The following tags were replaced: 23707 is 23720 LATE/DENIED AGAIN THEN 23728 WHICH I CANCELLED 23706 is 23721 LATE/DENIED AGAIN THEN 23725 WHICH I CANCELLED 23711 is 23722 LATE/DENIED AGAIN THEN 23725 WHICH I CANCELLED 23713 is 23718 APPROVED

I had everybody put in the schedules even though the

They did not all get implemented due to PAC not seeing the new tags on their machine, but they saw the the old ones and confirmed that the schedules were in. I issued RT TAGS for the three that got denied the second time. I guess this was the wrong thing to do as PAC went crazy and started yelling at me saying that I was creating duplicates, so I withdrew them again.

I talked to RAY/PAC STEVE/WALC PISSED OFF WOMAN/NEVP.

From: Runswick, Stacy Sent: Thursday, May 03, 2001 3:38 PM To: Portland Shift Subject: Length @ PV lightload for Friday May, 4

[Mark Hall] The original path was IID(G)PV(EPEXCHANGE)-BPENERGY-PNM-EPMI-CISO for 50 mw's lightload, we were cut HE 23 by 27mw's & HE 24 by 28mw's. Please refer to EPMI tag number 21935. We were unable to find a buyer

for the 55 mw's of length we now have. We spoke with everyone in the upstream and they agreed to settle this schedule real-time.

The corresponding deal number for our purchase from PNM is:

587854.1 \$135.00

We also received cuts on the following path

The original path was PINW(G)PV-AQUILLA-EPMI-CISO for 100mw's lightload, we were cut HE 23 & 24 by 28mw's. Please refer to EPMI tag number 21938. Were wer unable to find a buyer for the 56 mw's of length we now have. We spoke with everyone in the upstream and they agreed to settle this schedule real-time.

When you sell the 55 mw's HE 23 and 56 mw's HE 24 at Palo Verde please contact everyone in the upstream with the new sink.

The corresponding deal number for our purchase from AQUILLA is:

562225.1 \$139.00
