File	ybarbo-p/sent_items/113.

-----Original Message-----

From: Brown, Elizabeth Sent: Thursday, November 08, 2001 9:31 AM To: Y'Barbo, Paul Subject: RE: PG&E contracts 25841 & 26511

Paul,

I reviewed the data in the CBS system as well as the contract folders in order to respond to your questions. Here are my findings: Information regarding delivery point volumes provided by TK are correct. The requests for realignment on both contracts were effective 4/1/01 through the remaining term of the contracts. There is a copy of the executed amendments in the respective contract folders and/or in Envision (K 25841 - amendment #66, K 26511 - amendment #34) K 25841 has no language prohibiting PG&E ET-GC to realign during the term of the agreement K 26511 does have language in a discount letter agreement dated 5/27/99 stating "Shipper shall have a one time option during the term of the discount agreement while retaining the discounted rate to change primary delivery point capacity to PG&E Topock, subject to the availability of capacity at such point."

If you have any questions, please let me know. I'll give you a call with this information as well.

Thanks, Elizabeth

From: Y'Barbo, Paul Sent: Tuesday, November 06, 2001 5:38 PM To: Brown, Elizabeth Subject: PG&E contracts 25841 & 26511

Elizabeth,

The original delivery points for these contracts were:

25841 40,000/d to Topock

26511 21,000/d to Needles

TK tells me that now the delivery points are:

25841 29,000/d to Topock 11,000/d to Needles

26511 11,000/d to Topock 10,000/d to Needles

Can you tell me if this is correct? If yes, will these delivery points and volumes be in effect until the end of the contract? Can they be changed again? Do we have paperwork documenting the change?

Craig Buehler told me that Dennis Lee x-3-7115 could be of assistance. Could you speak with him?

I will be out for the rest of the week. Please call me at 713 825-8046 when you figure this out.

Many Thanks,

Paul

Follow-up / Free trade zone

Sender	miguel.maltes@enron.com
Recipients	[greg.curran@enron.com', "paul.y'barbo@enron.com"]
File	ybarbo-p/procaribe/17.

On Friday, May 18th, 2001 Mr. Johnny Fern?ndez, Esq. Executive Director of Codezol (Foreign Trade Zone #163 at Ponce) invited us to a meeting. Also present was Mr. Edmundo Rodr?guez, President and CEO of Nestor Reyes, Inc. which is the biggest customs broker in Puerto Rico and are also very much involved in developing sub zones for the foreign trade zones. Mr. Fern?ndez highly recommends the use of the office of Nestor Reyes, Inc. because of their experience in these matters.

The following law offices have contacted us: * Miller & Company P.C. Attorneys at Law Marshall V. Miller 1825 1 Street N.W, Suite 400 Washington, DC 20006 Phone (202) 429-2017 Fax (202) 659-6848 e-mail: mmiller@millerco.com

According to Mr. Fern?ndez and Mr. Rodr?guez, Mr. Miller is the most experience lawyer in the field of foreign trade zones with 31 years of experience. He has many customers in Puerto Rico, knows Puerto Rico, and is a frequent traveller to the Island. He will send a brochure about his company.

* Phelan & Mitri I Atlantic Street Standford, CT 06901 Phone (203) 967-4140 Fax (203) 325-3056 Mike Mitri, Esq. Bill Phelan, Esq.

These were the lawyers that helped Peerless get their sub zone. According to Mr. Mitri they will charge ProCaribe between \$60,000 to \$65,000 for their services. They will send us information regarding their office.

Mr. Fern?ndez and Mr. Rodr?guez recommends two sub zones one for ProCaribe and another for EcoEl?ctrica instead of one mainly because the different type of businesses. We need a "story" that should be strong enough to convince the U.S. Customs in approving the sub zones. When I mention ProCaribe's re-export capabilities, they both understand that we have a good "story". They recommend Marshall Miller, Esq. to help us with our "story". EcoEl?ctrica needs to put together a "story", and someone from their group should start to get involve in the fact finding like I am doing for ProCaribe.

The following is Nestor Reyes, Inc. address:

* Nestor Reyes, Inc. U.S. Customs Brokers Edmundo Rodr?guez, President and CEO PO Box 9023474 San Juan, PR 00902-6468 e-mail: e.rodriguez@nreyes.com Phone (787) 289-6465 Fax (787) 289-6468

Please let me know your comments and instructions to continue working with the sub zone matter.

Saludos

We need to determine if we are owed any refund on the recent Galleon cargo. Also need to look at other past cargoes, but I believe since they were all ex-ship or equiv. this would not be Enron's. However we may want to alert the seller so they can try to obtain their refund.

FW: Disputed Charge on TW October 2001 Firm Transportation Contract

Sender	laura.giambrone@enron.com
Recipients	['michelle.lokay@enron.com', 'paul.y'barbo@enron.com']
File	ybarbo-p/inbox/583.

Paul/Michelle, I received a phone call and e-mail from Paul Mollo w/PNM. It seems we may have over charged them on their new contract 27606. Can you check into this and let me know if a refund is due PNM. Thank you, Laura -----Original Message----- From: "Mollo, Paul" <PMollo@pnm.com>@ENRON Sent: Friday, November 09, 2001 11:16 AM To: Giambrone, Laura Cc: Merville, Patricia; Thompson, Chuck (GSC); Whittaker, Barbara Subject: Disputed Charge on TW October 2001 Firm Transportation Contract # 27606

LG, As I informed you yesterday PNM believes that the \$0.08 per dth Firm Transportation charge on contract #27606 includes all commodity charges. Paragraph 2 reads as follows: "2. The discounted rate ("Discounted Rate") for the FTS-1 Agreement is as follows:

\$.0800/MMBTu/day - Total Charge *

* The combined discounted commodity and reservation rate for the term of this Amendment shall be \$.0800/MMBTu (Total Charge) multiplied by the total contract quantity. The Total Charge shall include all applicable surcharges, provided that the transportation rates set forth above shall in no event be greater than the maximum or lower than the minimum rates provided in Transwestern's FERC Gas Tariff, as amended from time to time. Transwestern shall allocate the combined rate between the reservation and commodity components inclusive of surcharges." Therefore, PNM should not have been charged \$3,945.47, on invoice #216544 for commodity charges for October 2001 on contract #27606. Please refund this overcharge to PNM. Thank you for your cooperation in this matter. If you have any questions please call me at (505) 241-2651. PDM

Friendly reminder - Houston American Heart Walk

Sender	tushar.dhruv@enron.com
Recipients	[gloria.alvarez@enron.com', 'billie.akhave@enron.com', 'dennis.alters@enron.com']
File	ybarbo-p/inbox/392.

This is a friendly reminder for your support for the American Heart Walk on Nov 3. I thank you all.

Several of you have pledged your support. Please submit to me your tax deductible contribution by 22 October, Monday so I can turn our team's collection in before the deadline of 30 October, Tuesday. In order to obtain Enron's matching gift in behalf of your donation, I also would like your GIS number (900...) since the matching gift program now has gone paperless. My inter-office address is Mail stop ECS 03-455.

Subject: Houston American Heart Walk

Friends:

I have volunteered to be a Team Leader for this year's Houston American Heart Walk on Nov 3. I sincerely appreciate your support.

The heart walk is a national event held in communities throughout America to raise funds for American Heart Association's fight against heart disease and stroke while increasing awareness of heart-healthy lifestyle. In Houston, for every dollar raised, \$2.50 is returned for heart disease and stroke research.

The venue is Sam Houston Park and walk will be along Allen Parkway, which will be closed to regular traffic.

There are three ways you can support by: 1. Participating in the walk on Nov 3, 2. Raising funds for American Heart Association from your family and friends, 3. Making your own pledge and contribution.

Each walker is expected to obtain pledges from his/her circle of supporters. Enron will match dollar for dollar and employees can submit match request online at www.easymatch.com/enron. You will need your GIS ID (the 900... number NOT your P#). It is paperless.

I have pledge forms for you to use to sign up your family and friends. It doesn't matter whether it's \$5, \$50, \$100 or more, anything will be greatly appreciated. Please respond to me so I can provide you with your pledge form. Please note that the deadline to return all pledge forms with collected funds to me is 15 October.

Thanks in advance for your support and encouragement. I look forward to walking with you on Nov 3.

Paul,

WOW!!! You do have some news. Congratulations! That's amazing how after all these years you marry a Port Neches girl... Well, I certainly approve of your choice. Renee was always such a nice and pretty girl and I'm sure that hasn't changed. Please tell her how happy I am for the two of you. Doesn't she have one son? The last time we spoke you two were beginning to date and I believe you mentioned her son. How long ago was that? Too long...

Well, guess I'll update you on our family. Chad is 13 yrs. old (boy, does that make me feel old!!!) and is very into sports. He's a great kid most of the time but very strong willed. The combination of strong will and the puberty stage could drive you crazy if you let it...Tom is still practicing international tax law and stays very busy. He'd like to teach law school one day but that will probably have to wait until Chad finishes college. I am staying at home this year but went back to teaching part-time (high school level) over the last couple of years. Decided to take some real estate classes this year and work on my tennis game. I also volunteer two days a week at his school. We are living in Highland Park which is in Dallas but are moving to a suburb of Dallas called Southlake soon since our house has sold. We'd like a bigger lot and Southlake is beautiful, located between Dallas & Fort Worth which is nice. I'll get you my new phone # in a few weeks. My family is all fine and the only detail I'll bore you with is that my brother, Cory, just married for the third time. Third time's the charm, right??? We all hope so. Well, let me know more about your life when you have a change to write back. How are your parents and siblings? What type of work are you doing? Where do you live in Houston? Tell Renee hello and let me here from you...

The following cost of sale calculations shows the estimated margins for May, June and July based on our actual customers. The way this vessel was purchased gave ProCaribe an extra one cent in our margin.

Saludos

From: Mariella Mahan/ENRON@enronXgate on 05/24/2001 09:20 AM CDT To: Paul YBarbo/ENRON@enronXgate cc: Miguel Maltes/ENRON_DEVELOPMENT@ENRON_DEVELOPMENT, Greg Curran/CA/Enron@Enron, Federico Haeussler/ENRON_DEVELOPMENT@ENRON_DEVELOPMENT

Subject: RE: LPG Cargo - Pricing Update

Thanks so much and GREAT WORK! Miguel, can you translate the pricing below (given the decreasing tendency of MtB) into terminal margins per gallon? How does this compare to our normally expected margin of 5 cents or so? You can do this for sales for which prices are known; if you wish, estimate the rest. Thanks

-----Original Message-----

From: Y'Barbo, Paul Sent: Tuesday, May 22, 2001 5:19 PM To: Mahan, Mariella Cc: Maltes, Miguel; Curran, Greg; Haeussler, Federico Subject: FW: LPG Cargo - Pricing Update

Mariella,

Below is the pricing for ProCaribe's LPG purchase. There are four price tranches. The two fixed price tranches of 2600MT and 1768 MT represent volumes sold and yet-to-be-sold during the time frame April 16th to May 31st. Note that ProCaribe's revenue stream for the portion of LPG sold during the second half of April (~1400 MT) was based on Mont Belvieu of \$0.543/gallon. Month-to-date Mont Belvieu for May is \$0.5145/gallon. ProCaribe's revenue for volumes sold in May (~2900 MT) will be based on the average Mont Belvieu price for the entire month.

Pricing of this cargo has worked out such that ProCaribe will make approximately 1-cent per gallon more margin than it would had they purchased LPG at a 7-cent per gallon premium to average Mont Belvieu for the month in which the sales occurred.

Paul

-----Original Message-----

From: Y'Barbo, Paul Sent: Tuesday, May 22, 2001 12:24 PM To: Clapp, Suzanne; Maltes, Miguel Cc: Curran, Greg; Haeussler, Federico; Chavarria, Javier Subject: LPG Cargo - Pricing Update

Miguel,

Please note the following prices for Mont Belvieu Non-TET Propane:

5/16 \$0.51188 5/17 \$0.50563 = Bill of Lading Date 5/18 \$0.51625 5/21 \$0.51875

Avg. for 3 days around bill of lading 5/16,17,18 = \$0.51125

Avg. for 5/17,18,21 = \$0.51354

Pricing (\$/gallon) for the 10,068 MT cargo from PDVSA will be as follows:

2,600 MT @ \$0.58396 = \$0.58625 + (\$0.51125 - \$0.51354)

1,768 MT @ \$0.58125 = \$0.51125 + \$0.07

2,800 MT @ Average June Non-TET Mont Belvieu plus 6.25 cents per gallon *

2,900 MT @ Average July Non-TET Mont Belvieu plus 6.00 cents per gallon *

Basis: 521 gallons per MT

* A provisional price of \$0.58125 per gallon will be used for initial payment for these volumes. Adjustments will be made once final prices for June and July are known.

If you have any questions, please call me.

Best Regards,

Paul

ProCaribe - Hedge of August Cargo

Sender	paul.y'barbo@enron.com
Recipients	['b..clapp@enron.com', 'lee.jackson@enron.com', 'miguel.maltes@enron.com', 'elio.tortolero@enron.com']
File	ybarbo-p/procaribe/45.

Suzanne,

I have entered into 2 swap transactions with Lee Jackson to alter the pricing formula for ProCaribe's latest LPG cargo. The swaps will be entered into your LPG book.

The swaps are as follows:

On 8/31/01 you "sold" 1,510,900 gallons (2900MT) of September MB NON TET Propane at a price of \$0.41250 per gallon.

On 8/29/01 you "sold" 1,146,200 gallons (2200MT) of October MB NON TET Propane at a price of \$0.41875 per gallon.

For the sake of clarity:

"Sold" means that you will pay Lee the average of the month MB NON TET propane price for the months of September and October ("floating price") for the volumes specified above. In turn, Lee will pay you the fixed prices stated above for the volumes above.

As a result of these swaps, the price ProCaribe pays you for the recent cargo will be as follows:

2,900 MT (1,510,900 gallons) @ Average September Non-TET Mont Belvieu plus 7.063 cents per gallon ($\$0.41250 + \$0.07063 = \$0.48313$)

2,200 MT (1,146,200 gallons) @ Average October Non-TET Mont Belvieu plus 6.438 cents per gallon ($\$0.41875 + \$0.06438 = \$0.48313$)

Remainder of Cargo (approx. 3400 MT) @ Average Mont Belvieu for 3 days around bill of lading plus 7 cents per gallon ($\$0.41313 + \$0.07 = \$0.48313$)

Note that NET OF THE SWAPS, you will receive a fixed price of \$0.48313 per gallon with which you will pay PDVSA.

Note: Bill of Lading date was August 27, 2001

Basis: 521 Gallons/MT

Please confirm your agreement.

Paul

Suzanne,

I agree. Thanks for the time you spent on the structure.

Paul -----Original Message----- From: Clapp, Suzanne Sent: Monday, May 21, 2001 4:33 PM To: Y'Barbo, Paul Subject: Re: PDVSA May LPG Cargo - Price Revision Proposal

Paul, we are done as per your proposal below. We will invoice the full volume in four parcels, as follows:

2,600 MT @ 58.625 cents + (Average Mont Belvieu for 3 days around bill of lading minus Average Mont Belvieu for May 17, 18, 21)

2,800 MT @ 58.125 cents (This will be a provisional invoice and will be adjusted to reflect Average June Non-TET Mont Belvieu plus 6.25 cents per gallon)

2,900 MT @ 58.125 cents (This will be a provisional invoice and will adjusted to reflect Average July Non-TET Mont Belvieu plus 6.00 cents per gallon)

1,768 MT @ 58.125 cents (Average Mont Belvieu for 3 days around bill of lading plus 7 cents per gallon (\$0.51125 + \$0.07 = \$0.58125))

Please confirm your agreement to the above by return.

Best regards, Suzanne Clapp

From: Paul YBarbo/ENRON@enronXgate on 05/21/2001 04:03 PM To: Suzanne B Clapp/HOU/ECT@ECT, Miguel Maltes/ENRON_DEVELOPMENT@ENRON_DEVELOPMENT cc: Greg Curran/CA/Enron@Enron Subject: PDVSA May LPG Cargo - Price Revision Proposal

Suzanne,

Based on price quotes that I received today from Lee Jackson, please advise if you can modify the pricing of the latest cargo as follows:

Current: 2,600 MT (1,354,600 gallons) @ 58.625 cents + (Average Mont Belvieu for 3 days around bill of lading minus Average Mont Belvieu for May 17, 18, 21)

Remainder of Cargo @ Average Mont Belvieu for 3 days around bill of lading plus 7 cents per gallon (\$0.51125 + \$0.07 = \$0.58125)

Proposed: 2,600 MT (1,354,600 gallons) @ 58.625 cents + (Average Mont Belvieu for 3 days around bill of lading minus Average Mont Belvieu for May 17, 18, 21)

2,800 MT (1,458,800 gallons) @ Average June Non-TET Mont Belvieu plus 6.25 cents per gallon

2,900 MT (1,510,900 gallons) @ Average July Non-TET Mont Belvieu plus 6.00 cents per gallon

Remainder of Cargo @ Average Mont Belvieu for 3 days around bill of lading plus 7 cents per gallon (\$0.51125 + \$0.07 = \$0.58125)

Note: Bill of Lading date was May 17, 2001

Basis: 521 Gallons/MT

Thanks,

Paul

Paul,

The invoices for this lifting were issued with provisional pricing on November 1 and I was assured that payment would be made on the due date of today basis those invoice. It has been evident for a while now that the prices for forward months would be going down, but this is the first day I'm hearing that ProCaribe wants revised invoices.

It doesn't need to be said that cash forecasting is very important to Enron at this time and based on previous conversations, I had confirmed to the forecasting group that they would receive the funds today.

The revised invoices will be issued tomorrow. I need confirmation that the payment of the balance due will be made tomorrow, without fail. Per my calculations, balance due would be \$1,406,580.96 taking into account the \$1,000,00.00 payment that was made today.

Please confirm.

Best regards, Suzanne -----Original Message----- From: Y'barbo, Paul Sent: Monday, November 26, 2001 2:32 PM To: Clapp, Suzanne B. Cc: Maltes, Miguel Subject: LPG Cargo - Oct 2001 - ProCaribe

Suzanne,

Final pricing for the subject cargo is dependent on Nov-Jan LPG prices. A provisional amount is due today. Please base the provisional amount on a Nov MB price of 35-cents, Dec and Jan MB prices of 32.5-cents. These prices reflect the current market.

Thanks,

Paul

FW: PNM Invoices for Contract #24194

Sender	paul.y'barbo@enron.com
Recipients	['laura.giambrone@enron.com']
File	ybarbo-p/sent_items/64.

FYI

-----Original Message-----

From: Brown, Elizabeth Sent: Tuesday, October 23, 2001 2:38 PM To: Y'Barbo, Paul; Lindberg, Lorraine Subject: PNM Invoices for Contract #24194

I tried to send out an email to you from home last week but received an error while sending. So I'll try again (sorry for the delay in my response).

This contract was negotiated at a one-part daily rate of \$0.1100/dth. However, because the shipper's usage each month was significantly lower than the contracted mdq, they were billed less than the contracted rate (using the applicable max tariff rates for demand and usage).

I reviewed the invoices for the time period May 2001 - September 2001 and these are the results regarding necessary adjustments:

May 2001 - ok June 2001 - bill GRI on commodity invoice for delivery points #58710 and #500084 (\$568.87) July 2001 - bill GRI on commodity invoice for delivery point #500084 (\$217.00) August 2001 - bill GRI on commodity invoice for delivery point #500084 (\$217.00) September 2001 - bill GRI on commodity invoice for delivery point #500084 (\$189.00) and delete the Credit for Commodity on reservation invoice (\$251.10)

NOTE: The GRI adjustments do not impact TW's bottom line because the monies collected from PNM for these surcharges are passed through to the Gas Research Institute. The only impact to our revenue is the deletion of the Credit for Commodity.

Please let me know when you are ready to make the rate adjustments and I can walk you through the process. Then we can get with the schedulers to re-generate these invoices.

Thanks, Elizabeth
