FYI =20 Milberg Weiss Announces Class Action Suit Against Enron Corp.

NEW YORK, Oct 22, 2001 (BUSINESS WIRE) -- The law firm of Milberg Weiss Ber= shad Hynes & Lerach LLP announces that a class action lawsuit was filed on = October 22, 2001, on behalf of purchasers of the common stock of Enron Corp= . ("Enron" or the "Company") (NYSE: ENE) between January 18, 2000 and Octob= er 17, 2001, inclusive. A copy of the complaint filed in this action is ava= ilable from the Court, or can be viewed on Milberg Weiss' website at: <http://www.milberg.com/enron/>=20 The action, numbered H013630, is pending in the United States Distri= ct Court for the Southern District of Texas, Houston Division, located at 515 Rusk= Street, Houston TX 77002, against defendants Enron, Kenneth Lay, Jeffrey K= . Skilling and Andrew Fastow. The Honorable Melinda Harmon is the Judge pre= siding over the case.=20 The Complaint alleges that defendants violated Sections 10(b) and 20(a) of = the Securities Exchange Act of 1934, and Rule 10b-5 promulgated thereunder,= by issuing a series of material misrepresentations to the market between J= anuary 18, 2000 and October 17, 2001, thereby artificially inflating the pr= ice of Enron common stock. Specifically, the complaint alleges that Enron i= ssued a series of statements concerning its business, financial results and= operations which failed to disclose (i) that the Company's Broadband Servi= ces Division was experiencing declining demand for bandwidth and the Compan= y's efforts to create a trading market for bandwidth were not meeting with = success as many of the market participants were not creditworthy; (ii) that= the Company's operating results were materially overstated as result of th= e Company failing to timely write-down the value of its investments with ce= rtain limited partnerships which were managed by the Company's chief financ= ial officer; and (iii) that Enron was failing to write-down impaired assets= on a timely basis in accordance with GAAP. On October 16, 2001, Enron surp= rised the market by announcing that the Company was taking non-recurring ch= arges of \$1.01 billion after-tax, or (\$1.11) loss per diluted share, in the= third quarter of 2001, the period ending September 30, 2001. Subsequently,= Enron revealed that a material portion of the charge related to the unwind= ing of investments with certain limited partnerships which were controlled = by Enron's chief financial officer and that the Company would be eliminatin= g more than \$1 billion in shareholder equity as a result of its unwinding o= f the investments. As this news began to be assimilated by the market, the = price of Enron common stock dropped significantly. During the Class Period,= Enron insiders disposed of over \$73

million of their personally-held Enron common stock to unsuspecting investors. If you bought the common stock of Enron between January 18, 2000 and October 17, 2001, you may, no later than December 21, 2001, request that the Court appoint you as lead plaintiff. A lead plaintiff is a representative party that acts on behalf of other class members in directing the litigation. In order to be appointed lead plaintiff, the Court must determine that the class member's claim is typical of the claims of other class members, and that the class member will adequately represent the class. Under certain circumstances, one or more class members may together serve as "lead plaintiff." Your ability to share in any recovery is not, however, affected by the decision whether or not to serve as a lead plaintiff. You may retain Milberg Weiss Bershad Hynes & Lerach LLP, or other counsel of your choice, to serve as your counsel in this action. Milberg Weiss Bershad Hynes & Lerach LLP, a 190-lawyer firm with offices in New York City, San Diego, San Francisco, Los Angeles, Boca Raton, Seattle and Philadelphia, is active in major litigations pending in federal and state courts throughout the United States. Milberg Weiss has taken a leading role in many important actions on behalf of defrauded investors, consumers, and companies, as well as victims of World War II and other human rights violations, and has been responsible for more than \$30 billion in aggregate recoveries. The Milberg Weiss Web site (<http://www.milberg.com>) has more information about the firm. If you wish to discuss this action with us, or have any questions concerning this notice or your rights and interests with regard to the case, please contact the following attorneys: Steven G. The Term currently goes through February, 2005. Cannon Interest Houston has proposed that the term be extended through February, 2011 and that the sales price November - February of each year be the June - October Houston Ship Channel Index plus \$.17.

The Bammel Storage Contract currently has a term through February 28, 2005. Cannon Interest Houston would like to extend the term through February 28, 2011 at a Storage fee of \$400,000 per year.

The individual at Cannon Interest Houston that you need to call if you have any questions is Patrick Locke. His telephone number is 713-706-4318. If you have trouble reaching him it may be easier to call his cell phone which is 713-817-5388.

Gentlemen,

Please take a moment to review the attached document that has been sent in to the coordinator of the CFSA Tournament volunteers. As you will see we are still in need of a volunteer list from most of you. For those of you who have turned in your list, thank you very much, your prompt attention to this request is greatly appreciated. I know Spring Break did not help matters much but I need to get a completed list turned in ASAP. The longer you wait the less of a chance you will have of getting your choice. Remember CFSA is operated on a volunteer basis. This means the organization will only be as good as the people that volunteer.

You had the wrong number - 713-412-4571. Sorry.

Called the number you gave me about 7:40 PM but it was your pager not your cell phone. (713-415-4571) I figured you were pretty tired and just sleeping, which was the best thing for you anyway. I went over to the Kinder Morgan party.

You missed a great weekend. Saturday was a little cool up at the lake, but Sunday was fantastic.

I hope you feel better before your trip to the spa. Don't work so much!

Jim, I talked to Joan today and she said that you were still here. Our group reduced staff by over 50% but I am still here. The direction of this group will be changing as we go into a bankruptcy mode.

Take care and keep in touch.

Hi Tammy! Thanks for asking about me! I'm doing fine. I have been very fortunate over the last year with this whole mess. It just hurts to know so much pain has been created needlessly. I thought that things were supposed to make more sense as you grow older?

How about you and Mike? I hope all is well! If there is anything I can do please let me know?

Let me know how you are doing.

Yes, all withdrawals for Centana should be in the same month (May). If we don't have a deal ticket for the additional April injections Kenny please prepare one for my signature.

Your deals are correct. We need to write a new deal ticket for March 2001 since we injected an additonal 21,640 mmbtus. The total was 193,050 according to scheduling. We need to find out if Tom wants us book the withdrawal of this additional gas in May like the rest of the withdrawals. We are still injecting in April. We also need to find out if he wants us to write another assumption for April's injections.

I have a different # for Spindletop. I have two deals. One at 26590 mmbtus and the other at -198000 for a total of 171410 injection. Is the 26590 fuel? They are on the same ticket.

Please send me the detail for March storage assumptions. The assumptions should equal 7,863,146 mmbtu. You should also have ProductionTax deals. The Prod. Tx should net to zero. Thanks, Kenny
