Dear Clients, In order to better serve your HR needs, Frank and I are splitting up Sally's EOPS world into two groups. Each group will have a primary contact as defined below. Frank and I will continue to back each other up in order to make HR services available to you as your needs arise. If either of us is not available, you may contact the other for immediate response.

Frank deJesus will have primary responsibility for the employees in the following groups: Bob M. Hall Jeff Gossett Stacey White Sheri Thomas

I will be responsible for the employees in the following groups: Leslie Reeves Shona Wilson Beth Apollo James Scribner Mary Solmonson EnronCredit.Com

Toni Graham will remain as a Staffing Specialist with a focus on Accounting and Risk Management candidates. Molly Magee will focus on all other disciplines. Rhonna Palmer will continue to staff non-exempt (hourly) employees.

Norma Yeverino joins our group as a newly promoted Jr. Specialist. Norma will be involved in some Generalist duties and will provide comprehensive reporting capabilities to Sally Beck and her direct reports.

HR Associate, Sunjay Arya will rotate through our group for the next six months, and will focus on special projects. He was recently involved with the Compensation Team.

Janet de la Paz will continue to provide comprehensive administrative support for all of us with the same goodwill and professionalism that has helped us in the past.

Frank & I look forward to working with Ryan Seleznov, Sr. Director of HR, effective 2/26/01.

We look forward to serving your HR needs in 2001.

Please forward this to the rest of the employees in your group.

Here's how you can contact us:

Below are the calendars for February and March.

Other News Letter Items:

Spring Festival This has been moved back to the Mom's Group to organize and do it. Any volunteers will be greatly appreciated, contact Karen Roush. Please respond quickly, as the date of the Spring Festival is March 30th!!

Garage Sale The garage sale date has yet to be determined, but will hopefully be decided on this week. If anyone knows the date of the Winchester Trails' Garage Sale this year, please let me know, that's when we want to schedule ours.

Cookbook Sale We still have quite a few cookbooks to sell. If each Mom would take 3-5 cookbooks and ask neighbors/friends/etc we could sell them quickly. Please help out - call or email Rania Combs 281-807-3944 or raniacombs@houston.rr.com

If I have dates/times/etc incorrect below, please let me know. I plan on sending this in to the newsletter next week.

Thanks! Michelle

Stacey,

Wondering if you could provide a little help. The career services assistance packet we picked up on our way out listed an email address to send our resumes. The email was listed as follows:

career services@enron.com

It doesn't work. For one thing email addresses do not have spaces between words, it is usually a . or _ but not a blank space, the email program will not accept a blank space.

I tried emailing to careerservices@enron.com career.services@enron.com career_services@enron.com

Every one of them got returned. Is the email address not functional yet or am I am missing something? Could you forward this email to the appropriate person? In the mean time I will try the fax numbers provided.

Thanks

Also thank you for forwarding those voicemails. Having been in Houston for less than 6 months and reentering the working world after being a full-time student for 2 years, my contact base in Houston is very limited. At least I will be able to call a few people in the morning.

Thank you

I had forwarded your message to HR and had not heard anything. However, I just went to yahoo and was reading an article that says the website is careerservices@enron.com but that it is not currently in operation.

Good luck, Stacey

Stacey and Peggy, could you help me in obtaining Tim's signature on the attached authorized trader list. We need to get specific information on those individuals that are authorized to trade with brokers. We have received some recent requests for the updated list from brokers. Can you look over the list and let me know if there are any changes and if you can identify those individuals as well as the brokers (by firm name) that they are authorized to trade with? Any assistance you can provide is greatly appreciated. Please call me with any questions at ext. 31939. Thanks. Donna Lowry

Enclosed for your review and approval (with necessary modifications) is the most recent authorized trader list. RAC Compliance will forward all future requests for this information to you on a quarterly basis. If any changes occur to this list during the interim period, please follow the requirements in the Risk Management Policy and forward a new list to my attention at EB 2407.

Additionally, we will be compiling appropriate trader list for brokers by product. Please indicate either on the attached list or provide a separate list indicating those individuals authorized to trade with a broker along with the firm name.

If you have any questions regarding this process or the attached, please contact me at extension 3-1939.

Frank, for the first submission of the authorized trader list from me and my group, we would greatly appreciate it if you would take the attached list to Mr. Lavorato for his signature. Attached is the Cross Commodity and East Power groups. Do we need to have him sign any others? We are sending Tim Belden the list for West Power. Please advise. The message below is one that we will in the normal course of this process send to the heads to sign. Any suggestions or improvements? Donna

This is funny....

FROM A LADY ONLINE..... I don't know who David is, but his response is hilarious!!!

Ya know.....some people look for things like this...and it amazes me. At first I rolled my eyes....then I read Dave's response and I couldn't have said it better if I had all day to do it.

~~~~~

Original Letter:

The date of the attack: 9/11 - 9 + 1 + 1 = 11 September 11th is the 254th day of the year: 2 + 5 + 4 = 11 After September 11th there are 111 days left to the end of the year. 119 is the area code to Iraq/Iran. 1 + 1 + 9 = 11 Twin Towers - standing side by side, looks like the number 11 The first plane to hit the towers was Flight 11

I Have More.....

State of New York - The 11th State added to the Union New York City - 11 Letters Afghanistan - 11 Letters The Pentagon - 11 Letters Ramzi Yousef - 11 Letters (convicted of orchestrating the attack at the WTC in 1993) Flight 11 - 92 on board - 9 + 2 = 11 Flight 77 - 65 on board - 6 + 5 = 11

Dave's response:

Oh my God! How worried should I be? There are 11 letters in the name "David Pawson!" I'm going into hiding NOW. See you in a few weeks.

Wait a sec ... just realized "YOU CAN'T HIDE" also has 11 letters! What am I gonna do? Help me!!! The terrorists are after me! ME! I can't believe it!

Oh crap, there must be someplace on the planet Earth I could hide! But no ... "PLANET EARTH" has 11 letters, too!

Maybe Nostradamus can help me. But dare I trust him? There are 11 letters in "NOSTRADAMUS."

I know, the Red Cross can help. No they can't... 11 letters in "THE RED CROSS ," can't trust them.

I would rely on self defense, but "SELF DEFENSE" has 11 letters in it, too! Can someone help?

Anyone? If so, send me email. No, don't... "SEND ME EMAIL" has 11 letters....

Will this never end? I'm going insane! "GOING INSANE???" Eleven letters!!

Nooooooooooooo!!!!!! I guess I'll die alone, even though "I'LL DIE ALONE" has 11 letters.....

Oh my God, I just realized that America is doomed! Our Independence Day is July 4th ... 7/4 ... 7+4=11!

~Dave

PS. "IT'S BULLSHIT" has 11 letters also.

There will be an all hands gas and power meeting tomorrow, Wednesday, the 9th at 1:00 pm in ECS 05990. The intent of the meeting is to pull together all the respective disciplines that will be involved in organizing and liquidating the gas and power books in ENA. We have had a number of new additions to the team, and I believe it important to update everyone on the progress made since bankruptcy, and lay out a game plan to advance the ball over the coming months.

The call-in number for the meeting is 1-800-711-8000, code 6796.

Please let me know if you all will not be able to attend.

Thanks

We need to meet on Wednesday, the 2nd, at 2:00 pm (in the big conference on the sixth floor in ECS) to go back through the East Power contracts that we will continue to serve either through the pools or under bilateral deals. Given the drill we went through today in preparing for the January schedules in PJM and NEPOOL, it became apparent we need to get all the team members on the same page and make sure we have a good system for notifying all relevant parties of terminations, changes, etc.

Bill/Ed - Can you please run the most recent DPR for non-terminated East Power contracts.

Casey and Stacey - will you please update the spreadsheet that you ran for Kevin last week.

Let's make sure we all agree on contracts that have been terminated. As most of you probably have seen, a number of terminations have been received in the past several days (see below).

United Illuminating - effective January 1, 2002 HQ Energy Services - effective January 1, 2002 First Energy Solutions - effective January 2, 2002 Old Dominion - effective January 10, 2002 - we should schedule in PJM through the 10th of January (do we have any other positions with Old Dominion). Ameren Energy GPU Energy - effective January 21, 2002 - we should schedule in PJM through the 21st of January (they may push back, but we should remind them that they will be subject to LDs).

Thanks,

PostID 15930 is for Alberta ENA terminations and 15933 is for Alberta ECC terminations. Please note that I have changed the calculation currency of the Alberta ENA calc from C\$ to US\$ so that Stacey can run termination reports easier. Can you please make sure that you are bringing the numbers in as US\$ into Credit.

Stacey, I tested the Adhoc and the portcalc MTM reports to make sure the conversion was happening correctly and it is. The only odd thing I noticed is that in portcalc in the lower left part of the screen where it shows the MTM, the MTM is in C\$; not US\$, despite the calc being in US\$.

Hi Stacey:

We were able to pull out the P&L vs Counter Party for the four Post IDs, and the total matched the \$986,414,195 you gave, it seems that there are more counterparties than what you included in the spreadsheet. Please see the attached spreadsheet for details.

Could you let us know how the number in your spreadsheet was generated? Was it from DPR or some other spreadsheet? Maybe we can take a look at the query to see if something is missed.

Thanks,

- Zhiyun

After talking to Tom I have a new plan of attack for Schedule E's. He informed me that the top-levels were typically put in at one region level per roll. I had Zhiyun re-run the killed deals calc (post id 15667). Everyone should go back into the rolls and put the top-levels into their correct regions also adjusting the Schedule E's. This is why the differences are so large in certain areas and the only way we can start to pinpoint the problem is to find the problem spots.

I have also identified where the \$4.6 MM difference for OPPD arose from. Deal # 11678.04 has not been transferred into the East Bank book. In addition, there are no volumes in this deals; however, if you look back to the official 11/30/2001 calc there are volumes for this deal. It gets more bizarre than that because there were two deals that should have been transferred for OPPD (11678.4, and 564826.1). Deal 564826.1 was transferred but the valuations are approximately \$4MM different. I have printed detail for deals 11678.4 and 564826.1 (they are in Casey's chair) as of the 11/30/2001 official calc. I have also printed deal 564826.1 in the 11/30/2001 bankruptcy calc. I noticed that I cannot see any swap detail reports for the bankruptcy calc. Please re-calc and generate these reports as they will probably be important as we dig into details.

Other than Andrea who has to perform some IT testing, no one should be working (or playing) on anything other than trying to get these Schedule E's and top-levels figured out. The task is actually very important as there will be many decisions made off of these numbers.

Thanks, Stacey

Thank you so much for this query. At this time, I am not sure what happened to the numbers in our spreadsheet. The data was pulled from AdHoc by calculating East, West, Eastbank, & Westbank. However, the total we retrieved from AdHoc did not match the total Portcalc value. I do not want you to spend time trying to figure out what happened to our spreadsheet because it could have been anything from using the wrong code to calc the books to simple user error. There are too many variables that are unknown.

The good thing is, it works now.

Thanks, Stacey

WHAT TO DO IF YOU LOSE YOUR PURSE OR WALLET We've all heard horror stories about fraud that's committed in your name, address, SS#, credit, etc. Unfortunately I (the author of this piece who happens to be an attorney) have first-hand knowledge, because my wallet was stolen last month and within a week the thieves ordered an expensive monthly cell phone package, applied for a VISA credit card, had a credit line approved to buy a Gateway computer, received a PIN number from DMV to change my driving record information online, and more. But here's some critical information to limit the damage in case this happens to you or someone you know. As everyone always advises, cancel your credit cards immediately, but the key is having the toll free numbers and your card numbers handy so you know whom to call. Keep those where you can find them easily. File a police report immediately in the jurisdiction where it was stolen, this proves to credit providers you were diligent, and is a first step toward an investigation (if there ever is one). But here's what is perhaps most important: (I never ever thought to do this.) Call the three national credit reporting organizations immediately to place a fraud alert on your name and SS#. I had never heard of doing that until advised by a bank that called to tell me and application for credit was made over the Internet in my name. The alert means any company that checks your credit knows your information was stolen and they have to contact you by phone to authorize new credit. By the time I was advised to do this, almost 2 weeks after the theft, all the damage had been done. There are records of all the credit checks initiated by the thieves' purchases, none of which I knew about before placing the alert. Since then, no additional damage has been done, and the thieves threw my wallet away this weekend (someone turned it in). It seems to have stopped them in their tracks. The numbers are: Equifax: 1-800-525-6285 Experian (formerly TRW): 1-888-397-3742 Trans Union: 1-800-680-7289 Social Security Administration (fraud line): 1-800-269-0271 We pass along jokes; we pass along just about everything. Do think about passing this information along. It could really help someone.

17:22 GMT 4 December 2000 \*DJ Cal-ISO Declares Stage One Emergency; 10,000 MW Off Line (MORE) Dow Jones Newswires 12-04-00 1222EST \*DJ Cal-ISO: 2 Lines Down Tripped 400 MW Generator Off Grid (MORE) Dow Jones Newswires 12-04-00 1226EST Forecast Demand May Surpass Record LOS ANGELES (Dow Jones)-- A 230-kilovolt and a 115-kilovolt line went down near Bakersfield, Calif., Monday morning and tripped a 400-megawatt generator off line, causing a stage one power emergency, a spokeswoman for the California Independent System Operator said. The identity of the generator, which went off line about 7 AM PST (1500 GMT), wasn't immediately available. One of the two power lines that went down is now back up, but a spokeswoman couldn't identify which line it was. A total of 10,000 MW is off line Monday, with 7,000 MW off the grid for planned maintenance and 3,000 MW off for unplanned maintenance, spokeswoman Stephanie McCorkle said. McCorkle said Monday's forecast peak was 34,257 MW, near the record winter peak of 34,432 MW reached Dec. 13, 1999. McCorkle also said there is a good chance Monday's forecast peak could change and surpass the record winter peak. Electricity forward prices in the Mid-Columbia River hub were higher Monday than they were last summer, when demand outstripped supply. January was trading Monday at \$475/MWh, and balance-of-December was trading at \$525/MWh. Third-quarter trades were at \$250/MWh. A market participant said the ISO had a call out to buy 3,000 MW of power from outside of California, which is usually done only in emergency situations. But the ISO didn't comment on that. The stage one emergency, which means operating reserves in the state are below 7%, was expected to remain in effect until 10 PM PST (0600 GMT). McCorkle said she didn't anticipate the state would go to a stage two emergency, when voluntary power curtailments may be instituted for customers who agree to cut power for reduced rates.

Hi Stacey and Jeff:

We were advised by Shona, Susan, and Chris that we should get the netco book codes from you. If you can help us on this, please refer to the attached book request.

Thanks for your help,

Fran

Shona and Chris:

From Susan's voice mail I learned she is out of office today. Would you please help us get the book codes we need for west netco TAGG books (\* please see attachment for book request)? IT is requesting the codes so they can set the books up.

Thanks and please call me if you have any questions.

Susan:

Would you please provide Cecilia the codes for the netco TAGG books? Thank you.

<< File: new BOOK REQUEST TAGG.xls >>

Cecilia: I have filled in the commodity/UOM/Curr in the form; sorry we missed that. Also, yes NYMEX should be all our TAGG books.

Please let me know if you have any questions.

Thanks,

Fran Chang 503.464.7973

Fran,

For the new Tagg book request, please provide the book codes (you can check with Susan Trevino) and the commodity/UOM/Curr (NG/MMBTU/USD?). Also please confirm whether the same region code (NYMEX) should be used for all books or not.

Thanks, Cecilia

Cecilia:

I believe John has sent out the associated book requests for west desk on 1/10 or 1/11. Are west netco books also set up and ready to go as well?

For your convenient reference, I am attaching the west book requests again. << File: New Book Request EnPower.xls >>

Please let me know if I can provide anything else.

Thanks, Fran Chang 503.464.7973
