Re: New CTPY Request**Sender** kate.symes@enron.com**Recipients** ['Chris H Foster/HOU/ECT@ECT', 'rhonda.denton@enron.com']**File** symes-k/sent/1155.

I sent a copy of the agreement to Melissa Murphy via fax. I'll need to get ahold of Chris Foster, who is in your Houston office at the moment, to locate the original. He won't be back in the Portland office until Monday morning. When would you like the original by? Just let me know - we'll get it to you as soon as we can.

Thanks, Kate 503-464-7486

Rhonda L Denton 04/12/2001 07:22 AM To: Kate Symes/PDX/ECT@ECT cc: Chris H Foster/HOU/ECT@ECT

Subject: Re: New CTPY Request

Can I get the original of this contract?

Kate Symes 04/09/2001 03:09 PM

To: Rhonda L Denton/HOU/ECT@ECT, Melissa Ann Murphy/HOU/ECT@ECT cc: Samuel Schott/HOU/ECT@ECT

Subject: New CTPY Request

I just heard from Samuel (thanks for your message!) that I need to send Rhonda new counterparty information in order to get their names added to the system. I called Rhonda, but it turns out she's out of the office for the first part of this week, and her voice mail referred me to Melissa. (That's a short explanation of why I'm sending this info. to all of you.)

Anyway, following is the information connected with the new counterparty name Chris Foster has requested:

Name: Sierra Pacific Holding Company, dba Sierra Pacific Industries Address: PO Box 496028 Redding, CA 96049 Or: 19759 Riverside Ave. Anderson, CA 96007 Phone: (530) 378-8179 Fax: (530) 378-8139 Contact: Director of Energy Resources - Robert Ellery

I also have a copy of the Master Power Purchase and Sale Agreement if you'd like me to fax that over. Just let me know how I can help. We've already entered Chris's deal into the system with "New Counterparty," so the sooner we can change that the better.

Thanks, Kate

Chris - Here's the latest I've heard on our request for a new counterparty name (Sierra Pacific Holding Co.) to be added to EnPower. I faxed the master agreement to Melissa Murphy so the Confirms group could reference it; then she passed the pertinent information along to Samuel Schott in Global Counterparty, whose job it is to set up new counterparties. But it looks like your contact at Sierra is saying this deal should be done with Sierra Pacific Industries - the parent company - rather than Sierra Pacific Holding Co.

Do you have a preference either way? Maybe you could contact Bob Ellery and discuss this. Just let me know which name to add to the deal.

Thanks, Kate 503-464-7486 ----- Forwarded by Kate Symes/PDX/ECT on 04/11/2001 10:35 AM

Okay - I've changed 578812 to Sierra Pacific Power Co. I asked Bill about this and he said he didn't realize the counterparty was in with Sierra Pacific Industries and not Sierra Pacific Power. The Real Time guys pay as little attention as possible to counterparty names, unfortunately.

Thanks for catching this, Kate

Subject: Re: New CTPY Request

When the contract is fully executed, just forward it to me in interoffice mail. I do have questions about the name that the contract has been written under and the name that the deals are under in Enpower. Sierra Pacific Industries, Inc. is in global counterparty and the deals have been changed in Enpower to this CP. The problem is that the contract and the confirms will not agree as to who is the correct CP. We have always confirmed deals under the name of the entity with whom we have a contract. Please let me know if the name will be changed on the contract to reflect the correct CP or will we amend the contract to add "Inc." to the end of the name and set up this dba in global counterparty. I need to know before we can confirm these deals.

In additiona, Geir has entered a transmission deal for this CP. 578812. Should this be a buy/resale?

Oregon MS Walk Results Are In.....

Sender	judy.timson@enron.com
Recipients	['linda.strahm@enron.com', 'dore_judd@pgn.com', 'janet.johnson@enron.com', 'scott_bither@pgn.com', 'brenda_bro...]
File	symes-k/corporate_comm/253.

Congratulations, Anna Mehrer from ENA, who successfully raised over \$600 for the MS Walk. Her success results in winning the TEAM ENRON grand prize of two round-trip tickets on Continental Airlines. There were several TEAM ENRON walkers that raised over \$300 - many thanks for ALL of your efforts!

Preliminary numbers are showing Oregon's MS Walk raised over \$400,000 to help find a cause and cure for multiple sclerosis. Part of that success is due to TEAM ENRON's effort; the Oregon MS headquarters reports these results:

? 156 TEAM ENRON walkers registered (EBS, ENA, PGE + friends/family) ? \$ 7,092 TEAM ENRON dollars turned in by 4/30/01 (approximately 100 pledges turned in) ? \$ 4,525 TEAM ENRON dollars that are being matched by Enron Corp ? \$ 500 PGE is awarding MS Society as an Employee Volunteer Grant ? \$ 2,500 Enron's Volunteer Incentive Program donation on behalf of EBS Walkers ? \$ 2,500 Enron's Volunteer Incentive Program donation on behalf of

ENA=20 Walkers ? \$15,000 Enron's Sponsorship of this Event=20

TOTAL TEAM ENRON RAISED TO DATE: \$32,117

These preliminary numbers should increase once all TEAM ENRON pledges have= =20 been turned in; approximately 50 TEAM ENRON pledges are outstanding. Plea= se=20 turn in your pledges by May 25 to the MS office at the following address:

National MS Society Portland Chapter 1650 NW Naito Parkway Suite 190 Portland, OR 97209 (Phone: 503/223-9511)

If you have any questions regarding your pledges, please contact Judy Timso= n,=20 503/886-0501.

Thank you for making a difference and rising to the challenge!!!

Nancy,

I have attached a draft Confidentiality Agreement for your review. If it is acceptable, please sign and fax a copy to me at 503-464-3740. We should be able to begin work with a faxed document in place.

As we discussed, we need to analyze two sources of water for the project; city water and the port's well water. Please overnight the containers for collection of the water to me at:

Enron North America 121 SW Salmon, 3WTC 0306 Portland, OR 97204 (Tel.: 503-464-3830)

Ed Clark and I will collect the water samples Friday morning and overnight them to you (Saturday delivery) to make sure that they are there first thing Monday morning.

I was able to find a Well and Water Right Evaluation that was performed by Robinson and Noble, Inc. If you could send your fax number to me and to Kate Symes (ksymes@enron.com), we will fax you a copy for your review. I will also work on getting you a conceptual design of the project for analysis of the waste water flow.

Thank you in advance for your assistance and speedy response. I realize that we are targeting an aggressive date (the morning of October 23) for the work to be completed.

Sincerely, Laura Wente 503-464-3830

Missing Futures Deals

Sender	kate.symes@enron.com
Recipients	['cecilia.cheung@enron.com']
File	symes-k/sent/670.

Here are details of the problem we're having with the Tagg IQ Reports:

Three Mid-Columbia futures trades were executed by Matt Motley, Long Term Southwest Desk, on 2/5, 2/6, and 2/7. Trades pulled into Tagg IQ Reports - All three pull into Future Daily Transaction Report (RSX0245F.IQR) Only two pull into Future Net Position Summary (RXSNSUMF.IQR) All three pull into Tagg Exchange Capture search - transaction IDs are 980362/983837/987050 All three pulled into Tagg Metacalc (Meta ID 77771 - Post ID 1035917 - Post ID 77880 - Post ID 1037269) until 2/9 - NOW GONE

Because today is the Nymex Electricity Futures exercise date, we need to know as soon as possible for our calculations whether or not these deals are in the system, and if not, where they went. My confusion lies in the fact that I can find these deals when I do a search in Tagg for any futures deals traded at the Mid-C settlement index, and yet the Risk group can no longer see anything for Mid-C in their calculation. Please let me know what you find.

Thank you, Kate 503-464-7486

Thanks to all for your help! ----- Forwarded by Laura Wente/HOU/ECT on 10/31/2000 02:25 PM

"Meyers, Alan" <Alan.Meyers@avistacorp.com> on 10/31/2000 02:03:00 PM To: "Laura Wente (E-mail)" <laura.wente@enron.com>, "Jake Thomas (E-mail)" <jake.thomas@enron.com>, "chris.calger@enron.com" <chris.calger@enron.com> cc: Subject: Biltmore Extravaganza

Hope you all made it home in good shape. All of us from Avista got back pretty much on time.

Please accept our sincere thanks for hosting the three of us and our wives this past week. The Biltmore experience was truly unique and very much appreciated by all of us. The meals, rooms, and grounds were all spectacular. And then there was the SPA--my wife won't stop talking about it! She doesn't often travel with me, and certainly has never received that kind of attention on any trip we've made together.

Thanks also for the golf; TPC is definitely the most noteworthy course I've ever been on. I have a lot of practicing to do before I go back.

All in all, it was great fun. We were expecting it to be just that, but once again you've exceeded our expectations.

Thanks,

Alan Meyers Avista Power / Avista-Steag West 201 North River Drive Spokane, WA 99201 (509) 495-4533

re: Bologna Center information request

Sender	twiechmann@jhubc.it
Recipients	['kate.symes@enron.com']
File	symes-k/all_documents/1957.

Dear Miss Symes,

Thank you for inquiring about our program! A Complete information and application package will be sent to the address specified in your request. In it, you will find all the information about our school, our catalogue and application form, and all the financial aid information and application form. Please read the instructions carefully (especially for financial aid--incomplete application for financial aid will NOT be considered).

Additionally, while waiting for your package to arrive by mail, you may also wish to visit the Bologna Center website (www.jhubc.it). The school updates the site regularly and in it you will find the most recent information, including the dates and locations scheduled for the interviews (www.jhubc.it/admissions).

The application Deadline was February 1, 2001. However, the admissions office is currently still accepting late material.

If you wish to apply for 2001-02 Academic Year, you should download the forms directly from the Bologna Center website www.jhubc.it/admissions/appdownloads), fill them out and send them via courier as soon as possible.

Information about scholarships are available on the website (also on the "appdownload" page). Also, you will receive a list of institutions offering fellowships together with you application package. Please note, however, that resources are quite limited and the selection process very competitive. Hence, we advise applicants to look for additional contacts themselves.

I look forward to receiving your application. Best wishes and good luck!

Tommaso Wiechmann Admissions Office The Johns Hopkins University SAIS Bologna Center

I heard on the radio a couple of days ago they are predicting gas to be \$3.00/gal this summer!!! This just might work!

PLEASE NOTE:

I read in the paper yesterday that EXXON posted profits of 12 MILLION dollars this past Quarter!!!!. They STOLE that money from us poor suckers just as if they had held us up at gunpoint and ROBBED us!!!! Then I get this email -- it makes sense to me: This makes more sense than the "don't buy gas on a certain day" routine that was going around. Gasoline Prices! Whomever started this has a good point. By now you're probably thinking gasoline priced at about \$1.49 is cheap. Me too! As it is now \$1.58 for regular unleaded. Now that the oil companies and the OPEC nations have conditioned us to think that the cost of a gallon of gas is CHEAP at less than \$1.50, we need to try an aggressive response. With the price of gasoline going up more each day, we consumers need to take action.

The only way we are going to see the price of gas come down is if we don't buy it. But, that's not really a practical option since we all have come to rely on our cars.

But we CAN have an impact on gas prices if we all act together.

HERE'S THE IDEA: For the rest of this year, don't purchase gasoline from the two biggest companies (which now are one), EXXON and MOBIL. If they are not selling, they should be inclined to reduce their prices-and if they reduce their prices the other companies will too. But to have an impact, we need to reach literally millions of users. But it's do-able! I am sending this note to 30 people. If each of you send it to at least 10 more ...and those 10 send it to at least 10 more, and so on by the time the message reaches the sixth iteration we will have reached over one million consumers. Acting together we can make a difference. If this makes sense to you, please pass this message on, or one you compose, to at least 10 more E-mail addresses.

PLEASE HOLD OUT UNTIL THEY LOWER THEIR PRICES TO \$1.28 -\$1.29 AND KEEP THEM DOWN. THIS CAN REALLY WORK. Katherine Doyle WASHTENAW COUNTY ROAD COMMISSIONS Department 555 North Zeeb Ann Arbor, MI 48106 734.327.6679

TAGG Error Message

Sender	kate.symes@enron.com
Recipients	['cecilia.cheung@enron.com']
File	symes-k/all_documents/1542.

I'm sending a copy of the error message I received when I tried to enter our futures deals today. The application saved one deal, but would not accept the other two. The only difference between the three deals is the delivery month. Is there any way we can get this fixed soon? The clearing broker has had a record of these deals since Jan. 31, and the trader is getting a little antsy to have them recorded in our system. Thanks so much for your help....

ORA-20500: Unable to translate deal QQ0938.0 into ERMS system. ORA-06512: at "BIG.SP_XINSTR_INS", line 173
ORA-06512: at "BIG.TRG_XINSTR_AI", line 22 ORA-04088: error during execution of trigger 'BIG.TRG_XINSTR_AI'

No changes made to database.

Good luck! Kate

Joanie! I have been soooo busy lately and I'm starting to feel like I sold my soul to the Enron devil. In fact, I have no time to be writing this e-mail right now, but I've been meaning to drop a line and catch up with you. I also just ran into Brigdet (from the class below us at SMA) at lunch - apparently she's married to some baseball player. Crazy! So right away I had to contact my ever-realistic "single" friend to bring me some sanity. I'm actually dating a guy right now, but it still gives me the chills to hear about anyone near my age walking down the toilet...I mean aisle. Anyway, call me, or I'll call you tonight - let's dish! I hope everything's great with you - I expect nothing less. I have lots of interesting stories to tell about how and why I've come to the decision that I'm sending my roommates to rehab.

Love, Kate 503-464-7486 (work) 503-288-6546 (home) 503-819-2181 (cell)

EPMI-Avista Futures Contract

Sender	kate.symes@enron.com
Recipients	[chris.stokley@enron.com]
File	symes-k/_sent_mail/67.

After a little more digging, I've found that the deal NYMEX was referring to is the same one we dealt with a month ago. I spoke with Tracy Green, one of our contacts at Avista, and she had been dealing with the same issue all day. Apparently, when Avista first incorrectly reported that we hadn't made a payment, it set off a domino effect of doubts that seems to still be falling. So NYMEX called EDF Mann, our futures clearing broker, today to assure that payment would be made today.

Tracy had been speaking with her broker at ABN-AMRO; I had been speaking with ours at Mann; and NYMEX had been communicating through both of these entities to us. I've left a message with John Croddock at NYMEX to discuss this directly with him. His number, if you'd like it for your own purposes, is (212) 299-2146.

Other contacts are Tracy Green, Avista, at (509) 495-8535, and Gary (?), ABN, at (212) 859-1212.

As far as Avista, ABN, ED&F Mann, and EPMI are considered, the March Palo Verde futures contract has been paid, and paid on time. I'd like to speak with John at NYMEX to tie up any possible loose ends on this. Please let me know if you have any questions or suggestions.

Thanks for your help, Kate

Global Strategic Sourcing Signs Agreement with United Parcel

Sender	enron.announcements@enron.com
Recipients	['all.states@enron.com']
File	symes-k/discussion_threads/2011.

Enron Global Strategic Sourcing (GSS) has entered into an agreement to utilize United Parcel Service (UPS) as Enron's preferred carrier for package delivery. Through the new agreement, GSS has been able to leverage existing package delivery spend from all Enron business units worldwide in order to achieve more aggressive pricing discounts. Effective immediately, all Enron business units will be able to realize savings by utilizing the new agreement.

In the next couple weeks, GSS will be distributing more detailed information regarding additional shipping options, training schedules and package tracking capabilities available from your desktop. In the meantime, employees and/or locations who currently utilize Package and Ship Requests may continue to do so. Please provide all required information, including RC Company Number and identify UPS as the requested carrier. Other office locations should continue using their existing procedures, utilizing UPS whenever possible, to obtain the discounted pricing.

If you have questions or comments about the new agreement, please contact Randy Lagrimini, GSS contract manager at 713-646-7366 or Verna Molandes, UPS preferred customer associate at 281-847-6769 or 1-800-432-2877.

File	symes-k/discussion_threads/2514.

Good morning -

Just wanted to let you know that I've been running the stage version of the Forward Obligation report using production data, and I seem to be getting all the same numbers as I do with the production version of the report. I will continue to compare the two today when I run these reports, just to make sure. But in the meantime, all looks well. Thanks for your help.

Kate Symes Trading Support 503-464-7486

From: Kroum Kroumov/ENRON@enronXgate on 03/19/2001 11:32 AM CST To: Kate Symes/PDX/ECT@ECT cc: Cara Semperger/PDX/ECT@ECT

Subject: RE: Forward Ob test run

Thanks Kate,

We were looking for somebody like you. You can run it with any settings, as you run it every day. Make sure you see version 3.0.0.30.

I think however it is better if you can run the report against production data because the test data are not good enough. I think David Poston created a shortcut on Cara's and Valarie's computers, you can talk to him to do it for you as well.

The command from the command prompt should be: C:\Enpower\stage > FwdObl user_id user_password pwrprdn_ded (ask the IT people if this doesn't mean anything to you, I can phone David as well you want me to)

Thanks, Kroum 713-853-9980

-----Original Message-----

From: Symes, Kate Sent: Monday, March 19, 2001 11:11 AM To: Kroumov, Kroum Cc: Semperger, Cara Subject: Forward Ob test run

I'd be more than happy to run a test of the new forward obligation report in order for you to move it to production. I do use the application everyday when determining the West desk positions in relation to each other, so it's a report I'm familiar with and also one that may affect me if it's changed. Please let me know if you'd like me to run the report and under what terms.

Thanks, Kate Symes Trading Support 503-464-7486

Anna, I would be happy to have my name as the contact for Kinkos, and I'm excited about benefiting from reduced pricing and better quality than provided by Sir Speedy. I'm also very impressed by your initiative in contacting George Weber and making these arrangements for the Enron office. It is very much appreciated!

Anna Mehrer 11/01/2000 03:31 PM To: Debra Davidson/PDX/ECT@ECT cc: Subject: Re: Pricing Agreement Reach

Hi Debra,

Would you agree to having your name as the contact person for this arrangement? I certainly wouldn't mind if I were, but I thought it might be more appropriate if you were. Also, if this goes through we could consider Kinko's for production jobs instead of Sir Speedy.

Let me know what you decide about our contact name.

Thanks, Anna ----- Forwarded by Anna Mehrer/PDX/ECT on 11/01/2000 03:33 PM -----

George Weber@ENRON 11/01/2000 03:01 PM To: Anna Mehrer/PDX/ECT@ECT cc:

Subject: Re: Pricing Agreement Reach

Anna, We have certain metropolitan areas set up with Kinko's that get reduced pricing through the Enron agreement with Kinko's. I do not see Portland in the listing that was compiled when the agreement was signed last year. Portland may have been added later - I will check it out.

We can add Portland if it is not on the list. All I need is your address and contact person with telephone number.

George Weber 3AC1115b (713) 345-6198

Anna Mehrer@ECT 10/31/2000 02:25 PM

To: george.weber@enron.com cc: Subject: Pricing Agreement Reach

Dear George Weber,

I retrieved your e-mail address from the gss.enron.com Web site. I am interested in learning more about Enron's pricing agreement with Kinko's. Does this agreement apply to offices outside of Houston (we-Enron North America-are located in Portland)? I'm aware of the arrangement with BT Office Products, which we currently benefit from. Also, are there any other pricing agreements we would be able to utilize from our office here?

Please reply via e-mail, or feel free to call me at 503.464.7698.

Thank you,

Anna Mehrer Administrative Assistant II 503.464.7698

You are receiving this because you are a subscriber to the Power Marketing= =20 Association's Daily Power Report
SPECIAL!!!

The Power Marketing Association's Annual Spring Conference: CRISIS AND OPPORTUNITY: POWER MARKETS 2001
CONFERENCE AND EXPOSITION LAS VEGAS =14 ? MARCH 14-16 2000

California made it through the summer, only to face blackouts in the fall.= =20 Natural gas, the fuel of the future, is at
all-time high price levels.=20 Internet stocks have taken a dive.

Yet in crisis is vast opportunity. California needs new power supplies. If= =20 the grid can't supply it, distributed generation
will. Gas prices may or ma= y=20 not come down-- but this country is the Saudi Arabia of coal, and most powe= r=20 is
still generated by coal. Is it on the cusp of dramatic growth? Internet= =20 stocks are down, but commerce on the web, in
the power industry alone, is= =20 already over one billion dollars each day and growing fast. Some retail=20 markets have
been slow off the mark, but Texas promises to be the best and= =20 biggest retail market yet.

Those who hold the solutions to the problems of today's market will garner= =20 the bulk of tomorrows profits. That is the
focus of the Power Marketing=20 Associations Seventh Annual Spring Meeting: CRISIS AND OPPORTUNITY: POWER=
=20 MARKETS 2001.

If your firm has solutions to today's problems, this is the place for you.= =20 Can you help with

-Billing problems -Bad Debt -Commodity acquisition -Web integration -Information and analytical needs -telecom
convergence opportunities?

If so, we need you there!

Reach some of the TENS OF THOUSANDS who read the Power Marketing Association Daily Power Report with a booth
at the POWER MARKETS EXPO 2001

Last year's Las Vegas Meeting was a blowout, so we've moved to larger=20 quarters-- the brand new Aladdin Resort
Hotel-- the newest hotel in Vegas.= =20 It's going to be fantastic!

To get the new year off right, we're making a special offer to our readers.
