Vladi, as per our discussion today, Sprague and Enron are canceling our deal to buy 6,000 Dth Transco Z6 NY for 12/4-31/01 (Sprague buying from Enron). Due to Enron's inability to deliver physical gas, Sprague will purchase supply from alternate suppliers. You and I netted out physical deliveries for 12/1-3.

We will notify downstream LDC's not to accept any gas from Enron for us. If you have any questions, please do not hesitate to contact me. Thank you.

Greetings!

Attached you'll find some reading materials for an introduction to the Crude, Coal, NGL and Refined products industry.

Included is a general glossary of terms that we'll be using, PowerPoint presentations for the Petroleum and Coal business, as well as some documentations on refining, basics of NGL's and Crude Oil production, refining, transportation and trading.

In addition, if you look on our intranet site, there is some additional information to familiarize you with the business. It's located at <<http://inside.allegrodevelopment.com>> under Industry Information.

After reviewing this data, you all should have a good knowledge of basic terms and practices in the business.

Thanks for your attention, as I look forward to working with each of you next week!

Sean,

I missed requesting one item left to be moved from Coral Energy Canada Inc. to Coral Canada US, Inc. - 1071296

Apologies for any extra work. Thanks again.

-----Original Message-----

From: Dozier, Scott Sent: Tuesday, October 16, 2001 3:34 PM To: Riordan, Sean Cc: Pimenov, Vladi Subject: FW: Deal Confirm for Coral Energy Canada

Sean,

The Global system has been updated to reflect a new counterparty name - Coral Canada US, Inc. There is a list of sales and purchase deals currently booked under Coral Energy Canada Inc. that I believe should be booked under the new counterparty name - Vladi should be able to confirm this. The list is below. Note, I actually requested that you move a couple of these deals recently - sorry for the rework.

Sales Purchases 1026087 995052 1029297 1026074 1036834 1029261 1041280 1029267 1062860 1034732 1067662 1036802 1038046 1042708 1063131 1067638

There is also one deal booked under Coral Energy Resources, L.P. that needs to be booked under Coral Canada US, Inc. - 1029273

Due to this being a new counterparty, I cannot be sure it is correctly set up in Sitara to help you make the necessary changes. Please let me know if you have any problems and I will try and work with you to move things to the correct counterparty. Again, the trader can confirm if a change is appropriate.

Thank you, Scott 5-7213

Vladi,

I just wanted to let you know that I am awaiting your confirmation on counterparty name in the below instance. I will assume that no response will mean that we can proceed with our best judgement in order to settle the affected transactions. However, final say on counterparty name might require your authorization. Please advise ASAP.

There is no counterparty set up in the system as Coral Canada US, Inc. The deals that Ann sent to me were not changed because the counterparty name was not set up and address information was not sent to me with the corrected confirmations. These were sent back to Ann. As far as I know the Trader did not give me any information on the counterparty name and address information.. If you have received this information on your end then I would suggest that you send in a GCP request so that Global Counterparty can set the counterparty up in the database. Once this is done then you would need to send Sean the deal numbers that need to be changed.

Vladi, should the counterparty name be Coral Canada US, Inc.

-----Original Message-----

From: Dozier, Scott Sent: Monday, October 08, 2001 10:16 AM To: Riordan, Sean Cc: Hernandez, Elizabeth L.; Pimenov, Vladi Subject: Deal Confirm for Coral Energy Canada

Sean,

Elizabeth should be familiar with what I will be referring to in this note, so please reference her if need be...

There are several ENA sales for Sep-01 production to Coral Energy Canada, Inc. which the counterparty is claiming should be billed under Coral Canada US, Inc. The counterparty will not pay on these items until corrected. In fact, the counterparty faxed back our confirmation with the requested change back in September. Ann (I don't know her last name) with ENA physical confirmations said that she was aware of these confirmations and that they had been forwarded to Elizabeth for her attention. It is my understanding that once noted that there was actually no counterparty in our systems under this new name, the traders for each company should have been in contact to straighten this out. I am unaware of that occurring or even if that is the correct procedure.

I am cc'ing Vladi Pimenov because Sitara shows him as having created at least one of the deals. Maybe he can clarify things for us. One example of such deals is 1026087. Bottom line is I need a way of receiving payment from Coral on these items.

All - please advise.

Happy Holidays!

Many of us may not be feeling all that cheerful these days and may not even realize that it is the holiday season. So I decided it's time to celebrate and spread a little Christmas cheer. What better way to kick off the holiday season and forget about your worries than with good friends. So come spread good cheer or just drown your sorrows if you wish, but come. Bring your wives, husbands, etc. and your favorite holiday beverage.

Oh, and I don't want any excuses about some football game that may be on TV.

Bush names businessmen to Pentagon civilian posts 04/24 16:08

WASHINGTON, April 24 (Reuters) - President George W. Bush said on Tuesday he planned to nominate three top businessmen to the civilian positions of Army, Navy and Air Force secretary at the Pentagon.

Bush chose James Roche, corporate vice president and president of the Electronic Sensors and Systems Sector of the Northrop Grumman Corp. (NOC), to be secretary of the Air Force.

Before joining the private sector, Roche served as Democratic staff director for the Senate Armed Services Committee and as principal deputy director of policy planning at the State Department.

Thomas White, Bush's choice for Army secretary, is currently vice chairman of Enron Energy Services (ENE). He served in the Army for 23 years, retiring as a brigadier general and was executive assistant to the current Secretary of State Colin Powell when Powell was chairman of the Joint Chiefs of Staff. Bush also said he intended to nominate Gordon England to be secretary of the Navy. England is currently executive vice president of General Dynamics (GD), where he has worked for 17 years.

All three nominees must be confirmed by the Senate. ((Washington newsroom 202 898-8300, fax 202 898 8383, email Washington.bureau.newsroom@reuters.com))

In light of recent events, effective IMMEDIATELY, all usage of the Corporate American Express card is restricted to transactions (approved by your management) for business travel at airline, hotel, car rental and restaurant establishments. Transactions attempted at other establishments will be denied at the point of sale.

Effective Friday, December 7th, ALL charge privileges on ALL Corporate American Express Corporate Cards will be suspended indefinitely. There will be NO charge activity allowed on any Card after close of business on Friday, December 7, 2001.

Enron and each cardholder maintain joint liability on all authorized business related charges on the Corporate American Express card. Each individual cardholder maintains sole liability for non-business related charges.

It is highly recommended that all outstanding and approved business expenses incurred on the American Express Corporate Card be submitted through XMS for reimbursement as soon as incurred.

We are continuously working on solutions to facilitate business travel processes. If you have an immediate need or solution, please let us know.
