Subject: The Public Energy Authority of Kentucky 2001 Long-term Gas Supply Acquisition Proposal

Dear Mr. DeMoes:

The Public Energy Authority of Kentucky ("PEAK") is a non-profit Joint Action Agency created under the statutes of the Commonwealth of Kentucky to provide natural gas supply and associated services to municipal gas systems. PEAK is requesting proposals from natural gas suppliers for the purpose of meeting its natural gas supply obligation to existing and new Members. Using the proceeds of its Series 2001 A Taxable Bonds, PEAK will make a one-time advance payment to the Supplier, for a supply of natural gas for delivery at Texas Gas Transmission Zone SL and Tennessee Gas Pipeline Zone 1 for specific daily quantities totaling between 34,000 and 53,000 MMBtu over a ten-year period (approximately 160Bcf).

Please find the attached detailed information regarding the proposed transaction to assist with your evaluation. Specifically, the enclosures include the following:

1. Term Sheet and Request for Proposal
2. Natural Gas Purchase and Sale Agreement ("GPA") between PEAK and the Supplier
3. Summary of Daily/Monthly Volumes
4. Spreadsheets indicating the Prepay Calculation

PEAK requests a written response via regular mail, courier service or electronic response by close of business Friday, February 23, 2001. Responses should be submitted to:

Hi Debra; Attached are documents for your review regarding Aquila's request of Enron to amend our current Gas contract to replace/assign the UtiliCorp responsibilities to Aquila, Inc. I have sent along for your review, the supporting documentation from both Moody's and S&P regarding the Aquila credit rating, the Secretary of State filing/order showing Aquila's name change, our underlying contract and a proposed amendment for your review/execution.

It appears that this amendment is necessary because there has been a delay in the execution of a new contract which would have removed UtiliCorp as a party.

Because of the Aquila spin off, we are under a significant time constraint to remove UCU from all Aquila contracts.

If you have any questions regarding this, please do not hesitate to contact me.

I got a call from Jason Williams on this file. As it turns out, in his review of the annual report of Welch he noted that it stated that Welch is a cooperative. The original draft of the ISDA was not drafted with this knowledge as there was no indication from any source that Welch was a cooperative. This fact needs to be confirmed, and if Welch is a cooperative, you will need to research the issue. I attach for you a letter of issues sent to outside counsel last year when we were investigating another proposed cooperative counterparty. Hope this will help.

Dudes-

Just wanted to get a few details out to you about the weekend of debauchery coming up.

The address of the house is 2730 Swan Court, Surfside Beach, TX 77541

Directions:

* Drive South on TX-288 (approx 40 miles). * Merge onto 332 East (you don't exit the road basically becomes 332E/288). * Drive through Lake Jackson about 7ish miles. * Take the Angleton/Surfside Exit (it is an overpass, you need to be on it!). * You will drive approx. and 10 miles on 332E. * Turn left on Bluewater Highway (at the bottom of a bridge, if you miss the turn you will end up in the ocean). * Turn Right onto Swan Ct. (approx. 3-5 miles down the road)

My cell phone is 281-787-2144, I will keep it on when I get there.

Some of us are going on Friday, I also have commitments for Sat. arrivals. But Sat. will be the official deal, feel free to head down whenever you would like.

Things you will need to bring:

* Fully functional liver * donation towards the fee for the house (total of \$625) would be extremely appreciated, everyone could throw in some cash (checks also accepted with 2 forms of ID) * Sheets/sleeping bag & pillow * whatever you want to eat, there is a smoker, feel free to bring steak/chicken/fajitas * lawn chairs, fold up chairs * bug spray * drinking water * (Jason/Jeff/me) are loading up on beer, but if everybody at least brings a 12 pack it will ensure plenty to go around * SPF 7000 for Sheedy * a giant umbrella to provide shade for MccUtcheons huge hands * if hatcher were coming we would need one xtra floaty for his nut (Aaron, Graeme, these will be explained later)

I am going to bring a ton of wood to burn, horse shoes, dominoes. But bring whatever beach-worthy things you can think of (i.e.. footballs, frisbee's, sailboats (Dan!!!))

I am taking Fri. off, so I am heading down midday'ish. head down there when you can.

ps- if you are bringing a dog, make sure to bring a crate or tie of some sort, I would like to keep dog's in the house to a minimum, they will have a deposit (easy Kriendler, if you have to sleep with your dog, I won't argue, but I would like to keep the inside dog traffic to somewhat of need only basis). They will be keeping \$\$\$ deposit and if the place is completely trashed they will probably charge me.

that's all I can think for now, please forward to anyone I may have omitted.

Jeff/Jason - please forward to Dan (I don't have his new email)

see you at the beach!!

To: Lisa Valderrama/HOU/ECT@ECT cc: Jason Williams/HOU/ECT@ECT Subject: Revised Invoice Schedules

Lisa - here are the deal I was telling you about.

Jay - I tried pulling the confirms up on both of these deals this morning in DCAF, and I get a message saying there was no confirm. The notes to both deals state that you are working on the confirm. Have these deals been confirmed yet? Also, if

they have, can you get me a copy? If they could be faxed to 713-646-8420 it would be great.

In addition, on a regular basis, Lisa Valderrama and Pam Boxx need to be copied on any Emails like this. That way if one of us is out of the office, the others will be able to make sure the invoice/payments take place on time.

If you have any questions, please let me know. Thanks.

We need to send them an invoice IMMEDIATELY for the first 15 days of April.

Dear Mr. Williams:

The credit report you ordered from CreditCheck is now ready for you to view and download. Simply come back to the CreditCheck web site Members' Area (<https://www.consumerinfo.com/excite/ua.asp>), enter your membership and passcode numbers, and view/download your report.

Please keep in mind that the Online Delivery feature we offer is compatible with the following web browsers:

-- Netscape Navigator 3.01 or higher (visit <http://www.netscape.com/download/index.html> to upgrade) -- Internet Explorer 3.02 or higher, on a machine running Windows 95 or higher (visit <http://www.microsoft.com/ie> to upgrade) -- AOL 3.0 for Windows 95, using Microsoft Internet Explorer 3.02 or higher (visit <http://www.aol.com> to upgrade)

If you are using Netscape Navigator 3.0 or Internet Explorer 3.0 or higher, your browser must accept the cookie our server sends before it will allow you to view your report. The cookie contains your membership and passcode number information and acts as a special pass, allowing you to access specific areas of our web site--in this case your credit report. (Your browser will automatically accept the cookie unless you specifically tell it not to.)

If you are using AOL, you can confirm whether you have AOL 3.0 for Windows 95 by clicking on the "Help" link at the very top of the page, then clicking on "About America Online." You should then see a box that has the AOL logo and the message, "America Online 3.0 for Windows 95." This version of AOL automatically comes with Microsoft Internet Explorer 3.02 or higher.

You will be able to view or download your credit report for 3 weeks after the date at the top of the report. After that, your report will be deleted. Remember to print or save your report before exiting it, so that you can refer to it later.

If you have any questions, please call our CreditCheck Customer Service Center toll-free at 1 (888) 888-8553.

In the spirit of Christmas, God bless you every one, but grades are not changed after the fact.

I thought of you guys when I saw the announcement of Oldsmobile's demise. Before you break your arm patting yourself on the back, let me remind you that the assignment was to think about the basis for attitudes and how one might changes attitudes, and, by giving up and shutting down Oldsmobile, you were basically taking a whiff on the assignment. In fact, the more I think about it, the more I'm tempted to see if your grades can be reduced.

Anyway, it's good to hear from you. I hope that things are going well for all of you.

Ed Blair

Jason.R.Williams@enron.com wrote:

Dr. Blair, You probably do not remember us, but oh, we remember you. It was you who taught us the ways of Marketing in the Jesse H. Jones Graduate School of Management in the fall of 1996. It was you who challenged us with a particular project. It was you who openly and categorically disagreed with our recommendation (giving each of us a less than satisfactory grade of "B"). It was you who thought the brand name Oldsmobile could and should be saved with Marketing hocus pocus and wizardry. It was we three who recommended that General Motors discontinue the Oldsmobile line, moving the one or two "best sellers" in the ridiculous line of cars to Buick or Chevrolet. As we recall: Oldsmobile had blown its image with the failing "This is not your father's Oldsmobile" campaign. Oldsmobile could not afford to retool its line. Oldsmobile was not competitive from a safety standpoint. Oldsmobile was not competitive from a luxury standpoint. Oldsmobile was not competitive from an affordability standpoint. Oldsmobile was not competitive from a dependability standpoint. Oldsmobile was not competitive from a sex appeal standpoint. Let's face it, Ed: Oldsmobile simply was not competitive on any front, and as we argued (and as our classmates supported), there was no hope. In 1996, Oldsmobile had suffered a 90% downturn in car sales over the course of a decade and its cars did not appeal to any facet of the population. They were expensive, poorly engineered, unattractive, and basically had been at the bottom of their respective performance/satisfaction ratings across the board. Attached are some articles for your review. Themes constant across these articles are those that we expounded four years ago. Two questions remain: 1) How much money has Oldsmobile vomitted over the last four years? 2) Can grades be changed four years after the fact? Effective Friday the 13th of April, I will no longer be employed by Larry R. Cook & Associates, PC.

I know, I know, the end of an era, you thought you felt the earth slowly grinding to a halt, etc. etc. I just had to realize I was just a legend in my own mind.

I'm moving to the big leagues - I'll be the 35ish employee at MGL Consulting www.mglconsulting.com - the firm provides comprehensive registration and compliance services to broker/dealers, investment advisors and insurance companies. I'm coming on board to manage the growth of the company through financial forecasting, modeling and planning as well as being billable in a role of support for our associate securities attorneys in litigated matters involving securities - both for and against brokers.

MGL is around the corner from Hewitt Associates in The Woodlands - so the Suz and I will probably carpool (or walk) to work!

Although it has been a difficult decision to sever my career from Larry, the opportunity at hand versus the current utility was too great. We will remain the best of friends, and as such, will have ready access to one another as this transition

occurs.

For those of you fortunate enough to be clients....I will no longer be able to serve you in a manner consistent with what you should expect as I will not be immersed in the day to day operations of the retail financial world and the information that comes with that. However, for those of you not aware, Larry has always reviewed and been aware of all our accounts. Therefore, you can expect him to continue to monitor and advise you on your portfolio and planning for years to come. You do have options: 1) do nothing and everything continues as is 2) move your account to another broker 3) change your account to no broker or to another broker of record. With any of these options we'll be more than happy to accommodate. Larry is available if you'd like to meet and/or visit with him at any time. Larry and I will continue to work together on clients that I'm involved with for as long as necessary (i.e. if you still want to place trades through me or contact me to resolve a move or initiate a rollover, etc., that's more than great!)

Most of my contact information remains the same:

PS Since I rarely send out a mass email, I'll take the opportunity to shamelessly advance the Suz and I's other activities - we've opened an art gallery in Old Town Spring, come by and visit us - www.creeksidecollection.com

Effective Friday the 13th of April, I will no longer be employed by Larry R. Cook & Associates, PC.

I know, I know, the end of an era, you thought you felt the earth slowly grinding to a halt, etc. etc. I just had to realize I was just a legend in my own mind.

I'm moving to the big leagues - I'll be the 35ish employee at MGL Consultin= g www.mglconsulting.com - the firm provides comprehensive registration and compliance services to broker/dealers, investment advisors and insurance companies. I'm coming on board to manage the growth of the company through financial forecasting, modeling and planning as well as being billable in a role of support for our associate securities attorneys in litigated matters involving securities - both for and against brokers.

MGL is around the corner from Hewitt Associates in The Woodlands - so the Suz and I will probably carpool (or walk) to work!

Although it has been a difficult decision to sever my career from Larry, the opportunity at hand versus the current utility was too great. We will remain the best of friends, and as such, will have ready access to one another as this transition occurs.

For those of you fortunate enough to be clients....I will no longer be able to serve you in a manner consistent with what you should expect as I will not be immersed in the day to day operations of the retail financial world and the information that comes with that. However, for those of you not aware, Larry has always reviewed and been aware of all our accounts= . Therefore, you can expect him to continue to monitor and advise you on your portfolio and planning for years to come. You do have options: 1) do nothing and everything continues as is 2) move your account to another broker 3) change your account to no broker or to another broker of record. With any of these options we'll be more than happy to accommodate. Larry is available if you'd like to meet and/or visit with him at any time. Larry and I will continue to work together on clients that I'm involved with for as long as necessary (i.e. if you still want to place trades through me or contact me to resolve a move or initiate a rollover, etc., that's more than great!)

Most of my contact information remains the same:
