7th Annual Party

Sender	monique.sanchez@enron.com
Recipients	['rparry@bcm.tmc.edu', 'phillip.allen@enron.com', 'jmenconi@adv-eng-ser-inc.com', 'keith.holst@enron.com', 'mi...]
File	wolfe-j/all_documents/32.

It's time again for the annual party that I host with John and a few good friends. Some of you have attended in the past.....it is best described as a college keg party...no frills...just cold beer, loud music, darts and lots of people. It has included everything from salsa dancing, moon pies, to individuals driving their vehicle through the yard to get out of their parking spot. The police have never been called to quiet things down, but don't let that discourage you from coming. If you can't attend...like I always say...there will be another next year. Please forward this on to anyone you think would be interested....this party is by all means not an invitation only gig. Here are the details:

Saturday, January 27th, 7th Annual IDHAFR Party 6422 Wister Ln. 77008 (About 5 min from Memorial park, just across I10) Directions Below: (Call Mo:713-516-0651 or John: 832-724-7102 if you have trouble finding it)

Come anytime after 6PM (Excluding "Special" invitees!!!) Party often lasts till after 3am and peaks between 9:30-11. There should be 2 or more kegs depending on how many people we expect...we floated the 2nd last year at around 10pm. Bring anyone and everyone you want.....the more the merrier. The later you come the farther you'll have to park I recommend avoiding driveways and fire hydrants and be kind to the neighbors.

Directions: (Call Mo:713-516-0651 or John: 832-724-7102 if you have trouble finding it) *>>From US Hwy 290 exit Loop 610 East *>>From North I-45 or North US Hwy 59 exit Loop 610 West

From North Loop 610 exit Ella Blvd (Exit 14), it's between the T.C.Jester and Shepherd/Durham exits Turn South on Ella and go 1.35 miles to Grovewood (just past Elementary school on left) Turn left (East) on Grovewood and go 0.01 miles to Clovis Turn right (South) on Clovis (this is your First right) and go 0.15 miles to Wister Turn left (East) on Wister (this is your second left) and go 0.05 miles to IDHAFR 3rd house on left; 6422 Wister

*>>If you are South of I-10, get to I-10 however you want

From I-10, inside Loop 610, exit T.C.Jester (Exit 765A)???? it's the second exit from the West Loop and is between the Washington/Westcott and Shepherd/Durham exits

Turn North on T.C.Jester and go 0.85 miles to the light at 11th Street Turn left (West) on 11th at the light and go 0.55 miles to Shirkmere Turn right (North) on Shirkmere and go 0.15 miles to the Stop sign at Wister Turn left (West) on Wister and go 0.2 miles to IDHAFR on right; 6422 Wister

Word of the Day for Thursday November 8, 2001:

hebetude \HEB-uh-tood-; -tyood\, noun: Mental dullness or sluggishness.

While too many Americans slouch toward a terminal funk of hebetude and sloth, Bendians race ahead with toned muscles, wide eyes and brains perpetually wired on adrenaline. --"Wild rides in the heart of central Oregon: Bent out of shape in Bend," [1]Washington Times, August 11, 2001

Earlier on, when we merely democratized fame, we defended the right of any mouth-breather to rise from deserved obscurity on the strength of his God-given hebetude. --Florence King, "The misanthrope's corner," [2]National Review, May 18, 1998

From that solitude, full of despair and terror, he was torn out brutally, with kicks and blows, passive, sunk in hebetude. --Joseph Conrad, [3]Nostromo

Hebetude derives ultimately from Latin hebes, "blunt, dull, mentally dull, sluggish, stupid." The adjective form is hebetudinous \heb-uh-TOOD-n-us; -TYOOD-\.

ahhhh hume. let's get metaphysical.

yeah things are going well, if a little dull. i talked to ellwanger last night, it sounds like he is a little bored, and frustrated with having nothing to do.

kami and i are doing good, we celebrate two years together this weekend. we seem to be spending all of our time going to weddings, and my first college friend had a baby last night. it is all so grown up. i even bought saran wrap for the first time.

how's your lady friend? anything going on? do you eat lunch? do you play basketball?

i have mounted a plastic spoon catapult on my desk.

File	wolfe-j/08_saved/26.

August 3, 2001

Jason:

Connie Kirby passed along your inquiry about fruit processors natural gas load to me.

You should contact Ed Yates, Sr. VP, California League of Food Processors in Sacramento 916-444-9260 e-mail ed@clfp.com He has prepared a report on energy use and issues affecting the California fruit canning and drying industry.

Unfortunately, we do not have region-wide gas (or electricity) usage figures for the Northwest fruit industry, or any other part of the region's food processing industry.

Thus far, NWFPFA has focused its energy attention on legislative and other political advocacy activities as well as information dissemination.. Also, the Association sponsored a manufacturing energy conservation satellite teleconference on June 13 part of which dealt with natural gas conservation in company boilers.

If you come across some good food industry figures for natural gas (electricity) use for Idaho, Oregon, or Washington, please let us know. That would be good information for the Association's Energy Task Force, chaired by J.R. Simplot Vice President Rick Fisch.

Dave Klick, CAE Executive Vice President Northwest Food Processors Assn. 6950 SW Hampton, Suite 340 Portland, OR 97223 New Direct Dial 503-495-1310 FAX 503/639-7007 www.nwfpa.org

"Wolfe, Jason" <Jason.Wolfe@ENRON.com> 08/01/01 01:20PM >>>

Connie Kirby:

I am not certain if you are the go-to person on this topic, but I am trying to get an idea of industrial gas load in the canning, drying and processing industry in the NW and northern California, especially during the peak processing season (currently ongoing). If you have even general ideas on this, such as start and end times, and how the processing is broken down, that would be great. Or if you know of a good contact in your organization. I am looking for a broad overview.

I appreciate your help.

Thanks,

Jason Wolfe Analyst Enron North America, Gas Trading 713-853-0568

-----Original Message-----

From: Pyke, Sabrina Sent: Thursday, September 13, 2001 7:47 AM To: AWC - ALL Subject: We'll go forward from this moment..... This was published Wednesday in the Miami Herald by Leonard Pitts and I think it is worth passing along.

It's my job to have something to say. They pay me to provide words that help make sense of that which troubles the American soul. But in this moment of airless shock when hot tears sting disbelieving eyes, the only thing I can find to say, the only words that seem to fit, must be addressed to the unknown author of this suffering. You monster. You beast. You unspeakable bastard. What lesson did you hope to teach us by your coward's attack on our WorldTradeCenter, our Pentagon, us? What was it you hoped we would learn? Whatever it was, please know that you failed. Did you want us to respect your cause? You just damned your cause. Did you want to make us fear? You just steeled our resolve. Did you want to tear us apart? You just brought us together. Let me tell you about my people. We are a vast and quarrelsome family, a family rent by racial, social, political and class division, but a family nonetheless. We're frivolous, yes, capable of expending tremendous emotional energy on pop cultural minutiae -- a singer's revealing dress, a ball team's misfortune, a cartoon mouse. We're wealthy, too, spoiled by the ready availability of trinkets and material goods, and maybe because of that, we walk through life with a certain sense of blithe entitlement. We are fundamentally decent, though -- peace-loving and compassionate. We struggle to know the right thing and to do it. And we are, the overwhelming majority of us, people of faith, believers in a just and loving God. Some people -- you, perhaps -- think that any or all of this makes us weak. You're mistaken. We are not weak. Indeed, we are strong in ways that cannot be measured by arsenals. IN PAIN Yes, we're in pain now. We are in mourning and we are in shock. We're still grappling with the unreality of the awful thing you did, still working to make ourselves understand that this isn't a special effect from some Hollywood blockbuster, isn't the plot development from a Tom Clancy novel. Both in terms of the awful scope of their ambition and the probable final death toll, your attacks are likely to go down as the worst acts of terrorism in the history of the United States and, probably, the history of the world. You've bloodied us as we have never been bloodied before. But there's a gulf of difference between making us bloody and making us fall. This is the lesson Japan was taught to its bitter sorrow the last time anyone hit us this hard, the last time anyone brought us such abrupt and monumental pain. When roused, we are righteous in our outrage, terrible in our force. When provoked by this level of barbarism, we will bear any suffering, pay any cost, go to any length, in the pursuit of justice. I tell you this without fear of contradiction. I know my people, as you, I think, do not. What I know reassures me. It also causes me to tremble with dread of the future. In the days to come, there will be recrimination and accusation, fingers pointing to determine whose failure allowed this to happen and what can be done to prevent it from happening again. There will be heightened security, misguided talk of revoking basic freedoms. We'll go forward from this moment sobered, chastened, sad. But determined, too. Unimaginably determined. THE STEEL IN US You see, the steel in us is not always readily apparent. That aspect of our character is seldom understood by people who don't know us well. On this day, the family's bickering is put on hold. As Americans we will weep, as Americans we will mourn, and as Americans, we will rise in defense of all that we cherish. So I ask again: What was it you hoped to teach us? It occurs to me that maybe you just wanted us to know the depths of your hatred. If that's the case, consider the message received. And take this message in exchange: You don't know my people. You don't know what we're capable of. You don't know what you just started. But you're about to learn. Dear Jason Wolfe,

Thank you for your interest in the 2002 Ford Thunderbird Premium found on a Ford Motor Company Website. To ensure you receive our most competitive price, I am checking your request against our available inventory.

I will contact you shortly to confirm the specifications, availability and price of this vehicle, and to make sure it is exactly what you want. If appropriate, we may review other items necessary for an efficient buying experience, including any trade-in, financing and insurance. I would also be happy to meet with you at your convenience to answer any questions, as well as provide the keys for a test drive. We are totally committed to customer satisfaction.

In the meantime, please do not hesitate to contact me. I can be reached either by replying to this e-mail or by phone at 713 960-9800.

Thanks for your interest. I look forward to speaking with you soon!

OK, now we are getting down to the details... For those that want to bowl: Where: Pearland Bowling Center (about 4 miles East from Bob's house) When: Sat. August 4th Time: Noon Price per game (per person) - \$2 Price for pair of shoes - \$1 After bowling, we will head over to Bob's house for barbeque. Here are the details for the barbeque: Where: Bob Volpe's house (about 25 minutes South from the Enform/TrueQuote office) 3108 Sagewood Court Pearland, TX 77584 (281) 412-2319 When: Sat. August 4th Time: 4 pm What to bring: We will need a head count and then be asking people to bring items like side dishes, napkins, paper plates, cups, condiments, chips and dip, etc. Bob will be providing the hotdogs, hamburgers and beverages, so we will need to do our share! Dress code: It is Houston...it is the summer...please dress comfortable!! Feel free to bring spouses, friends, family, significant others, etc. Just remember to include them in your head count. So...what I need from you is your total headcount including yourself by next Tuesday, July 31st. Please let me know which specific activity/activities you will be able to make, so Bob knows how much food to buy and I can reserve enough lanes for bowling. Thanks! I am looking forward to seeing all of you!! -Amy

06/21/01 09:56 AM

Hello Fellows. Just a quick note to my H-Town homeboys as it were. Any of you float away in the floods? Putnam, I heard you had some damage, sorry to

hear about that. If any of you have brilliant ideas for a new and exciting career for me to pursue, I'm all ears. This unemployment thing is getting a

bit old. Jay, if you have any advice on how to make the most of these days,

speak up. I like to learn from the masters. I'm going to a place called Peter Luger's tonight for Susie's birthday. It's considered by some to be the best steak you can buy in America. We'll see how it stacks up to P.J.'s. Take it easy boys.

Pre-Party??

Sender	dawn.kenne@enron.com
Recipients	['jason.wolfe@enron.com', 'darron.giron@enron.com', 'kristi.giron@cfisd.net']
File	wolfe-j/discussion_threads/7.

Here are the directions to our house. Let me know if you need directions from different areas of town. Let's say 6:30 at our house and then we will head over to Enron Field at 8:00-8:30.

Directions to our house in the Heights! 713-426-4566; 1001 W. Cottage 77009

If you are coming I-10 E (including 290 and Galleria area) Exit Studewood/Montrose. Take a left at the light. Continue down about a mile or so and turn right at the 2nd light @ 11th street. Go to the next light and turn left (Michaux Street). Turn left at the second street West Cottage and we are the first house on the right. (on the corner of Michaux and West Cottage)

If you are coming I-45 N (from Clear Lake area) 45N and exit Main Street (you will drive past downtown and it will be one of your first exits). Once you exit, turn left at the light and go over the freeway. There will be a McDonald's and a KFC on your left. Turn left on the street between them (Pecore Street) Turn right at the second light...about a mile. (Michaux Street) Turn left at second left (W. Cottage) We are the first house on your right. (Corner of Michaux and W. Cottage)

Hope everyone can make it! No need to bring anything unless you want something other than beer.

Subject: Pre-Party??

Gary and I are going to have a "get together" before the Holiday Party on Saturday, December 9th. Please let me know if you want to stop by our place before we head out to Enron Field. We live really only a few miles away from downtown, so this could be a good pit stop for all of you that live out in the "burbs"! (No names mentioned).

Anyway, let me know if you are able to come by and I will give you directions to our place. Hope all of you can make it!

Thanks, Dawn 3-9353

-----Original Message-----

From: Wolfe, Jason Sent: Wednesday, July 11, 2001 3:31 PM To: Lattupally, Krishna Subject: proposed sitara report

Krishna,

I am looking to create a new report based on an existing sitara report that generates a deal list by pub code to estimate various indexes during bid week. This was first made for Anne Bike, West Desk risk group.

The purpose of this new report is to generate a list of Desk-To-Desk deals for a given period and desk and generate a WACOG. The parameters for this new query include:

From and To Dates Gas location (including All) Desk (including All)

It should return to and from dates, volume, price, location, sitara number, tagg number, eol number (if any), and desk It should generate subtotal volumes and WACOG for each desk, and each pipe location in each desk

Desks include: ENA - IM WSOCAL, ENA - IM WSJ, ENA - IM WKEYSTONE, ENA - IM WPGE, ENA - IM WROCKIES

If possible, the data should export into excel.

Thanks, Jason Wolfe Trading Analyst, West Desk 30568

The game was nail-bitingly close, but Chinese 12 year old hookah's strategy of ChoKoNu mayhem was the deciding factor. At one point, Beth and I soaked the earth with the blood of wave after wave of paladin assault (and rear-action monk cowards), but it was Alan's resource control that won out. But for the most part, I would characterize the game as a draw. Bring on the firstperson shooters until Star Wars. Jason

File	wolfe-j/06_saved/64.

Thanks for your continued participation in NomLogic's beta program. A few things. . .

Sempra Set-up All of the Sempra users are set-up and prepared to use NomLogic! Molly and Keith Couch (NomLogic IT) traveled to Connecticut today and spent time gathering feedback from the Sempra users and IT personnel. Their set-up issues are resolved, and we hope to continue to get good feedback. If you currently have active deals with Sempra, go for it!

NomLogic-SITARA Interface The NomLogic-SITARA interface is in production! In other words, meter changes made in NomLogic interface automatically to SITARA.

Beta Customer Feedback We do not want you to be burdened with customer feedback, and some of you may have been with Sempra set-up issues. If a customer is experiencing NomLogic problems, please direct them to the NomLogic team . Even though the users have our contact information, they may hesitate to call us. Please encourage them to do so or offer to transfer them directly to us. Of course, if you can answer their question, please feel free to do so. CommodityLogic Call Center 1-888-334-4204 Molly Sumrow 713-853-4249 Carrie Slagle 713-853-9810

More Beta Customers Many of you do not have active deals with Sempra. We are in the process of training additional beta customers. Once the users are ready to go, we will let you know!

Thanks again, Carrie

Cougars@Enron - Committees, Football Tickets, All Alumni Meeting

Sender	tracey.kozadinos@enron.com
Recipients	[]
File	wolfe-j/07_saved/85.

GO COOGS!!!

As we approach the middle of summer, Cougars@Enron is gearing up for the fall season. Below is information on FAQ's, Committees, Football Tickets and All Alumni Meeting.

FAQ's If I attended UH Clear Lake, can I participate in Cougars@Enron? YES!! Cougars@Enron includes alumni from all the UH campuses: Clear Lake, Downtown, Victoria and the future Sugarland campus.

Are there still Board of Director seats available? YES!! However, we only have a few remaining. Please contact me at 713-853-3446 for details.

Committees Every UH alumni is invited to participate in or chair our various committees. We want each of you to have the opportunity to be involved in your alumni organization. If you are interested in being a part of one or more of these committees, please call me a 713-853-3446. Below is info on the types of committees and those that still need chairs:

Golf (need Chair) - This is our most important committee as it brings great revenue for scholarships and to our group. Our next Golf Tournament will be held March 25, 2002. Even though it is 9 months away, this committee works year round to find sponsors, golfers, and golf teams as well as arranging awards, golf goodies, etc. This is a GREAT networking opportunity and LOTS of fun.

Fundraising - This group will create creative and innovative ideas to help raise funds for Cougars@Enron. This will allow us to provide more receptions, bigger tailgate parties and goodies to all alumni.

Tailgate Parties - Jeff McClellan, past President, is still Chair for this committee. This group will assist in finding sponsors for food and beverage, help set up the area (tent is done for us) and think of creative ideas to increase attendance.

Happy Hours (need Chair) - Think of places to hold happy hours, schedule with those establishments, negotiate food and beverage discounts and bring in guest speakers.

Brown Bags (need Chair) - Schedule guest speakers and room for Brown Bags. Topics can include UH Education, UH Sports or Enron information.

Social Committee (need Chair) - This group will schedule and plan the Christmas Party and any other large social events. This includes budgeting and working with catering services for the events.

Football Tickets There is still an opportunity to purchase Season Tickets for the 2002 UH Football Season!! Jeff McClellan is continuing to handle season ticket purchases. You can contact Jeff at "jmccl1@entergy.com" or myself for information and applications. Here is the schedule:

Sept 1 - Rice 7:00pm Sept 22 - UT 7:00pm Sept 29 - TCU 7:00pm Oct 13 - Memphis 7:00pm Oct 20 - Cincinn 7:00pm Nov 17 - UAB 7:00pm

Undoubtedly, the UT and Rice games will be the most popular. UH and Mattress Mac from Gallery Furniture will be holding several events including a Ferrari giveaway, chili cook-off with over 250 teams at the UT game and a free concert. Season Ticket prices for all 6 games start at \$150!!! Contact Jeff for more info.

All Alumni Meeting Mark your calendars! We have scheduled our All Alumni Meeting to be held on Thursday, August 23rd. You will meet the new officers and board members, get information on upcoming events and have the opportunity to ask questions. Since we feel that this is such an important event, we are offering two sessions to give you the chance to attend. The first session will be held from 11:30 - 1:00 in EB5C2. The next session will be that evening (Location and time TBA).

GO COOGS!
