Ms. Panus,

A number of months ago you had sent me a draft Master Agreement and Credit Support Annex. I had then spoke with Nidia Mendoza, in the Enron Credit department, regarding the changes we would like to see in the agreement. However, I am having problems getting her to respond to my phone messages or e-mails.

I am hoping I could detail the changes we have and you could then let me know if they are acceptable.

They are as follows:

Ms. Mendoza faxed me an alternate Letter of Credit format, which our Bank finds more acceptable than SCHEDULE 1 to EXHIBIT A to paragraph 13 of Annex A.

We would like to have this format replace the current SCHEDULE 1 or have it added as SCHEDULE 2. This will guard against the format being disallowed at a latter date.

Also, we would like to have the dollar amounts in point (b) (iv) (D) of PARAGRAPH 13 to the ISDA CREDIT SUPPORT ANNEX reduced from \$250,000 to \$10,000. A \$250,000 threshold is a very large number especially when you consider that we would not be paid any interest, while Enron held any excess funds. Also, the \$10,000 amount is typical of the amount we use with other trading houses of Enron's size.

Please let me know your thoughts on the above items. If you have any questions please contact me, at (403) 215-7451.

Thank you

Gary Ross

Tanya, I received a call from Carr Futures this morning. Their parent, Cr?dit Agricole Indosuez, is requesting a parent guarantee to continue trading with Enron North America Corp. and Enron Capital and Trade Resources International.

I spoke with Gary this morning and he said that we could stop trading with them. I said that others do trade with Carr. He suggested then that the energy guys can proceed if they wish to continue trading with Carr.

Rick Farina, 312-441-4420, called me with Larry Anderson and Patty Chambers.

How do you want to proceed?

We would like to have this format replace the current SCHEDULE 1 or have it added as SCHEDULE 2. This will guard against the format being disallowed at a latter date.

I just got back from Italy! Got a last minute assignment on the 7th to travel on the 10th and just returned on the 16th. It was cool b/c it was Italy but a longer and less busy trip would have been better!

How long are Nancy & Michael in town? I'd love to meet up with yall.

I've got to tell you that I've got this person who is visiting me this weekend (actually Thurs-sun). He's been a good friend for a long time and I like him a lot. If I meet up with you guys, I may bring him along if that's alright.

I'm going to my grandparents house for Thanksgiving. Going to be strange b/c Todd's not there and it's going to be the thing that everyone's thinking but now saying - you know what I mean?

My phone #s are 281-483-2241 work and 713-533-9785 home and I can't recall my cell right now.

We need to do dinner or pre-dinner drinks (or just skip dinner) and bitch about the idiots we both work with!!!

Let me know what's up!

Jenn

That all sounds great to me!

I'm going out tonight and won't be back in until late most likely so I can't call tonight.

I'll just coordinte with Nance and I'm sure that you guys will be talking. If we don't do something Friday, then let's defintely do something next week/end.

If you do go out of town - have a great time. And have a good holiday!

Tanya, I received a call from Carr Futures this morning. Their parent, Cr?dit Agricole Indosuez, is requesting a parent guarantee to continue trading with Enron North America Corp. and Enron Capital and Trade Resources International.

I spoke with Gary this morning and he said that we could stop trading with them. I said that others do trade with Carr. He suggested then that the energy guys can proceed if they wish to continue trading with Carr.

Rick Farina, 312-441-4420, called me with Larry Anderson and Patty Chambers.

How do you want to proceed?

The following points.

All final revisions accepted other than as noted below.

Please provide us by separate cover the generic risk disclosure as we do not intend to use it as an exhibit.

Rounding: I added liters at 5 decimal places (to coordinate with gallons).

Cross Default Threshold is at 150,000,000 for all Enron parties.

Part 7 revisions not completely accepted. Please review and call, I will explain. Note the ETA currently is between ENA on its behalf and on behalf of all affiliates. It does not make sense to assign it.

We are verifying our consent to your change in the Interest Rate definition.

Please review collateral threshold to be sure it is as our credit departments agreed. I believe it is.

Gaffney will attach form of guaranty in the execution process.

As and when finally approved, our paralegal, Stephanie Panus, will commence final version paperwork and send to Gaffney for our execution and guaranty supplement, and he will forward to you.

Agustin, We received your fax of the signature pages for the ISDA Master between ENA and Galvak. Can you forward to me the original pages, as well as the corporate documents, legal opinion, tax form, etc. that are also required so that we may complete the file?

Also, we have still never received the legal opinion and tax form from Sanitarios Azteca and Lamosa Revestimientos or the corporate documentation from Grupo Kimex. Can you check on these?

Thanks,

I do not think you need a MAC if you have a tiered Threshold. Please confirm so that we can prepare the ISDA accordingly. Thanks

Adele, I reviewed the opinion and there were several changes to the form from the prior draft. I would like to discuss two of the additions with your counsel if that would be ok with you. The first addition at issue is subpart k at the end of the first paragraph on page two. It looks like we may need a representation from you that you are not and will not carry on investment business in or from within Bermuda and that you will not perform your obligations under the Agreement in or from within Bermuda in order for the opinion to have value. The second addition at issue is subpart (e) under section 8 of the opinion. As written it looks like a large loop hole that can be taken advantage of just by finding evidence that was not submitted at the trial. Our General Counsel is concerned with what looks like an easy way to circumvent a foreign judgment. I would appreciate your thoughts or any clarification I can get.

Regards, Brent Hendry

I also noticed on Inland Paperboard and Packaging, Inc./ENA, CP #66189, we are still waiting for the executed agreement since July 10th. Is it normal for a company to take this long to return the executed agreement? We have set up a global contract number (96063822) to allow them to do on-line trading.

Below is an email from TranAlta Energy Marketing (U.S.) Inc. ("TransAlta") regarding their merger with Merchant Energy Group of the Americas, Inc. ("MEGA"). TransAlta is the surviving entity and they propose to assign the existing ISDA Master between ENA and MEGA from MEGA to TransAlta. ECC has an ISDA Master with TransAlta, but I think it is a different TransAlta entity. Please review the below and let us know how you want to proceed.
