipt points will be meter 4132/ Exxon Katy Plant Tail Gate, meter 6780/ Oasis Katy, meter 0067/ Lone Star Katy, meter 0072/ Western Katy. The out rate at meter 8078 is \$.075. The in rate at meters 4132, 6780, 0067, & 0072, is \$.03. This deal was done for full plant requirements up to 1,750 MMBtus/day. We have a Intrastate Master receipt/delivery contract already set up with Entex Gas Marketing (012-27106-02-001). I would like for us to do a confirmation for this deal under this contract, and assign it a different number for scheduling to schedule on. Please let me know what this number will be so I can make all parties aware.

Kent, If you see anything above that does not look right to you please give me a call.

Whoops! Sorry. Here it is...

Powder River Energy Corporation 221 Main Street P.O. Box 930 Sundance, Wyoming 82729-0930

They also have offices in Gillette, WY and Sheridan, WY. The Sundance office is the main office, but the Sheridan office is the closest to the site.

Here are the other 2 office addresses:

1095 Brundage Lane P.O Box 5087 Sheridan, WY 82801-1387

200 Garner Lake Road P.O. Box 937 Gillette, WY 82717-0937

Thanks. -----Original Message----- From: Nemec, Gerald Sent: Tuesday, August 07, 2001 1:47 PM To: Miles, Andrew
Subject: RE: CA with Powder River Energy

Do you have an address for these guys?

-----Original Message-----

From: Miles, Andrew Sent: Tuesday, August 07, 2001 1:40 PM To: Nemec, Gerald Subject: CA with Powder River Energy
Hey Gerald!

I finally got my computer back up. The name of the utility is Powder River Energy Corporation - A Touchstone Energy Cooperative (I don't know if you need that last part or not). The relationship is this:

ECS is acting as the agent on behalf of Crestone Energy Ventures, LLC to purchase power and deliver shaft horsepower. We will be buying electricity strictly off of PRECORP's tariff. We will also be providing the cash for PRE to build transmission to the compressor site. Right now, the deal term is for 10 years, starting in May '02, but we will begin negotiations with them immediately.

Last week I met with three people from PRECORP, just to begin the relationship, one of which was Clarence Moshier (Chief Operating Officer for PRECORP), who I spoke to again yesterday. He said that they would have no problem signing a CA with us. Basically, I just want to make sure that whatever we put in place with PRECORP cannot be relayed to Crestone by them.

Anything else you need?

Andrew

TIME SENSITIVE: Power of Communication Program Survey

Sender	enron-admin@fsddatasvc.com
Recipients	['gerald.nemec@enron.com']
File	nemec-g/notes_inbox/586.

REMINDER

We have yet to receive your feedback. Your input is very valuable and to be included in the participant's summary report, it must be received BY CLOSE OF BUSINESS Tuesday, September 12.

The internet link and your ID are noted below. Thank you for your participation.

Power of Communication Program * IMMEDIATE ACTION REQUIRED - Do Not Delete *

As part of the Power of Communication Program, each participant is asked to gather input on the participant's own management styles and practices as experienced by their immediate manager, each direct report, and up to eight peers/colleagues.

You have been requested to provide feedback for a participant attending the next program. Your input (i.e., a Self assessment, Manager assessment, Direct Report assessment, or Peer/Colleague assessment) will be combined with the input of others and used by the program participant to develop an action plan to improve his/her management styles and practices.

It is important that you complete this assessment NO LATER THAN CLOSE OF BUSINESS Tuesday, September 12.

Since the feedback is such an important part of the program, the participant will be asked to cancel his/her attendance if not enough feedback is received. Therefore, your feedback is critical.

To complete your assessment, please open your internet browser and go to the following web site:

www.fsddatasvc.com/enron

Your unique ID for each participant you have been asked to rate is:

Unique ID - Participant EHKJJK - Barbara Gray

If you experience technical problems, please call Dennis Ward at FSD Data Services, 713-942-8436. If you have any questions about this process, you may contact Debbie Nowak at Enron, 713-853-3304, or Christi Smith at Keilty, Goldsmith & Company, 858-450-2554.

Thank you for your participation.

Re: Survive?

Sender	gerald.nemec@enron.com
Recipients	['katie99@tamu.edu']
File	nemec-g/sent/543.

Lost my number eh? A likely story. Just kidding. Sounds like you were pretty busy with family. I had a pretty good Easter as well. Mostly just hung out with friends and enjoyed the weather. Of course I worked in a little jam session with my friends.

The week is going pretty well. Been in a lot of meetings and those just suck up the time. I am leaving today at lunch to go to Enron Field. The Cubs are in town and it is an afternoon game. Should be fun. The Astros really stink this year but the field is pretty awesome. I am not a huge baseball fan and but outdoor baseball in Houston is pretty cool.

Good luck on the remainder of your schoolwork. My numbers are:

(713) 942-8066 Home (713) 853-3512 Work (281) 772-9250 Cell

Take care, Gerald

Katie McMahon <katie99@tamu.edu> on 04/26/2000 02:48:30 PM To: Gerald Nemec <Gerald.Nemec@enron.com> cc: Subject: Re: Survive?

How wierd! I just logged on and was about to e-mail you. We must be on the same wave length or something. Yes, I survived. I have a take home final due next Tues. and a 1 page abstract due tomorrow, but that is it! I went home this weekend for Easter and was going to call you to see how you were doing. I could not find your # though anywhere. I know you gave it to me once, but I don't know what I did with it. What is your #? Did you have a good Easter. It ends up that I wouldn't have been able to see you. I came in late Fri. night, spent all day Sat. doing yard work, went out with my dad and sisters Sat. night, and spent time with the family on Sun. Just wanted to let you know that I am not trying to avoid you. How is your week going? My dad asked about you this weekend. I told him we were still e-mailing each other. He seems to like you.

Have a good day, Katie

Your Ticketmaster.com Tickets

Sender	customer_support@ticketmaster.com
Recipients	[gerald.nemec@enron.com]
File	nemec-g/inbox/1082.

THANKS FOR PURCHASING TICKETS ON TICKETMASTER.COM!

Your ticket is attached to this email in a PDF file. You must print this attachment with Adobe Acrobat Reader (version 4.0 or higher)

If you don't have Adobe Acrobat Reader, you may download it free of chage at:
<http://www.adobe.com/products/acrobat/readstep.html>

You have ordered 3 tickets to: CULT at AERIAL THEATER AT BAYOU PLACE Sunday, Jul 29 2001 7:00PM

Your confirmation number is 6-59974/DAL

WHAT HAPPENS WHEN I PRINT MY OWN TICKETS? Each ticket you print contains a unique bar code. Treat your printed tickets just like regular tickets. Bring your tickets to the event, one per person, and present them at the entrance or gate. An attendant will scan the bar code on your ticket bar code, and verify it. You will then be admitted to your event.

Remember to present the entire 8 ? x 11 ticket document that you print.

WHAT IF SOMEONE MAKES A PHOTOCOPY OF MY TICKET? ONLY ONE SCAN OF THE BAR CODE ON YOUR PRINTED TICKET IS ALLOWED. Although you can make photocopies of your printed ticket, you run the risk that someone else will use your copy, or your original. If their copy of the ticket is scanned before yours you will need to present the credit card that was used to make the purchase and a photo ID in order to verify that you are the original purchaser.

Handle your printed tickets as you would valuables or cash.

WHAT HAPPENS IF I NEED TO REPRINT MY TICKETS? 1. If you lose your printed ticket document, or if you get disconnected while printing your ticket click here:
<https://print.ticketmaster.com/print/beginprint.asp?EventCode=EHX0729&Account=6-59974/DAL> 2. If you received your tickets by email, click on the attachement in the email and reprint them.

IF YOU HAVE ANY ADDITIONAL QUESTIONS: Email us <http://www.ticketmaster.com/h/emailform.htm>

MAKE IT AN AFFAIR TO REMEMBER! Citysearch.com <<http://www.citysearch.com/>> helps you find local restaurants and bars, shopping, and hotels to enjoy before or after the event.

WANT TO GO? GO ONLINE.

Mid-Year 2000 Performance Feedback

Sender	perfmgmt@enron.com
Recipients	['gerald.nemec@enron.com']
File	nemec-g/notes_inbox/3810.

NOTE: YOU WILL RECEIVE THIS MESSAGE EACH TIME YOU ARE SELECTED AS A REVIEWER.

You have been selected to participate in the Mid-Year 2000 Performance Management process by providing meaningful feedback on specific employee(s) that have been identified for you. Your feedback plays an important role in the performance management process, and your participation is very critical to the success of Enron's Performance Management goals.

Please provide feedback on the employee(s) listed below by accessing the Performance Management System (PEP) and completing an online feedback form as described in the "Performance Management Quick Reference Guide". You may begin your feedback input immediately. Please have all feedback forms completed by the date noted below.

If you have any questions regarding PEP or your responsibility in the process, please call the PEP Help Desk at the following numbers:

In the U.S.: 1-713-853-4777, Option 4 In Europe: 44-207-783-4040, Option 4 In Canada: 1-403-974-6724 (Canada employees only)

Or e-mail your questions to: perfmgmt@enron.com

Thank you for your participation in this important process.

The following list of employees is a CUMULATIVE list of all feedback requests, by operating company, that have an "OPEN" feedback status. An employee's name will no longer appear once you have completed the feedback form and select the "SUBMIT" button in PEP.

Jan-March Dive Events

Sender	panacea1@swbell.net
Recipients	[]
File	nemec-g/notes_inbox/2420.

Hi Fellow Bubbleblowers,

There are?four?diving-related announcements in this email: ???HammerHeads Dive Club?Monthly ?Social - Jan 25
???Biology of Coral Reef Lecture - Feb 10 ?? Scuba Sign Language Class - Starts March 10 ???2? Flower Gardens Dive
Trips - Feb 24-25 and Mar 24-25? (Note the date changes)

If you have any questions or need additional information, please email.

Best Wishes and Fishes, Kristi Foster King Crab (President)

MONTHLY SOCIAL Thursday, January 25 is the date of the monthly social for the Houston HammerHeads dive club.? We meet at Surfer's Paradise, located?across from the theater in the MarqE complex on I10 off of 610 from 7:30 - 9:30 pm.? Tell the host/hostess you're with the HammerHeads - we'll be in the party room.

CORAL REEF LECTURE Dick Zingula from the Houston Underwater Club is giving his annual lecture, "Biology of Coral Reefs".? This is a fantastic all-day seminar (I went last year) to be held on Sat, February 10 at the Houston Museum of Natural Science from 9:15 - 4:30.? Cost is \$20 for HammerHead members since we are part of the TGCC.? Non-members fee is \$25.? Space is limited to the first 30 people who sign up.? This lecture fills up quickly, so register as soon as possible.? Call Dick Zingula at 713-721-8533 for more?information.

SCUBA SIGN LANGUAGE COURSE This winter I attended an instructor training program to teach Scuba Sign Language.??You can be the guinea pigs for the first class?starting March 10.? Cost for this class only is \$75 and includes academics and?one pool session.? Students need to provide their own equipment and a passport-sized photo for the certification cards.? Learn over 100 useful underwater hand signals beyond the open water basics you already know.? Enroll at least one week in advance.?? For more information, contact me at 713-662-3455 or check out the class description at www.scubadoobydoo.com.

CLUB FLOWER GARDENS DIVE TRIP Jan-Mar is Hammerhead migration season through the Gulf of Mexico.? We've got the entire boat (16 spots) reserved for two trips; Feb 24-25 and March 24-25.? We'll be diving off the Sea Searcher II (for more info, check out at www.scubadoobydoo.com).? Cost is \$350.? A \$100 deposit is required to hold your spot.??These trips fill up quickly, so don't wait to reserve your spot.? For more information, please contact Kristi Foster at 713-662-3455.

File	nemec-g/inbox/998.

G - It seems like CSU is pretty set on using their paper. Let me know what you think.

Tyrell Harrison 303 575 6478 ----- Forwarded by Tyrell Harrison/NA/Enron on 07/13/2001 08:16 AM -----

"Marcus Eller" <meller@csu.org> 07/13/2001 08:07 AM To: Tyrell.Harrison@enron.com cc: Subject: Re: Contract
Tyrell,

CSU is pretty picky about using our contracts for these deals. There are several sections that we must have in a contract and those are all covered in our version. Could you ask your legal if they could live with our contract? If there is any language they would like to add, we can cover that ground as well. Let me know if this will work for you.

Marcus 719-668-3618

Tyrell.Harrison@enron.com 07/12/01 02:10 PM To: "Marcus Eller" <meller@csu.org> cc: bcc: Subject: Re: Contract

Marcus, Sorry for the delay . . . it's difficult to get folks moving during holiday weeks. Anyhow, our legal group has indicated that they would like to have a Master Firm Agreement in place with CSU to which we can attach concise Transaction Agreement Exhibits detailing specific deals. I have attached the Master Firm Agreement for your review and will follow shortly with the Transaction Agreement Exhibit for our swing deal.

(See attached file: Colorado Springs Utilities.doc)

Please let me know your thoughts on the Master Firm and don't hesitate to call with any questions, comments, and/or concerns.

Thanks, Tyrell Harrison 303 575 6478

"Marcus Eller" To: Tyrell.Harrison@enron.com <meller@csu.o cc: rg> Subject: Contract

06/25/2001 12:10 PM

Please review the attached contract.

FW: GTC clearing report

Sender	stacey.richardson@enron.com
Recipients	['judy.thorne@enron.com', 's..bryan@enron.com', 'gerald.nemec@enron.com']
File	nemec-g/inbox/377.

Judy,

Attached is a very simple report I pulled together on those ENA Upstream counterparties you are trying to get masters in place with. I ran a Sitara report to check those names against two GTC types that weren't already reported under my regular report: Committed Reserves GTC and Wellhead Pooling Point GTC. I'll email you my regular report and I can run something like that in the future once you decide on the threshold levels you'd like to see.

-----Original Message-----

From: Richardson, Stacey Sent: Friday, September 14, 2001 4:21 PM To: Thorne, Judy Cc: Bryan, Linda S.; Wallumrod, Ellen Subject: RE: GTC clearing report

Judy,

For ENA, we have set thresholds of reporting any counterparty with 100 or more total transactions clearing on online GTCs, 100 or more deals on spot GTCs, and 30 or more deals on Firm GTCs. While some of these obviously don't apply to ENA Upstream now (online deals), others do. Do you want to keep the same thresholds or lower yours? I can create a separate spreadsheet for Gerald to review if you want to have separate, and lower, deal counts. Please let me know. I'm getting ready to send out the August report (this is usually done the first week of the month following production).

Thanks, SBR x30569

-----Original Message-----

From: Thorne, Judy Sent: Wednesday, September 12, 2001 11:57 AM To: Richardson, Stacey Cc: Bryan, Linda S.; Wallumrod, Ellen Subject: RE: GTC clearing report

Stacey,

I think that is a good idea. I have attached a list of the counterparties that reflect those suppliers that are our highest priority because of the number of transactions as well as other provisions that are negotiated each month. Please let me know if there is anything else that you may need from me.

Thanks, Judy

<< File: Pursue Masters.xls >> -----Original Message----- From: Richardson, Stacey Sent: Wednesday, September 12, 2001 10:56 AM To: Thorne, Judy Cc: Bryan, Linda S.; Wallumrod, Ellen Subject: GTC clearing report

Judy, we currently run a monthly report that we give to Legal showing all counterparties with excess GTCs (both telephonic and online). We also include credit information and comments regarding the status of any masters we may already have in place with the CP (if applicable). Since Legal uses this as a tool to see where we really need to focus our negotiating efforts, would you like the report changed to include the ENA Upstream GTCs? We can then include Gerald Nemec (and any other Legal folks you'd like to add) on the distribution.

Please let me know what you think. If you'd like the ENA Upstream GTCs included, I will need to work with our IT guy to have the report format changed. I'll also be happy to send you the August report once I'm done (hopefully today) so that you can see what I'm talking about.

Thanks!

HBA Calls for Volunteers - Your Help is Needed

Sender	elizabethp@hba.org
Recipients	['elizabethp@hba.org']
File	nemec-g/inbox/875.

HBA Calls for Volunteers - Your Help is Needed

The HBA needs volunteer attorneys to help answer legal questions and provide general guidance to members of the public dealing with the aftermath of recent flooding. Your help is needed to staff special LegalLine Sessions, to respond to phone calls received through the SBOT/HBA hot line and to provide information at relief centers. The HBA is accepting volunteers with hours or days to contribute. Read on for further details about these volunteer opportunities and to learn about training opportunities.

Special LegalLine: When: Thursday, June 28, 2001 -- 4:45 p.m. to 7:00 p.m. and from 6:45 p.m. to 9:00 p.m.

Thursday, July 12, 2001 -- 4:45 p.m. to 7:00 p.m. and from 6:45 p.m. to 9:00 p.m.

Thursday, July 26, 2001 -- 4:45 p.m. to 7:00 p.m. and from 6:45 p.m. to 9:00 p.m.

Thursday, August 9, 2001 -- 4:45 p.m. to 7:00 p.m. and from 6:45 p.m. to 9:00 p.m.

Thursday, August 23, 2001 -- 4:45 p.m. to 7:00 p.m. and from 6:45 p.m. to 9:00 p.m.

Attorneys may volunteer for one or more shifts. Where: HBA offices, 1001 Fannin, Suite 1300 Other: Resource materials will be provided. Volunteers from past flood LegalLine Programs have answered questions involving landlord/tenant issues, consumer law, insurance matters and other areas of the law. Attorneys do not provide their identities to callers.

To Schedule Volunteer Service or for further information: E-mail the Elizabeth Patroia at elizabethp@hba.org or contact Lucy Fisher at (713) 759-1133

1-800-540-7030 Assistance When: Monday through Friday 9:00 a.m. until 8:00 p.m. Attorneys may volunteer for one or more hours during these periods.

Where: Houston Volunteer Lawyer Program offices, 712 Main, 27th Floor

Other: Resource materials will be provided. Volunteers have answered questions involving landlord/tenant issues, consumer law, insurance matters and other areas of the law. Attorneys need not provide their identities to callers.

To Schedule Volunteer Service or for further information: E-mail the HVLP at Barbara.Mcmahon@ehvp.org or contact Barbara McMahon at 713/228-0735 ext. 111.

Information Booths and Town Meetings: When: As requested by FEMA and other relief agencies. We anticipate a time commitment of from 1-3 hours once the attorney is on site.

Where: FEMA Disaster Recovery Centers. Locations will vary.

Other: Resource materials will be provided. Volunteers should anticipate questions involving landlord/tenant issues, consumer law, insurance matters and other areas of the law.

To Schedule Volunteer Service or for further information: E-mail kays@hba.org or contact Kay Sim at 713/759-1133

Training: Information concerning the time and location of training sessions will be posted on the HBA Web site at <http://www.hba.org> and may be obtained by calling the HBA at (713) 759-1133. Training will cover a variety of legal issues including but not limited to landlord/tenant, consumer protection, insurance, employment law and lost documents. MCLE credit is being applied for from the State Bar of Texas.

Thank you for volunteering,

Co-Chairs, HBA Disaster Relief Committee:

RE: GTC clearing report - REVISED

Sender	stacey.richardson@enron.com
Recipients	['judy.thorne@enron.com', 's..bryan@enron.com', 'gerald.nemec@enron.com']
File	nemec-g/inbox/388.

Judy,

I'm not sure why the GTC Pooling Point contracts were not picked up, so I reran the Sitara reports. The reports appear to be correct now, so please review and let me know if you have any other suggestions.

Thanks, SBR

Stacey,

I did have one concern regarding the report. I noticed that several of the counterparties that I noted as needing masters had zeroes for the count of GTC Firm confirms. When I ran a search on them, there were several GTC Wellhead or GTC Pooling Point contracts. Can you check on those counterparties with zero to see why they are not showing contracts?

Judy

Judy,

Attached is a very simple report I pulled together on those ENA Upstream counterparties you are trying to get masters in place with. I ran a Sitara report to check those names against two GTC types that weren't already reported under my regular report: Committed Reserves GTC and Wellhead Pooling Point GTC. I'll email you my regular report and I can run something like that in the future once you decide on the threshold levels you'd like to see.

From: Richardson, Stacey Sent: Friday, September 14, 2001 4:21 PM To: Thorne, Judy Cc: Bryan, Linda S.; Wallumrod, Ellen Subject: RE: GTC clearing report

Judy,

For ENA, we have set thresholds of reporting any counterparty with 100 or more total transactions clearing on online GTCs, 100 or more deals on spot GTCs, and 30 or more deals on Firm GTCs. While some of these obviously don't apply to ENA Upstream now (online deals), others do. Do you want to keep the same thresholds or lower yours? I can create a separate spreadsheet for Gerald to review if you want to have separate, and lower, deal counts. Please let me know. I'm getting ready to send out the August report (this is usually done the first week of the month following production).

Thanks, SBR x30569

Stacey,

I think that is a good idea. I have attached a list of the counterparties that reflect those suppliers that are our highest priority because of the number of transactions as well as other provisions that are negotiated each month. Please let me know if there is anything else that you may need from me.

Thanks, Judy

<< File: Pursue Masters.xls >> -----Original Message----- From: Richardson, Stacey Sent: Wednesday, September 12, 2001 10:56 AM To: Thorne, Judy Cc: Bryan, Linda S.; Wallumrod, Ellen Subject: GTC clearing report

Judy, we currently run a monthly report that we give to Legal showing all counterparties with excess GTCs (both telephonic and online). We also include credit information and comments regarding the status of any masters we may already have in place with the CP (if applicable). Since Legal uses this as a tool to see where we really need to focus our negotiating efforts, would you like the report changed to include the ENA Upstream GTCs? We can then include Gerald Nemec (and any other Legal folks you'd like to add) on the distribution.

Please let me know what you think. If you'd like the ENA Upstream GTCs included, I will need to work with our IT guy to have the report format changed. I'll also be happy to send you the August report once I'm done (hopefully today) so that you can see what I'm talking about.

Thanks!

Eric,

(2) 96016654 does not have any deals attached. I have terminated this contract in Global Contracts. You can proceed with the Assignment.

Marlene Hilliard 08/09/2000 09:56 PM To: Eric Gillaspie/HOU/ECT@ECT cc: Subject: Re: Oasis

Eric,

(1) Yes, "Happy Netting Agreements" are never papered and are used solely for accounting purposes. They are used on the Purchase/Sale Contracts. Further, Pipeline Netting Contracts are never papered and are used solely for accounting purposes. They are used on teh Transportation Contracts.

(2) First thing in the morning I will check to see if deals are attached to the contract. Then I can terminate the contract. Otherwise, I can not terminate the contract. I doubt if deal are because Sandra Grimes at Oasis Pipe Line Company indicated that the thirdd party no. did not belong to them.

Eric Gillaspie 08/09/2000 06:31 PM To: Marlene Hilliard/HOU/ECT@ect cc: Subject: Re: Oasis

Marlene,

(1) I'm not familiar with Happy Netting. Are "Happy Netting Agreements" not papered and used solely for accounting purposes?; and If you terminate the Parking contract then we can proceed with the assignment from ENA to HPL. (2) Please inform me of your decision to terminate the Parking contract.

Thanks,

Eric Gillaspie 713-345-7667 Enron Building 3886

Marlene Hilliard 08/08/2000 03:22 PM

To: Eric Gillaspie/HOU/ECT@ECT cc: Gerald Nemec/HOU/ECT@ECT Subject: Oasis

Netting Agreement 96019013: This is Happy Netting - No Paper Exist for this Agreement. The notes on the Core Main Tab indicates this.

Parking 96016654: I spoke with Sandra Grimes at Oasis Pipe Line Company and she indicated that this contract did not exist in their system. They do not have any documentation. Their contract nos. start with 028.....she is not aware of OPLC Synthetic as their contract no.. Therefore, the other Parking and Loan Agreements effective May 1, 2000 are not the same contract. Further, the documented status confirms that no paper exist and was setup in completely.

I will probably terminate this contract in Global Contracts because it appears that it was setup in error. In fact, the contract does not have contracted services.

Should you have any further questions, please do not hesitate to contact me.

Marlene 3-9167

Eric Gillaspie 08/08/2000 02:31 PM To: Marlene Hilliard/HOU/ECT@ect cc: Gerald Nemec/HOU/ECT@ECT Subject: Oasis

Marlene,

I'm reviewing the amendments to the Oasis contracts that you have forwarded to me. I have also completed the Assignment (ENA to HPL) for the following contracts:

ASSIGNED GAS TRANSPORTATION CONTRACTS

_____Caption: Global Contract No: Effective Date:_____ (1) Interruptible NGPA Section 311 96019482 2/1/99 Gas Transportation Agreement

(2) Firm Intrastate Gas Transportation 96019481 2/1/99 Agreement

(3) Netting Agreement (confirmed only) 96019013 1/1/99

(4) Interruptible Intrastate Gas 96016667 8/1/99 Transportation Agreement

(5) Parking (documented) 96016654 7/1/98

(6) Interruptible NGPA Section 311 96015445 11/1/97 Gas Transportation Agreement

The only outstanding issue is that the Netting Agreement (96019013) and the Parking Agreement (96016654) are not papered. In order to assign the documents they need to be papered. Would you please work with Oasis to get these papered as they are the transporter. (It should be their paper).

Thanks,

Eric Gillaspie 713-345-7667 Enron Building 3886
